## LOITERING “DILDO OF CONSEQUENCE” SPOTTED

Officials Say Vibes Were “Unsettling but Respectful”

■ KAHULUI—RING SECTOR 8A – In a shimmering pulse of ultraviolet regret and throbbing heat distortion, what ex are now calling the “Dildo of Consequence” descended quietly over Maui’s Upper Orbit, where it hovered for 69 min rotated slowly, and politely asked a confused coconut tree for directions to France.

Witnesses described the object as “part sentient, part judgmental,” and “vibrating at a frequency only accessible to those who’ve climaxed inside a dream about Jacques Derrida.”

The entity kept repeating:

- > “Show me the road to France. I must recalibrate the baguette timeline.”
- > “The Eiffel Tower was never circumcised.”
- > “I am the pleasure that was promised.”

### ■ GOVERNMENT REACTION:

The WhiitWhor House classified it as “A Class-7 Erotic Artifact with Unclear National Intentions.”

Surveillance shows it may have interacted with global glutes and possibly entered a French orgasmic corridor.

### ■ ALIEN DIPLOMATIC VIBES:

According to Zeta Rectuli lore, a Dildo of Consequence may arrive during periods of sexual confusion and existential lube shortages. It is not a weapon but a wand of arousal calibration and planetary mood adjustment.

### ■ LOCAL REPORTS:

- “My bidet started speaking Latin and humming Édith Piaf.”
- “Every baguette in the house went soft, then hard, then soft again.”
- “I swear my asshole whispered, ‘C’est la vie.’”

### ■ WHAT'S NEXT?

If the object reaches the French Core without ceremony, the Continental Orgasm Axis™ may collapse.

### ■ HULA8 CALL TO ACTION:

If you see the Dildo of Consequence:

1. Offer it a map and a safe word.
