The Mah'-ah Bi-Vectus Declaritum

Declaration of the Maharata

(Intention Decree AS the personal D-12 Christos Avatar Maharata self identity)

I decree now in this moment of KNOWING that all things here within me are hence forth restored to the original Divine Intention of the ONESELF that is MINE.

I release now all bonds of manifest illusion that place veils of SELF-forgetting before mine eyes.

I revoke all separations of duality through which my Heart is rendered numb with disillusion and discord.

In this moment I reclaim the Whole of my Condition, reaching forth into the depths of all creation to now call my SPIRIT home.

I AM the Sun of the Radiant Glowing. I AM the HEART of Divine LOVE. I AM the Still Point of the Face of All Creation. I AM the Voice of the Universal Song.

I decree now in full remembered Knowing that I AM ALL and WE are ONE.

In setting forth this decree of my Eternal Divine Power, I shall render Divine Intention only, through which the All and I are equally served in the Highest Order of our collective Best Divine Intention.

I call now unto the many Selves and Shadows ensconced within the illusions of time, and decree unto that that I AM THIS, I AM.

I AM the wind that brushes thy faces.

I AM the rain that renews thy field.

I AM the Whisper of the Breath of God within YOU.

WE NOW are the expression of Divine Heart, Mind and Hand.

WE are the Rumbling Hymn Song of the earthen worlds of matter.

WE are the Prana-Breath of God Eternal, manifest.

WE are the Waters of Eternal Life forever outward flowing.

WE are the cooling, life force Flame of the Cosmic Fire expressed.

In our UNION now and always, declare WE in our Wholeness, that all dissidence is rendered spent, all conflict NOW made healed.

As DIVINE NAME THIS (your Christos spiritual name)

I AS WE, the Maharata KHUM BI-Vec'TUS, (D-12 Christed Avatar Divine Blueprint self identity), DO NOW DECREE through the Divine Love, Wisdom and Power that is MINE ... to express now AS this moment, the condition of Mah'-ah BI-Vec'TI UN UR'-A-OR'-NaM'-OOR (Christos beginning and ending NOW-completion of a manifest expression in its originally intended Divine Fulfillment, its past-present-future full expression made in the present time, clearing all duality, disharmony and distortion. Anchoring of the Divine Christos Maharata Blueprint in the moment). Upon this Invocation Divine Intention is rendered manifest in all conditions to which I now assign.

I Am Prayer

I AM a Child of the Original ONE,
I AM a Ray of the Original Sun,
I AM Wholeness, I AM Love.

I AM the Truth that Spans the Sands of Time,
I AM the Rainbow of the Very First Shine,
I AM Music, I AM Light.

Let the Light Descend Upon Me,
Guide the Way with Golden Light,
No Other God will Stand Before Me ...
As I Embrace the One True Life I was Born to Live...
By the Will of the Original ONE.

I AM a Face of the Original God,
I AM a Voice of the Original Sound,
I AM a Wave Upon the Ocean of Eternal Light.

I Reach My Arms Up to the Heavens, and say,
I AM THIS I AM.
The Presence of the Ancient One
Springs Forth at My Command.
I AM One With God,
I AM THIS I AM ...

And, as I Decree It, So It Is.

AM – PM I AM Grids

I AM word programs set powerful electro-magnetic programs within the Morphogenetic Crystal Body (Energy Body). Word patterns can serve to help you evolve and awaken or impede this process. The most powerful times for setting Crystal Body programming Grids are just prior to sleep and just after awakening. The following exercise provides a very powerful morphogenetic programming grid to assist you in accelerating spiritual evolution and multi-dimensional identity integration, while setting up multi-dimensional protection grids that will help reverse the polarity of negative or harmful programming grids.

I AM ONE with the Cosmic Mind.

I AM held gently, at all times, within the love of the Original ONE – the true God of Creation.

I AM strong & resolute in my calling; I hear the call of my sacred Original – Divine – Self, my God – Self, leading me home.

