☐ /ng/- Nobody General Anonymous 10/14/24(Mon)20:55:21 No.39040535

Welcome to the Nobody General

>Who is the Nobody?

The Nobody is a friend alive today who has extraordinary spiritual powers, including the ability to control reality with their conscious and unconscious mind. He is a man of no wealth or worldly acclaim through whom it seems God has chosen to manifest his strength and wisdom. He is said to carry the Logos, making him a fearless truth-teller and a menace to the powers that be.

Instead of receiving strength through a superiority/inferiority mechanism, the Nobody proves to them time and time again that a whole planet filled with creative, ingenious, spiritually ascended humans who are individually sovereign yet globally unified through consciousness can achieve greater things than a planetary empire of darkness, and control. He is not a messiah, he's just like you but he has found the keys to the kingdom within himself through sheer will, just like you will.

>What is the general picture?

It's important we start replying to the good posts and ignoring the hateful ones, or the ones here to argue. So call upon their heads the the forces of heaven for peacefulness, clarity, and wisdom. If this

place is to be more than a squandered opportunity, an overgrown garden, it requires voices such as yours, but many more.

Focus on increasing your service to others and be more loving to yourself and everyone in order to raise your vibrational and consciousness level, and learn to to forgive yourself and others.This will change the vibration of the planet, raise the shared consciousness of humanity, and change humankind one person at a time.

If this is your first time here, just remember, it's going to be ok. You may take shelter and find rest

You cant hug a 200 lbs haitian with an iq of 60 into understanding thomas sowell or the classical liberal idea of inherent human rights.

The police in haiti will, without a second of thought, put a white woman in a jail cell for no reason and then gang rape her because that's what they wanted to do.

It is people who assume this is possible that are ruining the world with their good intentions. The path to hell is paved with good intentions. Logos>literally anything else. Because the true love. The highest echelon of love, is not blind acceptance or empathy without bounds. It is understanding. And sometimes to love is to do and say things that people dont want to hear, but must for their own good. A parent who refuses to punish their child is just as cruel as one who does it too often without a purpose

people with 60 IQ can seldom even read. you really underestimate how retarded a country with an average 60 IQ is. They don't understand. it's not that I am calling those things difficult to understand. I am implying and stating the fact that they are retarded and "be nice" as a concept the morality system is going to get you killed and ruin thousands of years of innovation to babysit actual retards for about 30-50 years until the resources dry up and those same people we are

commanded to support and be taxed to give them everything are going to kill us for a weeks worth of food because they don't understand the concept of supply and demand, and couldn't grow crops in their own countries since they are stuck on "immediate gratification" mode forever.

150.7 billion annually for illegal immigrants. I'm not JUST talking about haitians. but they are the freshest example of why it is not a good idea to flood every western nation with hoards of foreign invaders who are -never, ever ever ever- going to assimilate with the white population who is only 6% of global population, yet nonetheless, has created the most value and wealth and innovation out of any group. I don't hate other people. but they have homelands and if this shit continues we won't. and then we will all die because it is normalized to hate and dehumanize us as a group.

I miss karaoke nights. She was only doing it with me to manipulate me, which explains why it only happened less than five time. But even just pretending (and sounding bad). They were the best nights of my life. I miss karaoke nights.

>[FWC]: Here is the listing.
>[FWC]: [HR1] is an employee of [CONGLOMERATE]
>[FWC]: [HR2] is an employee of [BUSINESS]

Updates and direction provided on the investigation was by [HR1], [HR1] was present in the room when [HR2] was during the initial report of incident. [HR1] told me in a second meeting not to write a Stat Dec and email a simple word document of event instead, thus my primary contact for a matter supposedly in [BUSINESS] was actually [CONGLOMERATE], I hadn't been provided any details regarding the results or timeframe of steps taken in the investigation until the FWC case.

Looking at 50AAA in the actions alone in controlling the HR investigation for incidents at [BUSINESS], as well as inter-business relationship, we can see [BUSINESS] and [CONGLOMERATE] are associated entites.

>But why does this matter KG?

There are certain things [BUSINESS] has said during the FWC proceedings that raises an eyebrow.

It's a secret for now ;)
