LORD MARK MALLOCH-BROWN

RUNS THE QUEEN'S PRIVY COUNCIL WITH GEORGE SOROS. He rigs elections from Venezuela & Estonia to USA. He rigs electronic voting machines owned by him, George Soros and Mitt Romney. He controls the Senior Executive Service (SES). He steals trillions of dollars from inventors, Main Street and a rigged global stock market. His slogan should be Make America British Again (Jun. 19, 2018)—The kindest thing we can say about Queen's Privy Council kingpin Lord Mark Malloch-Brown is that he is certainly one of a kind. It has taken an entire group of researchers over a month just to gather the facts about him. These facts are scattered across the Internet in many dozens of biographies in an evident strategy to confuse people about his background. No two are alike. These convoluted biographies are telling for a man with literally trillions of dollars at his fingertips; meaning he can buy national elections anywhere on the planet, but he cannot seem to write his resume. New, previously undisclosed associations were uncovered during this research. For example, Malloch-Brown has never disclosed anywhere his advisory role in the Institute for Global Law and Policy (IGLP) at Harvard Law School (ca. 2009). Harvard Law's IGLP advised Hillary Clinton, George Bush, Barack Obama, and their new Economic Council director Larry Summers on distribution of the 2008 "bank bailout" funds. Literally tens of billions of these U.S. taxpayer dollars flowed into Malloch-Brown's Privy Council entities via his co-conspirators at HSBC, Morgan Stanley, Goldman Sachs, Wells Fargo, JPMorgan Chase, Lloyds Bank, Barclays Bank, Deutsche Bank, Credit Suisse, UBS and State Street Bank, to name a few. It should be remembered that FBI Director James B. Comey

was chief counsel at HSBC and Lockheed Martin before Obama appointed him as FBI director. Lockheed and SERCO run AWE Management Limited, Britain's atomic weapons establishment. AWE is controlled by a Queen's Golden Share. His predecessor (and mentor) FBI director Robert S. Mueller, III's firm Wilmer Hale LLP had most of these companies as clients. These same people and organizations are aligned with anti-American Republic sovereignty, constitutional relativism, pro-socialism, anti-Brexit, anti-Trump, pro-EU, anti-Russia, pro-Chinese, pro Islamo-Fascism, pro-eugenics, pro-Antifa, pro-SPLC, open borders, censorship via "fact checking," shadow banning, net neutrality and anti-free speech agendas. Not surprisingly, these are Malloch-Brown's globalist agendas.

British Pilgrims Society's Privy Council Sir Geoffrey E. Pattie

Queen's "Golden Shares" in defense companies give her counselors significant control over war, intelligence, healthcare & propaganda, including their minions in the C.I.A., MI6 et al

Christopher Steele evidently took orders from the Queen's Privy Council brainwashing chief Sir Geoffrey E. Pattie—founder and chairman of Cambridge Analytica and parent SCL Group who told The Guardian (2005) their mission was psyop "mindbending for political purposes"

The Crown appears to both direct and shill for the Senior Executive Service (SES), Serco, Crown Agents, Rio Tinto, Urenco, Uranium One, Lockheed Martin, The Aerospace Corporation, BAE, OPIC, USAID, USTDA, MCC, DoD, State Dept, Patent Office, Commerce Dept, HHS, DOE, DoE, NSA, C.I.A., FBI, DOJ, TheCityofLondonUK, Gates Foundation, GSC, Wall Street and Silicon Valley
