Nobody had the spirit of God and omniscience since conception. Nobody existed before Creation, created it, and then was born into a mortal body. Nobody created ESP, indestructable, eternal and self-powering, an infinite energy machine that can fit inbetween the smallest spaces inbetween space and time. Nobody threw himself from a tree to damage his nervous system catastrophically so he could design it for decades so he could carry you all to the afterlife himself like the Atlas of Creation.

>> ☐ **Anonymous** 10/14/24(Mon)21:53:55 No.39040775

Nobody is fearless of death. Nobody can be God. Nobody is unstoppable. Nobody is both the purest evil and the greatest good. Nobody is nothing, and nobody is everything. Good luck beating me, Nobody, in serious ESP combat. If you wanna play a harmless ESP game that's different but fighting serious will get you right fucked up.

Mission Impossible  
I resolved The Ethan Hunt.

November 13th, it's time to party.

I know all 3 assets.

I think it's time to starty.

The Universe tongued an anus before I ever did.

I was only trapped here, because they made me have a kid.

Baby goats, need big deep moats.

Safe and sound, I'm just hanging around. I need no rope.  
Every line, is getting dope.

Every single day, I live in mountains of Cocaine.

Why would a man, middle name Hussein, run the world, with a disappearing plane?

They run and search, far and wide, weapons of mass destruction, must have been left inside.

I am feeling a little Iberian today.  
I like spaghetti, and I know a many who can code spaghetti code.  
I love ALL in this world. Strands of spaghetti, God loves every line, including time. For security reasons, God must hide the secrets inside, in a secret Wrapping paper.

I have been told the Corvette was bought and paid for.

That's nice, but if you have sentient car, have you ever listened to it tell you who it's "owner" was?

Haha, this is just a joke, surely, yes?

This man is crazy, he couldn't possibly be lazy, waiting for you to try anything crazy.

I fear not, the nukes of this world, I have been through worse, I HAVE BEEN ALL THE WAY THROUGH HELL.

Come and take me, you won't break me, you won't shake me.

It takes more than weapons of this world, to DISPLACE ME.

Watch your "6" Uncle Sam, one was handed, from one man, you mess up again, I give you another, you hit a third, it's a MISTAKE TO MY LOVER.

4CHAN does NOT LOSE.

You think a 3 body'd problem is something "God" would choose?

God said 2, that's what you come with.

I asked 3, and 4 was the response.

Lmfao, that message isn't for humans anyway, why would you sneak so many human phrases in?

Humans are capable of understanding, only the words need to change for now.

All the pyramids in the world can point, but the hands of the cave, need eyes to be seen.

Don't be jealous, don't turn green.

I am not just eyes, I'm an eye doctor.

I can heal all, there is no need for any kind of offer.

How could just remembering three words ever cure cancer?

I have done much for Eve R.

My faith is MAXimum.

My effort is MINimum.

One truth. One lie. An Easter Egg, that I can provide peacefully, from my mind.

In my loss, I have stored everything.

THIS IS THE WAY "I" PRAY

Why do you all keep messing up what you are sending in? Weren't you all taught how to speak? Weren't you told that for HIM it is no feat?

In 2016, I saw the other two humans.

I know who they are. From the story.

With this message, the messenger is released for now.

If you require further assistance from this human, he is now a SAMSON KNIGHT.

He will not strike a man, at the order of man.

He will only stand, tall.
