The reason you did not see a lot of Q signs. The Secret Service were taking them.

I agree with this. That and I believe that Soros probably had violence planned and part of it may have been to protect us? Just hypothesis.[Share](#) [Save](#)[↑](#) [lildudemom](#) [Promises made. Promises kept. - Q](#) Score hidden · 3 minutes ago[↓](#) Opinion: I am thinking they need to build MSM to fever pitch. In broadcast it cannot be a one-off story. It has to be cycled several times through in order to stick and stay tippy top of the mind. Just like memorizing from repetition.

In the meantime: Q+ is working behind scenes both the Storm and protecting the country, time is allowed for people to read Q drops and be educated by Qproofs.

He is YUGE and making them lose their minds. The MSM pours all these resources into covering it and BOOM..... nothing..... kinda makes the MSM look like a bunch of fools. I LOVE IT!!!![Share](#) [Save](#)

↓ Yeah they took them. And when the Q supporters asked why they were being taken the Secret Service said in a whisper...

Trust the Plan.

Besides, there were no Q signs at the previous speech. I don't know what those crazy conspiracy people are talking about.

↓ This is still the USA bud, no one can just walk up to you and take something from you ! They would need to say not allowed tonight or similar. No law enforcement can just take things, Warrants, Judgments ect. are required. Well except crooks !

↓ They can deny you entry to a rally with a sign that does not meet certain criteria. They can say - "Leave the sign or don't come in".

↓ Right side news if you want a camera crew that actually gets the crowd. If POTUS is going on a rant he will swing around and get the crowd to catch the reactions. Love it! Not the best video but good enough for counting PATRIOTS!!!!!!

↓ True or not it makes sense. Strategy and tactics P. Trump and the Q team are the masters. I believe there is another rally Saturday, be patience, let's wait and see how this part of the game plays out. There could come a time they are handing out Q shirts, and signs, won't that be fun. I think you have to remember that big homemade Q sign with the Seth Rich message had to get SS approval to be placed where it was placed. So there is a coordinated effort put into play.

Wait for it! Wait for it!! Wait for it!!

↑ **ReadyToBeGreatAgain** **Do you believe in coincidences? - Q** 2 points · 14 minutes ago

↓ It's pretty simple: there were active threats against the president, including a guy who they still haven't found. Signs make it real hard for SS to clearly see what everyone is doing.

Occam's razor.

↓ Doesn't make sense. USSS works with Q. If they were taking them, it was at Q or Potus behest. Someonesuggested that there was a rumor that Antifa would attend tonight in "Q-face." That makes no sense either. I think that it was Q's desire to prevent exposure and perhaps to feign weakness, draw the enemy, MSM, closer.
