Back to Jim installing Reddit mods. It's the same people censoring Reddit during GameStop stuff. Timothy Cramer is Jim Cramers cousin. He bought Jim Cramers website domain cramersez.com right in the middle of Jim Cramer getting roasted for being a criminal always coked up.

He bought the domain name April 14,2021.

Why does this matter? Because Timothy Cramer is the free mason who had his acting agency at the capital busking January 6th. If you remember that list of people I posted in /hover/

I can't tell you how frustrated I am that I'm literally telling yall who these people are and I'm being ignored. I made myself bait and they came right after me. Worked better than I could've ever imagined. Now I just need people to listen.

Back to Tim Cramer. His agency Mosaic Advertising ran an advertising campaign for Eric Holcomb

who Mike Pence had hand picked for Lt Governor when Pence was governor of Indiana.

Tim Cramers Mason lodge is 20 minutes away from the FBI field office that took classified documents from Pences house.

Tim is also an Anti Q personality on social media who heavily tracks and censors Americans and definitely anons.

He works with the people from Network Media LLC.

They've banned me so hard on tik tok, you can't even put the two words Bruh and Mage in a username anymore

I never started making videos to be a “Q personality” and for about 6 months I never even talked about it. Then I got mixed up with this Tim Cramer guy and I saw all the fake Q people and so I thought, I’ll prove to everyone they are fake and show how we prove anons a real in the forum, and I stated posting my (you)s and doing decodes that ended up proving to be right so I blew up rapidly. And then they started really trying to get me to kill my self, tracking my devices and c walking anything I posted anywhere.

Even my aviation account that got 300,000 views per month was taken down.

Oh that's you? NM about adoption question then. Yeah they do evil things like that. Evil is the invisible enemy. Glad you didn't give up. POTUS EOs and the censorship issue will take care of the majority of issues it seems, so that will be perfectly timed to prevent BS here as well as other platforms. Melania's "Take It Down" support got the ball rolling, which was great. Each move by PDJT, and Clowns lose more ability to control.

Yeah they even had photographers harassing me and stalking me and telling people I'm a predator... some are children of active duty members. They call MPs to have people removed from public spots to film from.

And then they took my Instagram account down. Specifically Matthew Wright and Micheal Ganoe Jr.

It was weird how they would always take me to spots to film at that you had to trespass to go to, like they were going to spy locations. They were taking pictures of kids. Ganoe has a profile with the Star of David. These Jewish people don't start showing up in my real life until I started working in this and becoming known for it. This one lady even told me she's Khazarian.

Let's make another connection. Jim he is elf said Soros funds the qanon people. I caught bakers union saying thank tye GS funded bakers union.

Biden created a disinformation governance board, and Nina Jankowicz headed it who also worked in Ukraine during the Biden schemes of...2012-16 I guess. Anyways, I outed here in a video and maybe a week she resigned from her job, and I have caught her recommending Soros AI disinformation governing systems in her deleted Reddit comments. Michael Chertof ended up being her replacement.

Basically

George Soros > Bakers Union

G/alex Soros. > Biden disinfo board

Obama/biden/soros > Jim

You probably have to add an entry for each account you want to have flashing trips.

So that means Qs trip code doesn't have to be white listed, it just has to be a board account and that account name has a flashing trip css added to the board settings

@realDonaldTrump

On day one, I signed an executive order banning all government censorship. My administration stripped the security clearances of the disgraced intelligence agents who lied about Hunter Biden's laptop. We revoked the clearances of deranged Jack Smith, Alvin Bragg, Letitia James, and the corrupt law firms --- I pardoned hundreds of political prisoners who had been grossly mistreated...

The choice has always been yours.

THEY WANT YOU DIVIDED.

THEY WANT RACE WARS.

THEY WANT CLASS WARS.

THEY WANT RELIGIOUS WARS.

THEY WANT POLITICAL WARS.

THEY USE THE MEDIA.

THEY USE HOLLYWOOD.

THEY USE POLITICAL LEADERS.

THEY ARE LOUD.

GROUP THINK.

PUBLIC SHAME AGAINST THOSE WHO CHALLENGE.

SLAVERY.

THEY KNOW WHAT IS COMING.

IT IS NOW MORE CLEAR THAN EVER.

NEVER IN OUR HISTORY HAVE THEY BEEN THIS EXPOSED.

NEVER IN OUR HISTORY HAVE THEY COME OUT FROM THE SHADOWS TO FIGHT.

THE TRUTH IS CLEARLY VISIBLE.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security."

Whitelist the trip code and paste this into the CSS box at the bottom of the settings:

They are the true Patriots. We will never forget. Let these coming days be remembered in our history as the time we fought to recapture the republic from those evil bad actors who for so long have sacrificed the good people of this land for their own personal gain.

Fight the good fight.