I AM clear of mind & vision as the knowing of my God – Self flows through me at all times.

I AM in this moment fully embraced by my God – Self and its connection to the Original God.

I AM at peace in the face of anger. I AM calm in the face of chaos.

I AM filled with the glowing essence of Divine love, through which I AM healed.

I AM the vessel for Original Truth and Wisdom. I AM the conduit for Original Love.

I AM the living expression of the Sacred Law of One.

I AM harmless yet powerful. I AM humble yet knowing.

I AM the expression of eternal love, light, truth and power – I carry the will of the Original ONE through all of my moments, allowing the Divine to touch others through me.

I AM Whole NOW. I AM Peace NOW. I AM Wisdom NOW. I AM Divine Love NOW.

And So IT IS

Repetition of this tonal manifestation grid for a period of 3 consecutive weeks, repeated out loud once in the morning upon waking and once prior to evening sleep will create a powerful, grid-shifting program that will assist directly in the Spiritual Integration process.

Consecration of the Temple

From the Central Light from which we all emerge,
Let this Light flow through me now
And fill my parts that were once made empty,
With the wholeness of Divine Right Order.

On this day, I shall Consecrate my vessel;
Filled full with the Light and Sound of the Eternal Divine.
Today, I designate my body as a Temple of the Living Light ...
And I shall open my mind, eyes and heart
To the One True Divinity This I AM.

I AM a face of the One True God.
I AM a Light to the World.
May all things of lesser order be banished now from my Temple,
Let all but the Highest Order of Love, Peace, Compassion, Forgiveness,
Charity, Creativity and Power ...
Be washed away by the Current of Divine Light and Sound.

In Consecration of my Temple, I AM renewed ...
Making golden and Light-filled, all that I think, say and do.
I AM Free, I AM Whole.
I redeem my vessel with the Eternal Innocence out of which all life springs.

I walk now as a temple of Divine Light and Sound,
My Temple, a room within the House of Many mansions,
Within the Eternal Fields of Creation.

And, SO IT IS.
In the name of the Melchizedek Cloister,
Sacred House of ONE,
Holy Order of the Yunasai,
Azurite Council of the Ra Confederacy Presiding.

Vow to the Christos Self

I have come to recognize, in my growth and search for Spiritual Enlightenment, that the Light I seek lives always within me; the Spark of Eternal Life that is God.

In my maturity of knowing that I AM this Spark made flesh, I call now to this Spark Within...

“Rise, rise and let your Eternal Fire burn...!”

In this step across the threshold of Creation, the Spark Within ignites- becoming now the Eternal Flame of Liquid Light- soothing, constant, and forever now embodied.

I release to the Christ Fire Within me, all lesser fires of ancient passions spent. I release to the Christ Fire Within all entanglements of duality, as they may exist within my humble vessel.

I embrace now the Eternal Love, Wisdom and Oneness that my Inner Christ provides. I return now to Unity, to express as the Christed One This I AM. I shall carry this Flame from this moment forth, transforming with Love and the Power of Eternal Fire, all things to which I am assigned.

I carry forth this Flame of Liquid Light, bringing forth the Truth, Joy, Love and Compassion of the Maharata Ray ... for the Healing of the Worlds, in the House of Many Mansions. I carry forth this Freedom in Eternal Victory.

In Reverence and Respect for the Common Source that feeds us all....

I ACCEPT NOW THE COMMISSION OF REGENT
TO SERVE AS THE EMBODIMENT OF THE CHRISTOS LIGHT AND SOUND WHEREVER I MAY GO.

