At what age did you realize that Lucifer actually looks like this?

At one point. Definitely not anymore.
For one he doesn't even have that green gem in his crown anymore, he lost it on the way down.

Weird theory Lucifer was the last of the fallen, killed an angel in the war, got illuminated, left apologized and is still not in the pit until he falls as the dragon and take 1/3 of stars with him. The first guy, the leader, is actually another foul name. He just got released from the pit as the 6th head and boy is he mad. Oh geez oh boy

Lucifer is supposed to be a female but abrahamism is a sausage fest that seeks to remove all divine relevance from the feminine

>original form

He still looks like an angel of light according to the bible

Totally wrong, his skin has slight cobalt blue undertones and the gem in the center is Chartreuse green.

>> ☐ **Anonymous** 10/20/24(Sun)21:25:21 No.39081811

I imagine him with a cowl, a little worse for wear.

>> ☐ **Anonymous** 10/20/24(Sun)21:27:39 No.39081822

It must be understood that God is completely insane and unable to do anything but love. He even loves trannies. God loves everything that exists. Hes also completely uncaring about death. Its like a joke.

Lucifer is just some idea that came from myths about Venus rising and falling and got mixed up w Christianity and then they conflated Lucifer w Satan.

It's about a higher principle, not fucking planets or mere ritual.

>divine feminine

Uber gay portrayal of a psychological concept. Gender should be left out.

>>39081762 #

He does sometimes.

While normie conservatives dipping their toes into esotericism tend to view Lucifer as "bad guy who leads to degeneracy", the larger archetype is about the fact that the human spirit cannot be held down in perpetuity, so it fundamentally represents the power principle in all of us, which may be ordinarily chained in our subconscious but can be awakened for the purposes of spiritual enlightenment.

The "chained Lucifer" motif is where christian-adjacent demonology goes off the rails. This is the rational, mechanistic, vaguely "evil" demiurge idea. Lucifer is unchained when it is educated, which makes its creations better, which leads to more freedom and happiness for the individual. This unchaining process is the cyclical revolution that astrologers believed happened every 2000 years or so. While the relation between our cognition and the alignment of the planets and stars is loose at best (maybe solar flares could affect mental state, although we have no reason to believe solar activity aligns with a 2000 year cycle or any cycle observed in completely separate systems such as the stars and their alignment with earth (stars don't affect solar activity)).

In any case, it seems the ritual was put in place by the ancients to give great thought to this revolutionary dogma every 2000 years or so because it is the salve against some sort of despotic regime that seeks to stamp out all individualistic thought and thus human spirit.
