Andy, narcissistic, sociopathic troll or mentally ill? theonemirror seesitself
07/18/22 (Mon) 11:45:31 [No.18177](#)

Andy, the narcissistic, sociopathic troll, is worse than the ones who rant about the 'stolen' election.

he rants more about how stupid they are than they rant about the stealing.

I call him a narcissistic, sociopathic troll, but there also seems to be some sort of mental illness going on with him.

He's literally the anti-tRump!

I used his meatball troll once though to good effect.

Do you seiously think that he has some sort of obsessive compulsive dis order?

I have ocd and I recognize the symptoms, although it could be manic depression,

No one rants about stolen elections except Andy. He makes up literally EVERYTHING he says. He says people have said things or done things that are only shit inside his own head. He's more mentally ill than you are, but if you keep up with this "Persona" crap you'll find this thread turned into a PDF, Deleted and posted in your other thread, just like I've been doing to him whenever he tries his shtick on this board. If either you or Johnny thinks I'm interested in juvenile "Persona"-shit you'd be best staying over on [>>>/pnd/](#) — BOTH of you.

I'll be deleting Johnny's diarrhea hate spam here too. Dunno why he wastes his time. He should have learned his lesson by now.

> **inb4 freedom of speech**

Read [>>1](#) CAREFULLY.

I don't give a fuck what anybody thinks of me or the way I run this board anyway, so either lay off the juvenile "Persona" bullshit that DOES NOT BELONG ON THIS BOARD, or I'll treat you the same way I treat Johnny and his MISERABLE Stance.

If you think you're too mentally ill to interact with people and have normal conversations about normal things, WITHOUT ATTACKING PEOPLE'S POSITIONS WHEN YOU KNOW NOTHING OF THEM, or if you want to BELIEVE all Johnny's LIES like some kind of Religious Nut, then Please FUCK OFF Back to /pnd/ and don't bother returning.

I'm only here in the hopes of tricking people into accidentally thinking for themselves on occasion, while I rant and speak my mind. I use many tactics, most of them quite annoying. Your stance seems pretty closed, your opinions seem formed, and you don't make much sense; but that's all ok. It's just that there may not be much we can do for one another here on this board. Your reasons, and Johnny's reasons, for being here, are different than mine, or even Killcen's. You can fulfill your reasons for being here over on /pnd/. I rarely can. There is not much I can do for you here. You don't seem interested in the ACTUAL positions of

people, and you're pretty judgemental, so we're gonna always chafe. We always did. (Your judgements, like Johnny's, Do NOT seem to be based on people's actual Words, but by some Conception you have built up about their "Persona" In Your Mind — JUST LIKE JOHNNY!)

tl;dr I am in too much pain and am too busy to be cleaning up shit around here, so don't shit it up like Johnny or I'll do ya like I do him and just DELETE IT.

In Pain : isn't that how your little problem with needles started a long time ago?

Since you're so enlightened, maharishi.. why are you afraid to admit your problem with needles in the past?

After all, you were able to kick the habit after bouncing back and forth between pretending like you were trying to quit while offering to buy take-home doses directly out of people's mouths at the methadone clinic

It seems like today's youth could learn a lot from a fossils mistakes of yesterday

So why are you still so terrified about people finding out about the syringes?

andsince you claim not to care what people think of you in here, then WHY are you such a coward that you pretend as if "I'm fabricating it"?

Lemme guess :

Not at all.....

What I think is you are just like everybody else, a human being capable of making mistakes...

But you pretend to be "enlightened", and try to pass yourself off as some kind of wise sage.

Meanwhile in real life you throw temper tantrums all the time, you have a hard time controlling your emotions, you rant and argue with Nancy, until she runs across the street to the safety of her mother's house

You Refuse to admit when you're wrong, because you're a fucking coward

You are a hippie who became a Tucker Carlson douchebucket. And now you're worried about your Tucker Carlson image

Your bullshit contrived "patriot" fagshow

Because that's not who and what you really are. You're really an old school hippie who contracted hepatitis C from sharing used syringes with disgusting heroin junkies back in the day when you were a disgusting heroin junkie

Donald Trump and Tucker Carlson probably wouldn't share a syringe with you?

You're the biggest pretender I've seen in here... You are quite literally full of shit in every way... You are a hypocritical duplicitous old full who thinks people perceive you as being mystic and wise because you talk in turd circles

But you're not fooling me, Tucker Carlson jr.. you're a fucking coward, and you definitely absolutely positively 100% made weird comments about an upcoming civil war you planned on participating in, and you said people like me were your enemy, somehow you had determined certain Americans were your enemies, and you plan on doing something about the election being stolen, because you're a pussy.. you're a fucking pussy.. your motorcycle doesn't mean Jack's shit, because you weigh less than my leg

You're not a badass tough biker, and you're not a maharishi swami guru, and you're not a brave Patriot. You're just an old junkie, collecting disability and driving your girlfriend insane every three days, so she runs away and then you manipulate her back across the street to your house, and 3 days later she runs away again because you drive people crazy with your incessant bullshit

Exactly WHAT did that have to do with a giraffe?