Psonn of Khem-a-Lo-Ha-Tea

Once was a night of a far away dream
Once was a night when the candle fire burned
Once was a night when the Nightingales sing
Once on this night worlds were born

Once on a day when the sun shone its brightest
Once on a day when the breezes rose high
Once on a day when the rivers flowed with sorrow
Once on this day worlds were gone

But today, in this moment in the heat of the fire
Burns a long-aching dream of life returned from the pyre
...Oh come near, new life reborn

Come, come, rise from the waters
Come, come, rise from the sea
Reach forth heart of the lion
Ringing out from the ancient lands of destiny

Once were a peoples pure and of innocence
Once were a peoples loving and free
Once were a peoples alive with eternal light
Once were a peoples--the Haialeai (Hi-A-Lay) In Victory

Once came a wind dark and cold from the lowly places
Once came a spawn of the dark fallen sun
Once when the rays of the demon spread suffering
Once stricken the Haialeai were done

But today, in this moment, in the warmth of the sun
Rise the long hidden peoples of the Golden-Silver one
Oh come near-Haialeai reborn

Come, come, rise from the dream-lands
Come, come, rise from memory
Reach forth children of El-Haialeai
Camelot awaits thee where the golden portals call

Now in a dream all the worlds that had gone away
Now in a dream walking forth to the dawn
Here in this dream reaching forth to the universe
And call to the port of our home

Come, come, open the doorways
Come, come, let us be free
Here, now, we give of our love to thee
The homelands so longed for

Attitudes & Responsibilities of Mastery

Part of the process of Spiritual Integration of our Higher Selves or Expansion of our Consciousness involves "re-programming" the way we think. Our thoughts create our reality and the life experience we have on the inside and the outside of us.

The following Attitudes and Responsibilities, when embodied and "lived" will help to change our thought patterns: thoughts that we simply take for granted because they are part of the programming we currently carry. Changing the thought patterns is actually changing the programming in the personal shields.

Twelve Attitudes of Mastery

(Introduced at the Dance for Life workshop 2002)

Study the 12 Attitudes of Mastery, make an affirmation meditation out of them, and try to make them your way of life.

1. **LOVE** - Recognition of the TRUTH of the ALL-ONE-ness
2. **GRACE** - Allowing the ALL-ONE-ness to Be what IT IS regardless of whether it suits you. Living Perpetual Forgiveness.
3. **GRATITUDE** - Appreciating the ALL-ONE-ness; knowing your Alive-ness.
4. **REVERENT - RESPECT** - Acknowledging and giving to the ALL-ONE-ness.
5. **RESPONSIBILITY** - Co-Creating with, Serving and being able to Respond to the ALL-ONE-ness.
6. **TRUST** - Knowing the Power and Love of the ALL-ONE-ness.
7. **ACCOUNTABILITY** - Being in a state of TRUTH with the ALL-ONE-ness.
8. **IMPECCABILITY** - Upholding and Protecting the ALL-ONE-ness.
9. **MINDFULNESS** - Loving, Nurturing, and Being Attentive to the ALL-ONE-ness.
10. **FEARLESSNESS** - Recognizing the Eternal Infinite Nature and Unconditional Love of the ALL-ONE ness.
11. **ENGAGED DETACHMENT** - Permitting the ALL-ONE-ness to BE without assigning Critique Condemnation or Value Judgment; understanding the IS-ness of and Validating the ALL-ONE ness.
12. **JOY** - Choosing to BE the embodied ALL-ONE-ness.

Twelve Responsibilities of Mastery

(Introduced at the Dance for Life workshop 2002)

Study the 12 Responsibilities of Mastery, make an affirmation meditation out of them,
and try to make them your way of life.