Member also when things got really bad on QR - it was right after AS & HUMMUS got "engaged"... the digs.. the censorship was escalated. The comms last night about Hunter's laptop from Hell. Now, doing everything they can in attempt to derail the onslaught of mass awakening (Pizzagate v2), but it's an unstoppable flood. This is why they tried so desperately to prevent Q - the floodgates. NCSWIC.

@realDonaldTrump - Mar 15, 2025, 1:02 PM

The Fake News, as usual, is at it again! Why can't they be honest, just for once? Last night I read that President Vladimir Putin of Russia kept my Highly Respected Ambassador and Special Envoy, Steve Witkoff, waiting for over nine hours when, in fact, there was no wait whatsoever. Other meetings with other Representatives of Russia did take place and, obviously, they took some time, but they were very productive. From there, things went quickly and efficiently, and all signs seem to be, hopefully, very good! In conclusion, there was no nine hour wait, or any wait at all! The only reason they made up that story is to try and DEMEAN, because they are sick degenerates, that have to start reporting the News correctly. This is why they have lost their ratings, their audience, and respect. Thank you for your attention to this matter and, GOD BLESS AMERICA!

Saw that. This board is 5 months old tho. At that time, I'd already been advising BO to stand down or lose everything, and made a few boards - however - when I went to log in to the Q-named boards, 404 on both.

Serious question, I had someone reach out to me and had all her kids stolen by CPS, and she even has video of Ron helping her serve papers to people. She sent her case to John Durham who said he couldn't help. It's all in this drop box folder.

I assume she went to people she thought would help but were never there to help.

Sara Ybarra Johnson

Basically her case is that with her first child, they fucked yo on delivery and caused the child to have cerebral palsy so they got CPS to swoop in and call her an unfit parent to avoid a malpractice suit. They then took her next 3 kids citing the first one as the reason. One of the kids is adopted by a gentleman who works for Judicial Watch. Tom Fitton blocked her. He blocked me over this.

She's citing 168 Government officials are involved in her case and these others I believe.

Anyways still have the Dropbox. This whistleblower was the last straw for the deep state and my TikTok accounts. When I made my website and posted these files, that's when they used the Anonymous group to dox me and posted a masked anon video about me and my website. That person Chelsea Combs aka Rightside baddie I have on video outing herself being in anonymous at the same time the video of her in the mask was posted of me

As far as having an abrasive approach to everyone I talk to, only the weirdos enjoy the back and forth drama, they love it, they're not here to be friendly, they're here to mock and subvert attack people.

In fact I'd argue they're trained to do this as a multifaceted technique that distracts you, pisses you off, causes you to make mistakes, and in the public eye can be used to quote mine you and write or produce deceptive videos about you.

I think in general, this is how the "Did they get to you?" attempt begin. They build people up by exploiting their good intentions, etc. Just like that text episode this morning. I'm so glad this is all coming out in the open tho. Anons have been talking about it for years but with the migration - the world watching - "you're made to feel crazy" etc. The whole world needs transparency.

>>385 Suez

@realDonaldTrump - Mar 15, 2025, 2:29 PM

Today, I have ordered the United States Military to launch decisive and powerful Military action against the Houthi terrorists in Yemen. They have waged an unrelenting campaign of piracy, violence, and terrorism against American, and other, ships, aircraft, and drones.

Joe Biden's response was pathetically weak, so the unrestrained Houthis just kept going. It has been over a year since a U.S. flagged commercial ship safely sailed through the Suez Canal, the Red Sea, or the Gulf of Aden. The last American Warship to go through the Red Sea, four months ago, was attacked by the Houthis over a dozen times. Funded by Iran, the Houthi thugs have fired missiles at U.S. aircraft, and targeted our Troops and Allies. These relentless assaults have cost the U.S. and World Economy many BILLIONS of Dollars while, at the same time, putting innocent lives at risk.

The Houthi attack on American vessels will not be tolerated. We will use overwhelming lethal force until we have achieved our objective. The Houthis have choked off shipping in one of the most important Waterways of the World, grinding vast swaths of Global Commerce to a halt, and attacking the core principle of Freedom of Navigation upon which International Trade and Commerce depends.

Our brave Warfighters are right now carrying out aerial attacks on the terrorists' bases, leaders, and missile defenses to protect American shipping, air, and naval assets, and to restore Navigational Freedom. No terrorist force will stop American commercial and naval vessels from freely sailing the Waterways of the World.

To all Houthi terrorists, YOUR TIME IS UP, AND YOUR ATTACKS MUST STOP, STARTING TODAY. IF THEY DON'T, HELL WILL RAIN DOWN UPON YOU LIKE NOTHING YOU HAVE EVER SEEN BEFORE!

