

In conversation with Dr Sucharit Bhakdi MD, Professor Emeritus of Medical Microbiology and Immunology, Former Chair, Institute of Medical Microbiology and Hygiene.

4<sup>th</sup> June 2021

## **COVID-19 Vaccination**

- The extent to which vaccines have been tested.
- Concerns raised by Doctors for Covid Ethics.
- Vaccination of young adults and children.
- Contact details for Doctors for Covid Ethics.

# Have the vaccines been adequately tested?

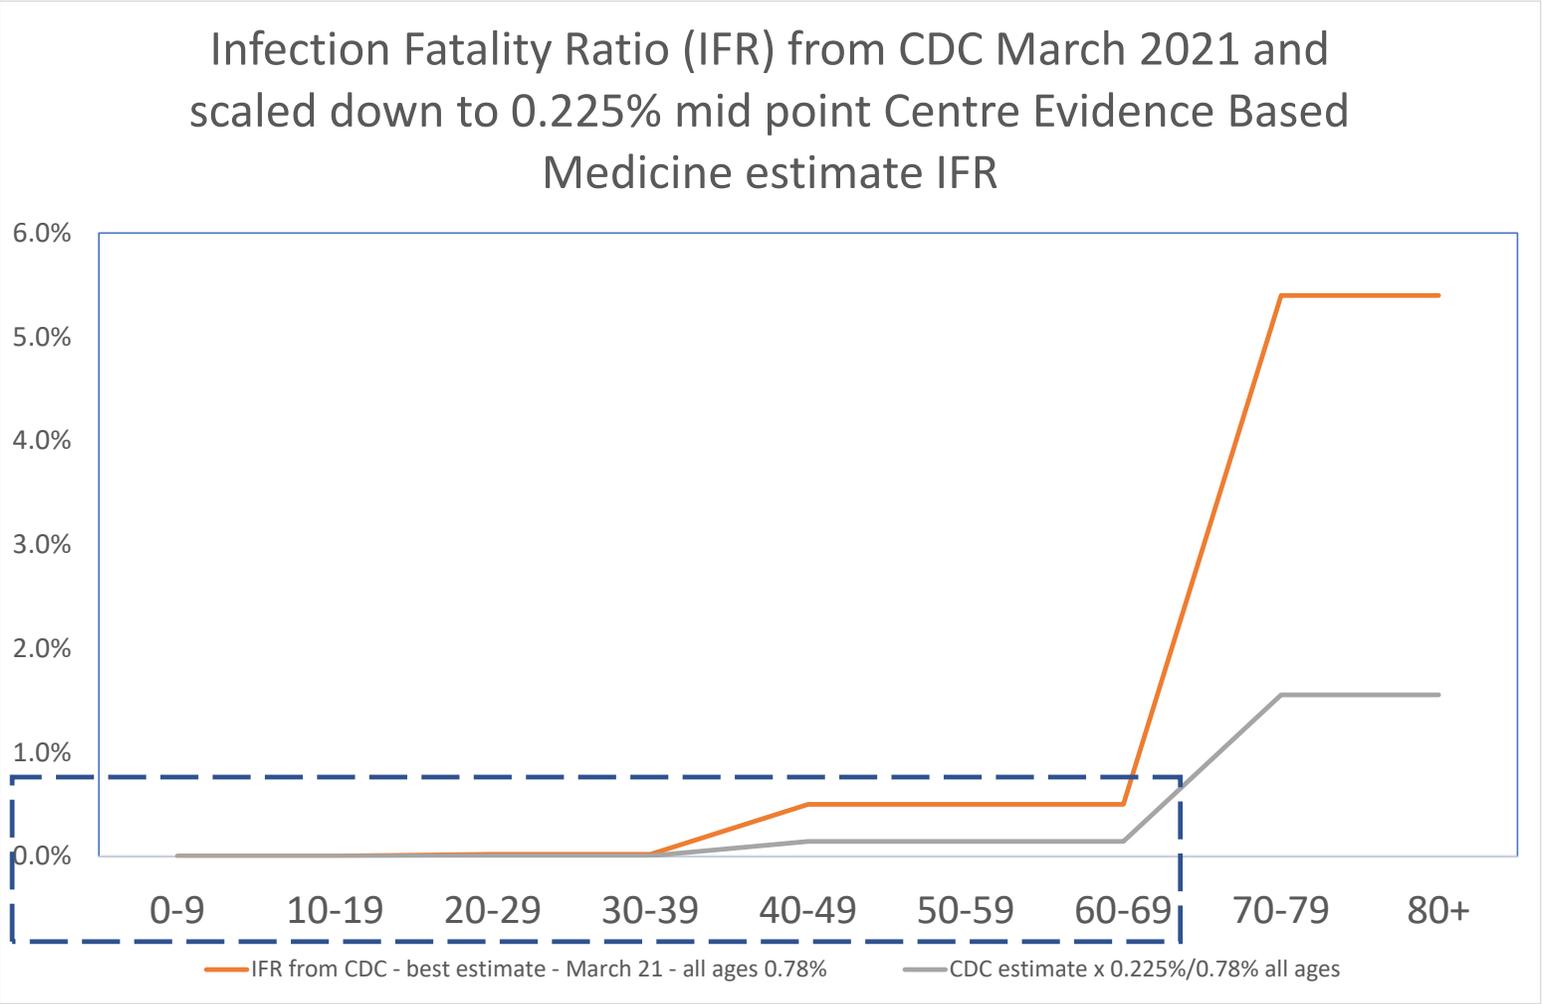

# Do the VAERs numbers support your concerns on cerebral venous sinus thrombosis? Thoughts on lymphocyte dependent enhancement?

26-May-21

	First doses administered million	Yellow Card adverse reactions	Events with a fatal outcome
Pfizer/BioNTech	14.0	64,450	396
AstraZeneca	24.3	188,589	831
Moderna	0.4	2,469	4
Unspecified		716	22
		256,224	1,253

## Notice of Liability for Harm and Death to Children Served on all Members of the European Parliament

Members of the European Parliament have been warned that they may be held personally liable for harm and death caused by legislation designed to coerce widespread acceptance of experimental vaccination of children.

## Doctors and Scientists Write to the European Medicines Agency, Warning of COVID-19 Vaccine Dangers for a Third Time

The experts warn that cardinal symptoms of cerebral venous sinus thrombosis (CVST) dominate the list of adverse reactions to COVID-19 vaccines.

# Thinking Slow

- Founder has background in theoretical physics (Bell's theorem) and has worked on financial models.
- Spotted early on inconsistencies between Ferguson model and actual data recorded on Diamond Princess.
- Set up website and Twitter once realised that reporting concerns to Parliamentary Committee achieved nothing.
- If you want to be involved (social media, research, graphic design, website and defending liberty then DM).