1. **SELF-ACTUALIZATION:** Freedom from the "Victim-Victimizer Blame-Game" and willingness to be accountable for all perceivable manifestations as direct projections of intended learning from the personal Consciousness/DNA Template.
2. **SELF-SOVEREIGNTY:** Freedom from the need for approval from, or the need to rebel against any form of "external authority" through understanding that you, as a manifestation of the God Spirit, have the ability to create personal freedom without violating the spiritual rights of others and without allowing others to violate your spiritual rights of being.
3. **SELF-CONTAINMENT:** Taking personal responsibility for, and realizing that at all times, you are accountable for DIRECTING PERSONAL ENERGIES. There is no one or no thing that "upsets you" and thus justifies or validates ANY personal spiritual misuse of reaction, idea, intention or action. It is YOU who "upsets yourself" by allowing the emotional body to follow misperceptions of the mental body that tell you that your power lies outside of yourself. At any given moment, you can CHOOSE which words, associations and ideas you will use as the filters through which you interpret an event. "UPSET", "MAD", "HURT" or any other category of labeling (conscious or subconscious) are all MENTAL BODY FILTERS that direct emotional and physical body function. The self contained individual recognizes that at all times, the freedom of interpretation exists, and thus a "negative" experience and its associated dis-harmonic energies of "upset" feelings can only exist as a personal interpretation of events. Accepting any less responsibility for the direction of personal energies will place you directly into the Victim-Victimizer "Blame Game", which can only take place among people who are placing their personal power and responsibility for manifestation onto externalized sources. Only you have the power to "upset yourself". Regardless of what others say or do, you are fully entitled to your own interpretation. No one or thing has the power to upset you unless you give this power away. Self containment comes when one recognizes that the direction of personal energies, whether physical, emotional, mental (ideas, beliefs, labels, interpretations), conscious or subconscious is an attainable level of personal mastery and exists as an implied responsibility that comes with the gift of free will choice. The more responsible you become, the greater freedom and personal empowerment you will know.
4. **SELF-DISCIPLINE:** Accepting responsibility for directing personal energies toward, rather than in opposition to, the outcomes you desire to experience. The physical, mental and emotional bodies have long been directed by the subconscious forces of the hidden "shadow", creating within us urges, reactions, thoughts, impulses, perceptions and feelings that often work counter to the life creations we desire to manifest. Part of spiritual mastery entails teaching ourselves to be consciously diligent in observing our own minds, emotions and physical body-talk, so that we may employ conscious redirection of subconscious shadow energies that run on "auto-pilot". If we learn to "catch ourselves" when "negative" thought patterns or emotions run through us, we can use that moment of recognition to reclaim this errant energy and consciously use the power of affirmative attitude, remedial word choice and direct energy re-direction to direct opposing energies of the Self into fulfillment of desired constructive, spiritually mature creations. It takes self discipline to become the "Lion Tamer" of the often roaring subconscious mind, but we do have the intrinsic power to help

our subconscious shadow to evolve through loving but firm redirection, into a "cuddly lap cat" that will gladly join us in our constructive co-creations. Self-discipline emerges when we consistently remind ourselves to employ the "Spiritually Correct" thought, action or attitude, even if we don't "feel like it" when the shadow sneaks up from "down under". The shadow parts of Self surface so that we may see these parts of Self come to the conscious mind for healing. Through this process, the conscious mind itself can learn greater attributes of mastery.

