GM

Eric:

Without waiving any rights to the aggregate amount of the Eudora check, Hunter requests that 75% of the \$21K Eudora check be paid to his account.

Did you forward me a copy of the operating agreement for RSP Holdings? I only have the Skaneateles LLC operating agreement handy. Can you explain the basis for your continued operation of the broker-dealer and the source documents/provisions that evidence that authority?

Thanks,

George

George,

I can get Joan to send you the RSP Holdings Operating agreement shortly in case you don't have it.

But as way of background, a FINRA registered broker-dealer can only be operated by someone who holds a Series 24 FINRA license. I am the only one affiliated with this broker-dealer that has that license. Because of that the operating agreement designates me as the managing member. Changing that designation would require approval by FINRA.

Happy to explain further if need be.

Thanks,

Eric
