Well it's not like they can afford to have children anyway. And it's not like our government WANTS them to create more American babies. So why not double overnight your armies? Double the bodies to go die for Israel! The entire country is being flooded with low-IQ brown people babbling in their shithole languages and shitting out a new slave labor force.

I hear soldiers get DOUBLE insect protein rations. DOUBLE! Doesn't that sound delicious? I can't wait to die for Israel!

It is not a singular "Warmonger", it is the Obama shadow administration the really runs the Biden Whitehouse. See Obamas track record for fomenting "peaceful" movements around the world. The Obama administration is simply the IV drip of poison that the International Roundtables control. Fun fact unlike almost every other American president after Obama left office he immediately purchased a home in Washington DC. That would be the real "Whitehouse" right now by function.

kike obsession with enslaving everyone led them to instigating and guiding the creation and spread of Islam, as a proxy army and replacement for Christian peoples because Christianity creates an anti-slavery society due to making everyone equal individual souls under Christ. Like what happened to the kike slave businesses under Visigoth rule which at that time outlawed the ownership of Christians. Kikes were big mad about that. So mad that they invited their Arabian brethren to invade and reestablish slavery. I thought that it was weird that they worked so well together to invade the peninsula that it made more sense if Islam was created and shepherded by kikes themselves and styling themselves as Muslims.

Islam was invented to fool dumb Arabs into fighting wars that Kikes did not have the numbers to prosecute themselves. After the mass murder of Christians at Mamilla Pool in 614 AD, Kikes realized that Persians would not

help them anymore after they showed their evil when they murdered women and children for being Christians. Kikes passed their hatred of Christians to Arabs and Mohammad was invented to fool the Arabs so they would believe a fellow Arab said it was good to rape and murder whomever you please to spread Islam.

>kikes dominated Arabia and carried out genocidal hate for Christians

Not to mention how the Ottoman Empire was a Cucktholic creation. They built Cathedrals, upheld what were basically secular Catholic values, never attacked Catholics, never executed Catholics, read Catholic literature, saw themselves as a continuation of Rome.

And we know the Catholic Church is occupied and owned by Jews, so I think you're onto something anon.

He seems to consider humanity a lost cause now because of this.

Antennae and transmitters both being used.

People near any radiation are susceptible to this interaction. That also causes inflammation that leads to all the health problems.

If we want to build a garrison state, run by military, for the needs of the military (drafted by Harrold D. Lasswell in 1941), then your premise is sound.

But, if we want to continue the supremacy of the businessman (as the only opposing force to the Garrison State - Lasswell), then we need Trump.

Simple as.

To entertain the notion of the HF attacks, and I am more worried about the LF ones, signals with a wave length smaller than the body it hits are being reflected right?

So ambient RF noise should give a clue of whether or not someone has a signal directed at them, right?

Either way who cares about the CC signal. If they can carry any kind of bio/chemical agent to the target with this nonsense intelligent dust sized flying drones. Which by the way, if they aren't too small too see, could have some kind of cloaking tech?

You can walk past a fairly new grave, of someone who died that was jabbed, and bluetooth will pick up a signal.

Zombies never die, I guess.

It only takes a small amount of rads.

Smart devices of all kinds will do the trick.

It's not just about communicating, but killing.

If any amount of radiation will activate a person's tendency to become inflamed - leading to cancer, heart disease, whatever, they'll get zapped anywhere. Not just standing under a street lamp.

Those are mostly good for surveillance, imo.

Such kindness and understanding can only come from knowing the extremes. Knowing that you have all the power there is to destroy any enemy when ever. True bad, can only be the true good. Everyone in the middle are just insecure.

Back then I didn't pay it any mind, nor do I believe that it's just a fungi keeping me busy these days.

Pretty sure there is still some drug/poison/gas at play. TVOC don't lie unless the device was broken or we have false positives.

Also what kind of killer fungi gives you rice korn sized pupils? A key indicator for nerve agents. which were found in some of the cuban cases with DEW's if you remember

I've got several acquaintances high up enough in the military and national guard who insist that the draft will be coming back within this decade.

I've been called a schizo for warning people about the return of the draft

>hurr the draft is obsolete and no American would agree

But it will, and most citizen draftees won't be put into combat roles. Recruitment is at an all time low and won't be getting better. If you have the faintest clue of where the West is heading then you should know it's war against China. All Russia-Ukraine is a precursor to war of West vs China. Testing of weapons, depletion of old weapon inventory, logistics testing, etc.

The primary purpose of our unfettered immigration is to increase the pool of young men to draft as foot soldiers and agricultural laborers.

Women won't be drafted into combat roles but they could always volunteer. Most people don't yet realize the draft will affect everyone. The draft has been expanded to include healthcare workers, agricultural laborers, etc. Most women will be placed under the healthcare part.

Illegals will be drafted into combat and laborer roles. The draft is not limited to citizens, but to ALL US residents who are male (soon female).

Illegals have the prospect of getting citizenship in return of military service

Natureopathically; frankenscense massage oil w/ geranium oil, lime oil, lavender oil & grapefruit oil.

Apply to hands, forearms, and feet at least once a day.

Alternate with a salve made of 8-Hydroxyquinoline (because this WEAPONISED black fungus has parasite DNA) and oil of clove with sodium borate lubed with petrolatum, water, lanolin, and bees wax. Keep it all in suspension with .2% isopropyl alcohol.

You're welcome.

We all know, something isn't right here. The "mystic world powers" seems to miss their targets and screw everything up all the time. Well, the fact is, things do have been changed and the order of things have been changed. Nothing you knew or thought applies.

The Son, himself, will take command.

BUT prior to that, there's been couple million angels sent here to soften up the blow and make people to realize what it's all about, and what it's NOT about.

The fears of judgement and "sin" have been so perverted and convoluted, that sheit man..

You've needed guys like me.

What the HEAVEN is all about, is just simply based.