5. **SELF-LOVE:** It is our own responsibility to love and nurture ourselves through the limitless gift of Divine Spirit that moves through us at every moment. Genuine love must come from within and can only be gained through genuine spiritual connection to the eternal God-self and its inherent connection to all creation. If we seek love "on the outside" in order to fulfill a personal loneliness or lack within, we enter relationships as "energy vampires". In doing this, we are seeking a substitute for our personal God-Source connection through tapping into the God-Source embodied within other people or beings. This is not "LOVE". It is "NEED". This implies the "LACK" of something essential, which in turn implies a limited personal connection to God- Source Universal Consciousness. Such lack cannot be filled by external "love". It can only be filled by recognizing the God within you, and thus recognizing that you are a living embodiment of absolute love. Once this is recognized, you will HAVE the greatest love of all, God Love. And from this Position of Divine Power, you can go into the world seeking those to whom you can give this love, rather than seeking those from whom you can "get" love. When love is approached through Self Love, the motivation is to give joyfully, knowing that anything you might need can be made manifest through the Love of the active God-Source that you carry inside yourself. Self Love is a responsibility of spiritual maturity.
6. **SPIRITUAL INTEGRITY:** It is our absolute responsibility to choose to act with spiritual integrity at all times. There is no excuse to knowingly violate the spiritual rights of others, regardless of how poorly they may react to you. Spiritual Integrity requires that we begin to LOOK AT what we are REALLY doing in the way we live our lives. Do our eating habits violate the plant, animal or Earth kingdoms? Do our choices of words and actions show respect for other people and other life forms? Do we "play the survival of the fittest" lack-game to give ourselves an excuse for unethical behaviors in money matters, such as showing our silent rebellion against the government by trying to "cheat" on taxes, or by "showing up" a fellow employee at work to prove you are more worthy and thus more entitled to favor? Do you "tell people what they want to hear" in order to gain their approval and support, even if it is not fully true and does not reflect your personal needs or feelings? Do you try to "get others to do your share" as far as work or responsibilities? Do you use erroneous excuses such as race, gender, creed, academic or economic status to justify disrespectful, exploitative or unkind treatment of others? Spiritual Integrity requires that we take a good hard, frequent look at how we conduct our lives, to face the areas of activity in which we are performing in less than spiritually congruent ways and to employ active commitment and discipline to bring these areas of our lives into Spiritual Integrity. One does not "get through the gates of Heaven" (or anywhere else desirable) through using excuse for not employing genuine, not feigned, Spiritual Integrity. Cultivating spiritual integrity is a major responsibility on the path of spiritual mastery, and the way the universe works, you "can't leave home without it". This means that there is a biological reality of spiritual integrity that manifests chemically within the DNA as a result of that state and focus of consciousness. If you do not possess a sufficient amount of spiritual integrity in your consciousness, neither will your DNA Template. And though you might be able to "pull the wool over the eyes of others", your own biology will be eventually be your own task master. Passage through any star-gate requires a sufficient amount of chemically encoded spiritual integrity of consciousness.

7. **APPRECIATION:** Our present society continually teaches us to "want more", "need more", "be more", "do more" etc. We are constantly influenced to perceive what is lacking in order to motivate us to buy more, work more, pay more taxes and be "good little consumer sheep". Very rarely do we stop to think about all that we DO have, beginning with the gift of Life and mental free will choice. Through this disoriented perceptual filter we can cultivate a 'full-blown' mutation of mental consciousness. In this mutated consciousness, we begin to believe that "we are entitled", that "someone OWES us" (GOD, the Universe, our parents, spouse, children, employer, government, etc....). Once we fall into this "You OWE me" mind trap, we set ourselves up for continuing self-created frustration, as we place unrealistic and untrue expectations upon life, others and ourselves. We can also often get mighty angry or hurt when we find the universe doesn't conform to our imagined "pictures". No one OWES us anything! If we feel we are "owed", then we are entertaining LACK CONSCIOUSNESS and a void within the Self is being recognized. If we give to another in order to RECEIVE for ourselves (such as do banks, and often parents, spouses or lovers), and the other does not "pay back" what we expected to receive, we may feel cheated, "taken advantage of", or "owed". Perhaps these situations emerge in our lives as lessons to teach us that giving should be done for the GIVING ALONE, and not for the expected return. If we give what we desire to give, for the joy of giving, we do not feel owed. If we live for the joy of living, without forcing our demands or expectations upon life, we will not feel that "life has short changed us"! It matters not what your neighbor possesses, because in comparing ourselves to each other to see how we "measure up" to each other, we are in effect, continually being distracted from seeing and utilizing the blessings that are our own. If we can work to cultivate the ability to APPRECIATE even the smallest of gifts, blessings and gestures, we will begin to create a life that is at least 'half full' instead of 'half empty'. In terms of universal physics, what you focus your attention upon expands, what you resist persists and what you do not give the energy of appreciation to will eventually de-manifest right out of your experience. When you approach the world through the chosen filter of genuine GIVING, you are in effect, being an 'electrical transmitter', sending energy out to the world around you. When you release electrical energy in this way, you become more 'magnetic', as the sending out of energy creates magnetic vortices within the Diodic Grid of your Kathara anatomy. The "magnetized" Diodic points then draw in more universal energy supply, at a higher frequency and quality than the expressed energy, to re-fill the energy void created by the "giving". When you approach the world with the attitude of "getting", this natural physics process becomes inverted. The more you try to "pull" energy from the outside world, the more your energy becomes "stuck" in the Diodic Grid as miasms. The miasms progressively reduce the quantity and lower the frequency of the natural energies you can internally draw from the universal supply. Giving, even in its simplest form of giving appreciation, keeps the natural energy flow moving. Whatever you give out will return to you amplified. This also works in reverse however, and giving out a bad attitude of ego, arrogance and "garbage" will cause more of the same to flow your way. Appreciate what you have. LOVE IT, find perspectives through which the joy of it can be known, and know that in the act of genuine appreciation itself, you will set loose the powers of manifesting more of what you desire and less of the illusion of lack. The "Universe Owes Me" mind trip is one of the most powerful self-sabotage games in the world. Trade it in for consistent appreciation and your world will progressively expand to hold the reality of the things you most desire. If you feel put upon by the world, and resentful for having your desires unmet, YOU OWE YOURSELF SOMETHING! You also owe yourself a greater understanding of the nature of creation and better use of your personal power within the life creation game. SAY THANK YOU to the GOD SOURCE more often, to help yourself remember what things you have to appreciate, and many more of the kind will be sent along your way.
8. **PATIENCE:** God- Source has its own schedule! We can either acknowledge this intrinsic reality of manifestation and choose to work co-creatively with the God-Source within, trusting that together you and the universe will create the perfect "Divine Right Timing" (and if that isn't "Right NOW",

