# Ex-Satanist Details Illuminati Spiritual Plan

December 28, 2012

*(Portal earth, from Stargate)*

**The goal of Satanists is to eventually have demonic spirits materialize in the guise of benevolent beings. According to a former Illuminati, they will use rituals, dimension portals and blood sacrifice to make this happen.**

## Marcos writes:

**"Why would the elite spend hundreds of years studying these rituals, gematria, numerology, etc? Why do some spend their whole lives studying this crap ? If it didn't work at all, they would just get tired of it and go spend their millions in Monaco.**

**Many witnesses say spirits really appear. I personally know people who have seen and even talked to them. Many are very down-to-earth people (a software engineer for eg).**

**We live in world where people worship a wall where water has formed an image of Mary or a toast with the face of Jesus.**

**I wonder what would happen if these spiritual apparitions become commonplace. People will need another explanation apart from the one given by the media, about the benevolent aliens.**

*[Editor's Note: I reserve judgement and present this information for discussion. I don't agree that meditation and opening of chakras are demonic. I'd like to hear from anyone who can shine more light*

on the subject matter of this article.]

**by Marcos**  
(henrymakow.com)

**A recurring theme in TV and movies** is the concept of portals that send travelers from one dimension or universe to another.

For example, "Stargate" presented this concept as well as aliens and spiritual ascension.

Even the Smurfs wait for a specific celestial alignment in order to open a portal to our world.

A book, *Rastros do Oculto*, from Brazilian author, Daniel Mastral, may explain the recurrence of this theme in the media.

Mastral used to be a high ranking Satanist, bred specifically to lead the group in Brazil, but instead he turned to Christ and became an evangelical.

In the book, he states that occultism, magick and Satanism seek the opening of portals and communication with evil fallen angels, or demons.

The accumulated esoteric knowledge of the ages was passed down by demons in the form of rituals, in order to open these portals and alienate people from God, assuring their damnation. Misery likes company.

The author tells us that in Ancient Egypt, Satan promised an alliance to a few. These people, who became the Mystery School members, are known as the Brotherhood of the "Children of the Fire".

According to Mastral, there are two kinds of portals: portals to the body and portals to Earth.

## **PORTALS TO THE BODY**

Portals to the body allow demons to interact and control humans.

The most basic ritual is channeling, where a medium lets a spirit talk through his mouth, dispensing counseling and commands.

Blood sacrifices, symbols, music, drugs and special meditation permit a higher level of demonic attachment and consequently, more spiritual powers to the follower.

These powers are the classic occult tricks of divination, telepathy (in fact messages delivered by demons), creation of fire, telekinesis, etc. These are not enhancements on the individual, but merely deeds done by spirits to look like the person has "evolved".

Much of the doctrine of chakras and the awakening of the kundalini spirit (total demonization) is in truth opening of bodily portals to demons.

More advanced followers can leave their bodies and perform astral projection, where they move around in their spirits, while their bodies are resting.

In this condition, they can also visit and interact with demonic spirits.

The whole hierarchy in Satanism depends on power and the level of the demon who is "residing" with the person, his protector.

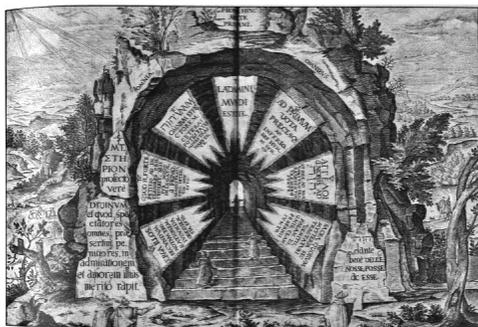

Usually people with long family ties with the occult have the most powerful demons by their sides. Strong demons can indeed inflict disease and create accidents, and fights among satanists are common.

Fortunately, they can't harm true Christians, who are protected by the Holy Spirit and angels from God.

## **PORTALS TO EARTH**

Portals to Earth are more complicated. According to Mastral, reality is comprised of nine dimensions which overlap in space but are separated in practice.

He gives us the metaphor of an elevator. Spirits from more elevated dimensions can go down to lower floors, but no one can go up.

We live in the fourth dimension. Below us there are several powerful demons who have been imprisoned by God as judgement. Lucifer is the only evil spirit to visit the ninth and highest plane.