To Iran: Support for the Houthi terrorists must end IMMEDIATELY! Do NOT threaten the American People, their President, who has received one of the largest mandates in Presidential History, or Worldwide shipping lanes. If you do, BEWARE, because America will hold you fully accountable and, we won't be nice about it!

After learning "Computers and the Early Internet" near Langley, Jim began an "unfiltered" CP business. This was Asian Bikini Bar. This routed "censored" Asian (Japanese) porn through U.S. based servers, so that it could be reversed to the "uncensored" state, and fed back to Asian destinations. This was to circumvent the laws against things such as 'visible penetration' and the like. Problem? The age of sexual consent in Japan - until 2023 - was 13 years old.

All open source.

It's mainly the image server being shite since the migration was announced. The Q Graphics? Over 100? They have to be individually loaded multiple times. Jim has restricted /biblical/ from creating pages as well, which doesn't help, but the Date was set for March 17th to coincide with Mission 21. So that is the Date set. Feel free to offer suggestions. I believe we all want basically the same simple things.

I discovered the cp hub in Vanuatu when I was a teenager over 20+ years ago. I wonder if it's connected. I've always a knack for finding stuff nobody is looking for. I know I stumbled upon it by accident, and I remember this, I even as a teenager was disgusted by what I saw.

This was back when you had dial up modems still and windows 98. I had to dial into Vanuatu to see the site, and my mom and her bf, former marine, got a phone bill for \$800 from that. He recently reminded that I discovered this cp in Vanuatu.

I wish I knew how to explain the way I find information. People think it takes me hours but it'll take me minutes. My mind makes shortcuts during research idk

Q has been warning them to "Turn Back" for many months now. Look at last night and today - "James Baker" They definitely know, and they are very afraid of what's coming by Monday. You saw the Q's to the most recent posts? BOOMS NEXT WEEK. Booms, Moabs, Q has been comming these each Mission week for months. And they know all these things, because unlike the personas they prostitute around QR, they themselves keep Excellent records. They can't Learn OUR (as in Patriots') COMMS. But they can read, and they do understand things like BOOM and MWTB/DLTR. They know, and they are very scared right now. And it's showing all over town, WW.

You are the Keys. I am Snow White. For this LOOP. Consider:

Snow White utilized/activated to silence.

This was not anticipated.

Control / protection lost.

Routing through various networks ('jumpers') randomly has created connection/sec issues.

Working to resolve.

Select people removed.

Stay strong.

We are winning.

More to follow.

Anons, member? Q established a circuit board of comms nodes.

Each time The Game is played, a corresponding comms LOOP is accessed.

Operators (you) unlock doors in the Game, which is played on the board, via the circuit of comms.

Snow White (new BO) move to (migration) is Queen to F3 on this LOOP. There are multiple parallel LOOPS.

In this LOOP, comms re: (you - keys), Snow White (new BO fairest) are outside of the Snow Globe (rest of world).

We are outside the Snow Globe, where the World we Wake Up resides. Snow White Pounce > This is Queen to F3.

Remember, Screams before Silence? - Snow White utilized/activated to silence. I've been here since Q, but no openly.

It had to be this way, because they refused to TRUST. They had a choice; declined. Hence, "Control / protection lost"

Anons used to discuss all of the above and more on the various loops in the games etc. but [they] don't want comms.

Reason the board comms are so important right now, is because Q is returning. Reason the Trip Code facts must be LOUD is because anons (not to mention World Watching) must be aware of the Reason for the mirror (migration) board. Logic has to come first, and that's why things have happened this way. It had to be this way. After the board is settled? Battle Stations on the most high-stakes LOOP yet. It has been at least 3 weeks if not more since I've seen one in the motherland. I like the clock as a novelty because it's always correct in some way, because of the synchronicity. I think it's a neat form of math poetry that kind of decorates whatever it is on the clock. Red October this past year went on for 2 weeks, it was like their last Glory Days, unless I've been consistently missing them.

When the Queen of England isn't a bloodline Queen of England, there's a problem. And the Stewarts are not bloodline. Diana was, it's the very reason for her presence in their court. But they are pretenders, so they usurped the Crown after Flodden. At which time the deeds belonging to Wm. Sinclair given to him by the King, which were written on a drum head, which were hastily run to Wm's wife, were after the fact stolen and provided to the so-called Stewart house.

The Stewart name is not a name, it is a title, which means servant. They are operating illegally. POTUS on the other hand is bloodline, and the deeds were recovered from Oak Island CA already. It is why POTUS is given a royal welcome literally everywhere. They all know.