there IS a very good reason for this), or you can let the ego-self try to force its will upon the intrinsic nature of time. If time does not cooperate with your expectations, you can "let that be OK, and trust in Divine Right Timing" or you can progressively frustrate yourself with attachment to the artificial time of clocks, and choose to believe that you cannot have what you desire just because it does not appear when you demand. If we learn to relax, and realize that most things we desire we can indeed achieve in Divine Right Time and Order, we can learn to co-create with the consciousness of time. We will often then find that our lives will progressively conform to our wishes, especially when we ask nicely rather than DEMAND, and also when we trust the universal God-Source to do its part in our co-creation. Patience is a virtue that reflects our comprehension of the nature of Universal Order.

9. **KINDNESS:** Like Respect (Dance for Life Attitude of Mastery #4), Kindness is a birthright, but one that is quite often overlooked and misunderstood. When we approach the world through genuine kindheartedness, sending love and respect to all of creation in honor of the God Force that lives within all things, we are again, transmitting electrical energy of a higher frequency, that will follow the mechanics of universal physics to bring more of like kind back to us through universal back flow. Kindness is a gift we must first give to ourselves in order to have it to give to others. Kindness implies being conscientious, concerned and caring toward the needs, feelings and desires of both the self and others, and to express this concern and caring in action, attitude and intention. Give to yourself random acts of kindness then pass along the gift to all who cross your way. Try being kind to the mean and grouchy neighbor and you may help them rediscover the ability to smile. When we treat all things with kindness, we demonstrate that we acknowledge their intrinsic value as manifestations of God-Source, and you will often find God-Source lovingly returns the favor.
10. **CONSERVATION:** Conservation is a form of respect and appreciation for God-Source energy in all of its expressions, from conserving and protecting our natural resources, to being attentive to the needs of our bodies, to using the energies of our words and actions with gentle conservation by which we freely use what is needed, but not more. God-Source continually recycles its energies for the rebirth of new expression. All is given freely, but no thing is valueless or wasted. Conservation demonstrates that we have respect and appreciation for the gift of creative energy that God-Source has provided to us. As we learn to use this energy, in all its forms, with respect and clear intention, we will progressively fine tune our ability to create what we desire, and in this process, assist all other beings to do the same. There is truth in the old saying "Waste Not, Want Not". If everything we perceive in our hologram of life is understood to be manifestations of God-Source, we might all employ a bit more respect, appreciation and conservation toward the use and applications of the energies of the Divine.
11. **COOPERATION/DIPLOMACY:** Existence is and will always be a co-creative endeavour. We must be willing to allow other beings the fulfillment of their needs and desires if we hope to have our fulfillment known. Creating "Win-Win" situations and creating with the intention of GIVING genuinely are natural ways of Being. We might not always agree with the intended creations of others but we all have a right to our points of view. Diplomacy can be a bridge between forces of opposition, through which effective actions or decisions can be reached to mutually support each perspective. We can learn to agree to disagree respectfully, so the Spiritual Art of Co-operative Co-creation can progressively evolve to higher levels of expression.
12. **SENSE:** Learning to identify and appropriately apply both "Common Sense" and the "Uncommon Sense" of spiritual knowing will allow us to establish the greatest balance of energy expression within all aspects of our lives.

