Yet you still love me regardless—is a rally like to speak with you— just between us when you're not doing really cool and amazing things.

Hal has never looked better and I just feel such gratitude for the love given to me by your family. Because in the end nothing else matters.

Here for you now and always. You were missed tonight but you missed nothing mainly Hal and me gossiping in the corner.

Lee I just wrote you a long text and listed some really awful truths about who I have learned Hallie to be. Really very fucked up stuff. Truth is I realized that I want crazy when Aunt Val came to me in CA just to tell me this. A week before Beau's wedding Dr. Borin went to Aunt Val and said Val you've avoided talking to me about this for months but you need to hear it. You cannot let Beau marry that girl and Valery I promise you that my reasons are just the top of the iceberg and I can't tell you why I am so completely adamant but you have to stop this wedding. He was so convincing that she actually tried and actually asked Beau not to marry her. I for no reason but my gut had tried the same. She told me once that the night before there wedding that he would love her more than anyone: Anyone except my brother Hallie- don't ever make me choose Hallie because I'm telling you now I choose Hunter. I never knew he said that. I never knew why he wasn't at all interested in his marriage except to just keep the ball moving forward. I know now and why would I ever lie about this she did things to me that I will never not feel but the things I know now she did to Beau I will never forgive. I moved to CA on April 1 and asked that we maintain enough of a relationship that I can always be with Nat and Hunter. Ten days after saying that 13 days clean for me she said I was not allowed to be with the kids without my father and it had to be my father present. She hasn't put more than 10 days together clean in all that time yet she has the world believe I've abandoned my Children and hers. Lee I can't write about the Stuff that is so fucked up. I can't even begin the sentence the male prostitute i n philly... I have not a single person to talk to for fear that she would be ruined and the kids would be devastated.. :

All that matters is:

I love you.
I loved Beau.

I am here for you.

Love yourself.

I loved your brother more than you know.

And I know feel a clear need to help you. Whatever it takes.

Honor Beau by loving yourself. God he loved you so much.

Let's stay in touch if and as you need.

Phillipa Horan for the artist I was talking about. Take a look at her work. we have been collaborating for the past 4 months on a work of art for lack of a better term. Phillipa is a painter and sculptor and lots more. We met here in LA through mutual friends. I had an idea for a book, series of books, a Zine, it was a pretty loose concept with a very focused intent. I wanted to write about the universal truth of our and everything need to be, remain, feel, desire, achieve connection. I wanted to do that through words - written spoken, felt across and through a multiple of mediums. Anyway, I met Philppa at a dinner and we spoke in a group for about 3 hours and then we spoke directly for another 1 and without ever mentioning to the other anything about art directly or writing painting specifically she called me a day later and asked if I would ever consider working together on a project she had been imagining for quite some time and went on to describe what I had dreamt of doing for the last 3 years. Anyway we are finished with the first piece — the paintings that illustrate my words and the way in which we will exhibit that.

I didn't spellcheck that and im dictating so sorry if it makes little sense