Some portals are temporary and some, the most important ones, are permanent. Temporary portals depend on exact timing and special alignment of the dimensions, and this knowledge is beyond our science or perception.

That's why occultists obsess with numerology, gematria and astrology; for these are the tools that allow the calculations to be performed in order to profit from the portals to contact high level spirits.

## THE NEED FOR BLOOD SACRIFICE

**Evil spirits cannot manifest in the middle of Fifth Avenue. They need the strong energy created in blood rituals in order to materialize. But once the ritual ends, they must go. More stable contact can only be achieved through portals.**

Permanent portals are the main objective of Satanists (they like to be called children of Lucifér, with stress in the last syllable).

According to Mastral, there are 90 of them, and 72 have been opened by the turn of the century. Nine more have been opened by 2006 and the last the last nine will be in 2013. The exact conditions for the openings of these portals are known only to few witches of the highest rank.

We can expect that they require huge amounts of human sacrifice and psychic energy. A great honor given to a Satanists is to be able to pass through one of these portals and meet demonic powers in their "home turf". In this process, there is a temporal shift, with minutes on Earth meaning hours in the other plane (much like what happens in "alien" abductions).

The opening of these portals is the reason we have seen since the 1950s so many spiritual manifestations such as UFOs, light orbs and apparitions,

sometimes in plain daylight.

**Satan's hope is that with the opening of the last portals, powerful demons from lower dimensions will be able to come to earth and eventually, interact with humankind. They will not present themselves as demons, but as benevolent aliens and evolved spirits of light.**

## **HYBRIDS AND DNA**

Mastral tell us that some human individuals are indeed empowered by changes in their DNA. This can happen in three ways: demonic sexual spirits (incubus and succubus) can transport semen among humans; a demon possessed man can fertilize a woman, or, very rarely, a couple can pass through a portal and have sex in the other side.

In all cases, the higher energy affects the embryo's DNA in a way that makes it easier for the individual to interact with spirits and be a channel for more powerful psychic powers.

Normal people can't stand perfect possession from high level demons, the body would die, and that's why channelers are always exhausted after a "session".

The Satanists' goal is to eventually perfect a human who can stand a complete possession from a very high demon and exhibit powers never seen on Earth. This person may even exist today, and he will be the antichrist.

## **CONCLUSION**

Mastral's explanations match what we know about Satanism and Mystery Schools. Even if you don't believe in this weird spiritual reality, you should be very concerned that our globalist elite does, and that they require human blood for their plans.

We live in the age of Alice Bailey's *Externalization of the Hierarchy*, when centuries-old occult secrets will be revealed. The bad guys know that we know what they are doing, and we should expect open war soon.

However, this is not a material war; it is a spiritual one: we have God on our side and his holy angels to protect us. Mastral himself decided to leave the group when he faced the fact that demons could not touch Christians.

Satan knows he will be defeated, and wants to take as many as he can with him,

while deceiving them with the promise of victory over God.

Ultimately, we have to remember Jesus' words: *"I am the Way [...] none comes to the Father but through Me"*. God has given us a "portal" to a higher dimension and perfect evolution, through the sacrifice of His Son.

Fortunately, no rituals, sacrifices or slavery from our part is required. That's the secret Satan doesn't want us to know.

Many thanks to Marcos (and you for posting) this article. Marcos always adds much understanding from a perspective different from ours in North America. I was not aware of Daniel Mastral. We are seeing more evil being unleashed on the world and my conversations with others on different continents affirms this fact.

The Bible advises against consulting mediums for a good reason. As Marcos noted, of ultimate importance is to remember Jesus' words and place our trust in Him.

**Abe** said (December 31, 2012):

Was writing to comment on your latest article. It's interesting stuff and reminds me of an old rumor I heard in Catechism once that the anti-Christ would be the product of human cloning technology and the Shroud of Turin. The article gives much to think about and jives with recent movies like Prometheus. I would caution however, and at the risk of sounding prejudiced, against taking anything said by an evangelical Christian at face value. Even the most well intentioned among them are often - but NOT always - as Zionist in their geo-political outlook as the most Orthodox of Jewish settlers.

A good understanding of mainstream protestant American Christian theology before the "scotland subversion" can be found on any preterist website such as <http://www.preteristarchive.com/>

**Mike** said (December 30, 2012):

I read your article on Satanist and found it interesting. The Infinite Harmony by Michael Hayes may shed some positive light on this subject. I think this book explains many of the points you covered.