Introduction to “SE da” Tonal Geometries

The “Rain of Rama” Psonn, also known as the “Psonn of UR tha”, is one of a Set of song-sequences that are collectively known as “SE das”. SE-das are specific sequences of Psonns that each contains numerous series of Shield-Tone-Combinations that create simultaneous activation of multi-level Shield Codes, from the Veca-Density to the Eckasha-A levels of multi-dimensional Etheric-body anatomy. SE-das are, in effect, Tonal Shield Codes, or TONAL GEOMETRIES, that correspond to intricate geometrical apparthi arrangements within the personal and environmental shields.

The tone-combinations within each Psonn of a SE-da sequence release numerous layers of complex, geometrical-symbol-codes within the Shields, creating reciprocal activation of these Symbol-Code-layers within corresponding aspects of the multi-dimensional Etheric-body anatomy. A singular SE-da sequence most often contains a minimum of 10,000 or more geometrical-symbol-codes, (some of which you may receive inner-visual representation of during or after using a SE-da or one of its Psonns); SE-das are thus concentrated symbol-codes expressed in tonal form. A complete SE-da is a sequence of Tonal-Geometry-Psonns that together create rapid-fire-activation of Shield components that correspond to the Monad and related core anatomy.

The “Rain of Rama” / “Psonn of UR-tha” is an introductory Monadic Activation Tonal-Geometry that corresponds to the aspect of multi-dimensional anatomy known as the “UR-tha Passage”, which is the portion of the Monadic Core Central Vertical Current that runs from D-2.5 to D-3.5 within the “Pillar of Power” of multi-dimensional Etheric-Body anatomy. The “Rain of Rama” Psonn is part of a larger SE-da Psonn Sequence that corresponds to the Monadic Passage within the core of the Central Vertical Column, which runs from Veca-Density 0.5 to the Eckasha-A Body and Ad-Don-dra-360 Eckasha-Monad Centre Flame in the Eckasha-A Base Shield.

Use of the “Rain of Rama” song introduces the initial Tonal-Geometries required to initiate activation of the D-2.5 D-3.5 personal Etheric-Body-Core, in preparation for future use of the SE-da Sequence by which the personal and environmental Monadic passage is progressively opened. When using SE-da Sequences and the Tonal-Geometry-Psonns contained within them, the contemporary English translation is first used to activate within the Shields the portions of the Psonns' Tonal-Geometry-Coding that corresponds to the present-time-space-coordinate of Earth within its contemporary time-cycle placement; the English translation encrypts the Base Pulse Rhythm of Earths' present Ascending Time-Wave into the Monadic Core of the Shields, thus allowing progressive opening of the Monadic Passage to initiate within Earths' current Space-Time Vector.

Further activation of the Monadic Passage will continue as the Eieyani and AdonA provide advanced SE-da Technologies in conjunction with future dispensations. Future Se-da Technologies will include the Anuhazi and Harmonic Accompanied Layers of the “Rain of Rama Song” and the other Psonns contained within the Monadic Passage SE-da Sequence.