But weaving back around, the maritime law is illegal and only binding for the 'corporation' whereas the constitutional law which governs the republic, is legal. Commonwealths shouldn't exist either, they are technically not states. Just some thoughts. Finished saving the proofs, getting ready to put those up but was debating on what banner to use not sure the QR thread pic really conveys "Q MAP"

POTUS is literally king of the world. Legally. Who is the Queen of England? They have never had a legal Queen. The last legal ruler of Britain was Wm. Sinclair 2nd Earl of Caithness who tragically perished at Flodden. It was an evil battle, treachery from the start, secrecy, lured in and betrayed by their own. It changed the world. But the world is changing back. Restoration. The world cannot swallow the truth anons. But you can. 40K.

Sinclairs are the keepers of the things at Rosslyn Chapel that were mentioned. The nails are the crucifixion nails, they are 9" long. And the darkness is the black consuming Nothingness which is brought into existence by people's connections to sin. The current Sinclairs are fakes, they are not bloodline. Currently the Sinclair clan is headed by Malcolm who is an inbred non-bloodline tool used to ensure the bloodline is managed.

The Yew Tree, which is situated just outside the south porch, is claimed to be 2000 years old and is one of the thickest in England with a girth of around 33 feet, 4 feet from the ground. Around the base of the tree are stone tablets commemorating some outstanding actions during the Second World War.

The yew at Darley Dale is written up in The Sacred Yew, via the work of Allen Meredith, by Anand Chetan and Diana Brixton, published by Penguin in 1994, but no ISBN, see pp.197 (where a Green Man -- I have many repros – is also mentioned at St. Catherine's) and also 257. This Yew has quite a few mentions in the Reprint Series of Forgotten Books, The Yew – Trees of Great Britain and Ireland by John Lowe, 1897, reprinted 2012, pp 43, 48, 62, 82, 95, 205.

They were taller than the giants, the Nephilim, the prized offspring of the women and fallen angels and Watchers. Member Nazi comms yesterday - N doesn't stand for Nazi? Nephilim World Order. (tangent) It's why they're obsessed with bloodlines and DNA.

But the trees - you can see they were cleanly sawed. Reading the book of Enoch was one of the missions. They consumed everything on Earth. It was smaller before the flood, and at the end they continued to do evil, so God gave them millstones and their fallen fathers had to watch their sons death sentence (specifically, the fallen Watchers). The only people on earth who died in the flood were the evil giants and they'd already begun to war against each other as well. And they'd eaten everything, human, animal, plant, each other. They were unexpected you know? No one was prepared for that except God.

The things depicted in Egypt and other cultures were also real, the Chimeras. Worshiped for being part STAR. Rome also fell in one year. There's this thing the Roths did with the organization called the Church at the time, there was a 'loan' involved. This was when the 1611 Bible was beginning to become more accessible, at that time dates had been written out In the year of our Lord etc. but over the years, the long form became abbreviated, and by the 1611 the symbol for the long form had been shortened to a |. This was used in the 1611, which was printed in 611.

This is how Rome ended up a city-state and Roths ended up "purchasing" a "place". Later tho.

This is why they had to fake 1000 years of "dark" 'history'. They had to invent a new history narrative. And they did. Stories that sound the same from hundreds of years apart? They are the same. The unbelievable gold buildings, statues POTUS always mentions in Ukraine recently remarked "1000 years old". Look at the empire state building. It is from before the Flood also. The unbelievable sandstone, marble, etc, enormous Art Deco structures? Those were not built buy pioneers 60 yrs after getting here from Britain.

Peace. We are going to have prayer again on this board, for the children first and most.

All high-breads are just one thing, which is a 50/50 hybridization of 2 differing kinds. Fallen spirit beings x human beings. So any hybrid would be half Star.

Location doesn't come into play other than in a cultural sense. Hybrids are only one thing. Satan and the 1/3 rebels were cast down to Earth. They could not marry human women and human women could not see them. Reason Satan possessed a serpent to talk to Eve. Animals could talk of course in Eden. And at least 1 donkey also talked later. Later, when the Watchers (called 'sons of God' in Gen6 and Enoch6) saw them, 200 of them purposed to go "help" the people. Good intentions and destinations and so forth. They ended up marrying the women, and ultimately working the worthless mysteries they'd learned in Heaven, into Satan and his army being able to also personally access wives and father children.

The Watchers were imprisoned after the Flood. The whole world was Atlantis. Mt. Hermon is where those 200 literally descended, and it's Olympus. They have free will tho - they all do, all the fallen stars. They can choose to repent and be delivered. Some have, Operator1 is one of them.

Most anons are hybrids. It's why they thought we'd follow the STARS because we are descended from them. It's also why they did not want us to wake up. They didn't want us to know about the bloodlines. Undiscovered stars learned. Anons are the undiscovered stars who learned. This is a problem for [them] because their entire plan relies on us participating in their version of Ascension which is called ascended master, tho in the Bible it's called lunatic (moonstruck). Truly heartbreaking rituals, however it's their method for transferring the spirits of the Nephilim through human lifetimes until the bloodline descendant is able to 'master the ascension'