**David** said (December 30, 2012):

Some of what Marcos wrote in this article is right on the money! After reading some of the readers' comments, all I can say is that most of them need to wake up.

Kundalini Yoga is a potent method of giving Satan within his full unfoldment as a being of energy. The Soul is the size of a thumb and lives nestled in the 'inner sanctum' of the brain. It has the brain and nervous system, and the senses, for relating to the world. During sleep, the soul closes out the world and contracts into itself. Satan lives within the body, too. He cannot co-locate with the soul in the brain....soul substance is deadly to him. The Limbic System, and the senses, is the closest to the soul that Satan can get. He can occupy the rest of the body since the soul is not located there. This he does.

With an interface to the optic nerve and the usurpation of the senses, satan controls the body to enforce behavior. The deceived soul thinks that satan's wishes and desires are it's own. It has no clue, unless awakened, that there is another resident within.

In Kundalini Yoga, one meditates on 'symbols' which one mentally locates in the 7 chakras, beginning with that in the Coccyx and ending at the head or Sahasrara Chakra. The first symbol one meditates on is a coiled serpent located near the Anus. This 'snake' awakens, and one by one, breaks the granths or knots at each chakra. Moving up, this snake (also called Shakti) finally unites with the Soul in the Head Chakra. At least, so the theory goes. The chakras are all in the fleshy areas forward of the spine, except for the Crown Chakra. Powers and mystic experiences accompany this meditative process. Secret Tantrik breathing techniques are also used to 'heat' the snake, so it activates quicker. Fasting usually accompanies such 'meditation' and it weakens the soul by depriving the brain of nutrition.

If God placed the Soul so distant from the anus, why would he place any essential component of spirituality there? Then again, the meditation one is doing is not turning the attention of the soul onto itself. One is meditating on something that is not-soul! In normal meditation, one turns the attention, via the optic nerve, upwards! Besides, it is common knowledge that the dark side (satan) has a home base in the intestines. Why do people with powers, especially women, not have to meditate to get them? satan is a snake and he is the true owner of snake-power. The whole kundalini meditation process, with breathing techniques and fasting, is meant to enhance, and amplify, the demon within. Big demon means big powers. This is probably why swami Sivananda told his disciples to ignore powers that accrue from their practise of yoga. Powers are bribes offered by satan for you to surrender your body to him.

**Brian** said (December 30, 2012):

If "overcoming sin" is what it's all about, then we need to define "sin" in its entirety.

Jesus is purported to have said "we are all sinners". He didn't say "YOU are all sinners", but "we", meaning he was including himself. What could be meant by this?

My own sense of its definition, besides defining it as it is commonly understood by true Christians, MUST consider what is called the "esoteric". For in spite of the obviously twisted, psychopathic mindset of Satanism, it IS accurate in saying we are trapped, or 'quarantined' in matter. What we call 'matter' is really energy, whose vibratory rate has been slowed. This has removed us from our true spirit-ual reality, and is what Jesus meant. He was here and experienced it as well. This isn't to suggest being dismissive of our experience in matter as it is presently constituted, but only putting things in a proper perspective.

Cabalists are all twisted up about this, and in effect are being duped themselves. All Beings are created from love (God). Problem is, they didn't get the message.

**Stephen Coleman** said (December 29, 2012):

There are also people that are in contract with Angels that are countering demonic influences. As far as demons not being able to affect Christians, this is not true.

Demons feast on our negative emotions. Christians tend to be plagued with guilt and an inability to forgive themselves, (even though they say they are "saved") yes demons can attach to good people.

I have dealt with fanatic Bible spouting ministers that have legions of demons feeding off their arrogance and fanaticism. These people can't be helped anymore than Pharaoh of Egypt could have been helped.

As far as Chakras and things.... What affects them? Well its a simple concept..SIN and all the negative emotions caused by sin. All this esoteric stuff are great ways to waste lives pursuing quixotic dreams. Overcoming sin is what it is all about.

**Rick** said (December 29, 2012):

I'd say this article is almost exactly what I did. It \*is possible to go out of your body and meet fallen angels. I worked very hard in many areas like long meditation, lots of energy work, books, channeling, etc., that culminated in the two out of body meetings.

