Joe Biden used EXTORTION/BRIBERY to force Gov. Albert Bryan to fire his Attorney General so that an investigation into J.P. Morgan Chase and Jeffrey Epstein would be halted. An investigation which would have implicated James Biden (Joe Biden's brother) and numerous high ranking executives at J.P Morgan Chase, and the Virgin Islands Governors office in a decades long bribery/extortion scheme and human trafficking ring.

>Biden becomes the first sitting president to visit the Virgin Islands since Harry Truman delivered a speech in Christiansted on St. Croix in 1948.

First sitting president to visit the islands since 1948...

Joe Biden was staying in St. Croix from December 28th - January 2nd

I wonder... where is the Governors house?

>In 2019, incoming governor Albert Bryan announced that he and his wife would use Government House, Saint Croix as their primary family residence and that the other two properties would be used whenever the governor stayed on those islands. This marked the first time in 30 years that a governor's family chose to make their principal home in the Saint Croix residence

>The removal of Denise George comes just days after she filed a lawsuit against JPMorgan Chase in New York and accused the company of helping Epstein finance the illegal exploitation of women and children in the U.S. Virgin Islands and beyond.

What reason did Albert Bryan give for firing his AG?

>Gov. Albert Bryan Jr. did not provide a reason for relieving George of her duties in a statement Sunday, saying only that she would be replaced by Assistant Attorney General Carol Thomas-Jacobs.

No reason... OK then.

It's been four months and the reason for her removal is still the same.