My hypomania never manifests in a depressive stage. Never

I don't get depressed...

It takes something very serious to bring me down, and that rarely rarely happens..

VERY rarely.....

I'm simply "always at full throttle"....

I'm always turned up to 100%, and I think fast and I talk fast and I paint fast and I write music fast and I take my sweet time hitting my wife in the asshole because that's one thing I don't want to rush...

Speaking of which I think it was last week, maybe a little over a week now, and I disappeared from the board for a couple days...

58 years old and I can still hammer snatch throat and ass all day long, and I'm still capable of delaying orgasm, just like in the old days...

Some people call it 'tantric' sex

Losers like Jerry.... Cuz he's always spray painting himself with a contrived eastern Indian maharishi bullshit facade

I don't use stupid terminology like 'tantric'

I simply think of spaghetti every time I'm about to blow my load... Somehow the vision of pasta works really well at distracting me from the fact that my wife is letting me rape her all the way down the back of her throat at full force and treat her like a penis punching bag.. I'll be just about to blow my load and suddenly I'll start thinking of spaghetti or angel hair pasta or maybe penne pasta...

Firsta I makea the meataballa

And using this technique I can ream hole out for 24, 36, 48 hours nonstop... Of course I like to stop and roll a doobie here and there and I leave the 'playlist' DJ chore to my wife...

Basically just hardcore underground trance music, but whatever she wants to hear while being sexually assaulted, I'm more than happy to keep hitting it as long as she keeps spinning it

But I never reach full psychosis because I only have hypomania, not manic depression

Even when I'm at my most manic, I am still clinically "less than manic"....

It's important I note :

Jerry is a good guy

Jerry's not a bad man

Simply a coward, a hypocrite.. but not a bad man

He could still redeem himself....

But he's not interested in redeeming himself

Because he's busy pretending nobody realizes he's a hypocritical coward

and?... YOU'RE GOD DAMN RIGHT I'm talking about the election you lost

nothing gets past you, does it ?...

I wasn't talking about the election during November 2020, nor was I talking about it afterwards.. it was you and your schizophrenic paranoid counterpart who were talking about the stolen election...

And you talked about a civil war that you planned on participating in

And you talked about how you and other people like you would be able to look at other American citizens and determine whether or not they were the enemy

Because you're a fucking faggot piece of shit, who's literally almost 8 ft tall, and literally weighs 115 lbs, and could be toppled like a fucking 8-ft tall pencil.. you are defenseless.. your arms are like 7 ft long toothpicks...

You couldn't beat me even if you had a gun, because you're a fucking spaghetti noodle

But that didn't stop you from making your bizarre statements about civil war and leftists being killed because you thought the election was stolen...

DENYING IT HAS NO EFFECT

And now suddenly neither of you seem to want to talk about this alleged stolen election..

And suddenly I'm the one talking about it..

I wonder if it has anything to do with the fact that the people you put into the White House have already proven IT WAS NOT STOLEN, your stupid mouthbreathing caveman LOST THE ELECTION FAIR AND SQUARE and you put your foot in your mouth about violence against other Americans who you perceived to be your enemy

ALSO :

it's important to note that

I AM A LONG DRUG ENTHUSIAST!!

100% TRUE.....

I have dealt with an extremely addictive personality my entire life...

I have heavily heavily heavily experimented with drugs since I was 12, and continued repeating this experiment for decades afterwards...

So I don't look down my nose at Jerry for DRUGS

I am likely MUCH MUCH worse when it came to making mistakes and doing drugs when we were younger.

I was like a walking pharmacy

The only difference between Jerry and I was syringes, because he and I have discussed this many times, and he knows I have a PROFOUND MORBID PHOBIA about syringes of any kind...

If it weren't for my phobia about syringes, I would also have been using needles in the past more than likely...

Because I was an uncontrollable drug enthusiast

I had a passion for getting high....

So don't think I'm being mean

Because I simply being honest

Hell yeah, I've snorted heroin and smoked heroin and used to be prescribed fentanyl patches... The whole 9 yards...

So yeah, I'm being totally fair here...

The reason I look down my nose at an 8 ft tall man is because he's not big enough to admit what killcen admitted earlier today :

THAT HE'S SEEN THE TESTIMONY

AND HE KNOWS HIS TEAM LOST

F A I R A N D S Q U A R E

I agree about having to have a certain amount of mental illness to even interact on a site like this.

Here's the thing.

If you killed someone(only hypothetically of course) would a court ind you not guilty because of Non compos mentis?

Now, I believe I am quite mental, but I am still sane.

How about you Andy?

>I am proud of Jerry for quitting

Then why attack his daughters so nastily?(if it was you).

As for 1/6 and the election fraud.

Why are US elctions so close?

180m eligible voters and the results hinge on a few million.

I think the whole duopoly thing stinks.

Here in Canada, the voting is a as close.

By less than 1% of the total

In France, Macron beat Le Pen with 58.5% of the vote to her 41.5%, a narrower margin than in the 2017 election.

N Am politics are rigged for the duopoly, decided ahead of time like the WWE zoo.
