

Al-Waleed bin Talal

The man behind one of the world's most successful international holding companies, Kingdom Holding Company (KHC), has been named twice by Forbes magazine as one of the smartest and most creative investors in the world. Such a portrayal encapsulates the remarkable achievements of His Royal Highness Prince Alwaleed Bin Talal Bin Abdulaziz Al Saud, founder and chairman of one of the world's most successful and diversified financial investment enterprises. Prince Alwaleed was born in 1955, He is the grandson of two remarkable, and in some ways legendary, historical leaders, King Abdulaziz Al Saud, founder and first ruler of Saudi Arabia, and Riad El Solh, an iconic statesman in Lebanon's drive for independence and its first Prime Minister.
