AIIMS Gorakhpur Ragging

Respected Sir/Ma'am

I am writing to you regarding the depraved situation at AIIMS Gorakhpur where seniors are mentally torturing their juniors and forcing them to do menial tasks which is not only harming them mentally and in some cases, physically, but is also greatly affecting their studies. Let alone the reputation of the college which is being harmed by this.

Attached are some of the chat exchanges between senior **Sneha Mishra** and one junior, where she can be seen directing him to force the boys of his own batch to perform humiliating deeds like "writing letters", or threatening them with vulgar language.

Is this the way a girl student of a well renowned college presents herself? As a tyrant!? I urge you to take strict action against this individual and her peers who encourage her. As a side note, my father is a senior doctor at AIIMS Delhi, and if my friend has to suffer for long, I **will** ask him to resolve this on my behalf, although the college's reputation may suffer badly as well.

Requesting you to do the needful.