I took them to be Pleiadians and was deceived but now know they were in fact fallen angels. They appeared human and more love poured out of them than you could believe! They treated me wonderfully and that's the scary part.

Do not be deceived by whatever anti-christ is coming because if he is anything like the beings I met he will hypnotize people with seemingly unconditional love.

I thought it was a good thing only to finally figure out Jesus is the only way to live here, and leave here. I'm still fighting them off. They go away but come back sometimes until I drive 'em off with the name of Christ. Anyway, this article explains the way I took in life and the author makes perfect sense.

Marcos wrote "Satan knows he will be defeated, and wants to take as many as he can with him, while deceiving them with the promise of victory over God."

This is a rare understanding of the true nature of the warfare about us where we are the actual trophy and prize of the contest between good and evil.

I believe this man is completely accurate in everything he has written. My own experience confirms his comments re Chakras and the "kundalini spirit" as total demonization.

I believe Marcos has given us a brief and educated look at what is going on in the spirit world.

I would like to hear more from him as time permits. Meanwhile we must "choose this day whom we will serve"

**Peter G** said (December 29, 2012):

I agree with Adrian Both ends of the spectrum of fundamentalist belief are full of hazards in truth the ability to resist demonic assault is a facet of your immune system which exists on several planes not simply the physiological biological one which is why the vested interests of the occultists are pleased to attack the very fabric of your dna.

I cant begin to explain how deflated i feel that the spiritual upgrade i've been waiting for my whole existence did not occur recently.

**Milton** said (December 29, 2012):

It's all in Manley P.Hall's, 'The Secret Teaching Of All Ages'. A demon is depicted that looks like the dwarf from the Star Wars film. He talks about entities that have various names - like Salamanders i can recall.

People like Alister Crowley, Alice Bailey and David Icke all use channeling via the head chackra and they all are against the Christ. According to Gospel only Jesus is the mediator between God and man and we are to test the spirits and if they venerate Jesus only they are Holy.

---

**Len** said (December 29, 2012):

I would say that Marcos is essentially right about occult rituals and portals from the astral/demonic dimension into earthly vessels and into the earthly realm. This would include various "chakra opening techniques" and deeper forms of "meditation" and astral projection.

Those who become fascinated with "pursuing occult knowledge & power" will soon be deceived by seducing spirits that are definitely demonic in their agenda.

The only REAL protection is faith/trust in the Lord Jesus Christ, Whose Blood is the Divine Boundary that satan and demonic powers canNOT cross. not religion; not "a strong-will"; not this or that power or institution. ONLY CHRIST and HIS Power to save and deliver. I assure: that has been both my experience and revelation.

I recommend the book "The Biological Basis of Religion and Genius"

The author of today's article is correct in only a few matters:

1. Only connection with God is an absolute protection against external evil influence.
2. Developing the "inner eye" without the grace of God and dabbling in the occult will expose a person to great harm.
3. The phantasmagoria described in this article only becomes real in so far as it affects the minds of those acting the fantasy.

Let us focus on the real. The Creation and our lives are great wonders, to be lived in joy. The phantasmagoria and Christian fundamentalism in this article is a harmful fantasy. Kundalini is a biological mechanism.

**Glenn** said (December 29, 2012):

Chakras represent different levels of consciousness. If your soul's energy is light by nature and you feel the love of God, it would be very difficult for a demon to possess your soul. Theirs vibrates at a much lower frequency. The higher and lower energies are not compatible.

So aim high brothers and sisters.

The only time a lower vibrational energy ( demon ) can enter through our various portals, is when we have a wound opening.

Many of us carry wounds with us from past lives. See ' birth marks '.

**AI** said (December 29, 2012):

think it is better to know what is going on but also know that looking upon such things can damage the mind. I suggest that people know just enough to stay away from it. For me, I don't want to document every turd in the cesspool and then fall in it. It's better to keep the mind separated from it.

I don't see any usefulness in any kind of meditation because it opens up the mind to evil things. For me, I just try to stay within the natural laws and operate from there. It is much easier on the mind and it gets good results. When you have problems like these there has to be a solution.

<http://verydumbgovernment.blogspot.com/2012/12/power-of-commandments-and-natural-law.html>

Rather than meditating, I would rather focus on the commandments and the natural law. When I do this and don't forget, things just go much better for me in every way. I'm slowly learning that this is the only path that makes any sense. It makes sense because I've seen it work.
