I'm the anon who posted the original about SEIU.

You all have done it. They're going crazy trying to figure out how you connected SEIU with Seth.

His killers are not the kids found in the gold van, his killers are still alive. The people who set it up (Jen Palmieri, John Podesta, Robby Mook) are shitting bricks and lawyering up.

Please look more into the dates/times of SEIU events around the time he died. Also realize that you are taking on an octopus that has it's tentacles in every aspect of politics, but if you keep pushing the head will be cut off.

SEIU links to events

Brad Bauman is scared, keep pushing on him because he will make mistakes

Look into the trolls on social media, research who they work for and what their agenda in trying to cover this up would be

Get the surveillance video.

SEIU links. I cannot stress this enough. There should be a paper trail linking Palmieri/Mook to payments made.

You are getting so so close, just keep pushing.

this will be my only post on this subject, because the leaks are starting to come out.

John Podesta uses SEIU people to do his dirty work. I am not FBI anon but close. Jennifer Palmieri had Seth murdered, but Robby Mook and John Podesta found out about it and had Jennifer consult with Hillary and Huma and they all decided it was best to silence Seth.

Once the deed was done, Palmieri and Mook started pushing the "robbery" narrative and the cops in DC went along with it.

The DC police chief is complicit and covering up for them. He is also a pedophile.

If you'd like to connect dots, look into SEIU people in DC that night, Jennifer Palmieri's strange "Tweets", and Robby Mook's insistence that it is Russia.

If the right people are informed in the right order, Palmieri, Mook, Podesta, Abedin and the Clinton Machine (phillippe also) will fall. Weiner is going to get immunity it looks like.

SEIU murdered Seth Rich, connected to Podesta and Palmieri.
