Did you know?

- 1. The FDA did not approve [Moderna](#) or [Pfizer](#) mRNA gene therapeutics they dubbed "vaccines". It simply authorized them. [Fauci](#) confirms. [19 doctors](#) warned the world of the dangers. AstraZeneca is being dropped by 24 [countries](#). Johnson & Johnson, a [Viral Vector](#)(1) vaccine that was given [Emergency Use Authorization](#) on Feb. 27, 2021, was halted by several states due to the [formation of blood clots](#). The [CDC](#) had confirmed. But distribution resumed after a [10 day pause](#). The CDC also [confirms](#)(2) the Pfizer & Moderna jabs are the [deadliest](#) of all "vaccines", also in a [bar chart](#). 5 prominent doctors [discuss](#) how the Covid jab is a bioweapon, and what to do about it
- 2. The [clinical trials](#) will be completed in 2023, there are [12 vaccine companies](#) ramping up their marketing, and you are the guinea pig.
- 3. The FDA & CDC have not revealed to the public over 20 adverse effects, including Death, related to Covid19 vaccines, which were discussed in an [October 2020 meeting](#). 3,186 deaths from Covid19 vaccines are reported by the [National Vaccine Information Center](#) as at 4/16/2021, and [one-third of the deaths](#) occurred within 48 hours. For clarification purposes in this article, Covid19 is regarded as an influenza variant. Some will argue that it was developed in a [Gain-of-Function](#) lab. That is moot. The primary consideration is whether an experimental vaccine is warranted for a disease with a 99.9% survival rate. I am for tried, true and tested (safe) vaccines. I am NOT for experimental vaccines backed by disastrous animal studies; neither is the world's leading pro-vaccine vaccinologist, [Dr. Geert Vanden Bossche](#), who asserts the virus mutates every 10 hours
- 4. The mRNA jab delivers a synthetic, inorganic molecule (medical device) that programs your cells to [synthesize pathogens in the form of the spike protein](#) that your immune system will constantly have to fight off for the rest of your life, according to experts such as Molecular Biologist & Immunologist, Professor [Dolores Cahill](#). She [explains](#). [Fauci confirms](#). [Dr. Lee](#)

Merritt [reconfirms](#).

- Others call it [Information Therapy](#) that hacks the software of life, according to Moderna's [Mode RNA] chief scientist. You essentially become a GMO. Dr. Sherri Tenpenny mapped [eight mechanisms](#) that can result in death by a Covid jab
- 5. The mRNA jab [does not prevent](#) you from contracting Covid19 or from transmitting it. Dr. Steve Hotze [elaborates](#). [Fauci confirms](#). The [CDC](#) graph underscores that reality, proving vaccines are ineffective and vaccine passports are totally useless. 87 million Americans have been vaccinated as at 4/20/21, of which 7,157 have contracted Covid after being [vaccinated](#), resulting in 88 deaths. Also, an imperfect "vaccination" can enhance the transmission of highly virulent pathogens, according to this [NCGI article](#). A [study on mice](#) concludes that the spike protein from a "vaccination" can cause lung damage

Did you also know?

- 6. The CDC inflated the death rate for Covid19 - that was not isolated - by instructing medical practitioners in its [March 24, 2020 directive](#) to ascribe the cause of death as Covid19 for all deaths, irrespective if patients were tested positive for Covid19 or if they had other comorbidities, so as to ramp up the fear, and doctors have publicly stated they are being pressured to mark Covid19 on death certificates. Here is a list:
 - [Dr. Dan Erickson](#)
 - [Dr. Scott Jensen](#)
 - [Infectious Disease Director Kris Ehresmann](#)
- This misstep by the CDC contravenes Federal Regulations, according to [IPAK](#). Each Federal agency is required to submit a formal change proposal to the Federal Register before enacting their proposed changes. A 60-day public comment and peer-review process ensues before the changes can be made.
- The fact is that [60,000 Americans](#) have been dying weekly, consistently, before and after the covid scare - more [data](#) - while deaths by influenza and other diseases have plummeted
- 7. The CDC later admitted that [94%](#) of deaths had underlying conditions. That means that of the 527,000 deaths attributed to the influenza variant masked as SARS-CoV-2 only 6% were actually caused directly by Covid19, or 31,620. That brings the true case fatality rate to 0.12% out of the 27 million cases
- 8. The survival rate for Covid19 is, therefore, roughly 99.9%. When using the state population as the denominator, the death rate is even lower, ranging from 36 to 247 deaths per [100,000](#). As at March 19, 2021, even with the doctored numbers and faulty tests, the CDC arrived at the following [survival rates](#):
 - Ages 0-17 99.998%
 - Ages 18-49 99.95%
 - Ages 50-64 99.4%
 - Ages 65+ 91%

- 9. The CDC lumped [pneumonia, influenza, and Covid19](#) into a new epidemic it called PIC in order to inflate Covid19 deaths. The [CDC stats for week of July 3, 2020](#) confirm that pneumonia and influenza combine with Covid to inflate the death rate. The Feb. 5, 2021 [report](#) does the same. The duplicity is underscored in the [search results page](#), where only "(P&I)" is mentioned, but PIC graphs appear upon clicking the links. Deaths by influenza have [dropped](#) from 61,000 in 2018 to 22,000 in 2020, while [medical malpractice](#) is the third leading cause of deaths in the US
- 10. [Hospitals are paid](#) \$13,000 for every Covid19 admission, and \$39,000 for every patient that is put on a ventilator, on average. [More proof](#) doctors and nurses [have orders](#) to place on ventilators patients who tested negative, effectively killing them

Are you aware that...

- 11. The PCR tests do not detect SARS-CoV-2 particles, but particles from any number of viruses you might have contracted in the past, and that a [lawsuit for crimes against humanity](#) is being launched by a German attorney for this fraud. Even [Fauci admits](#) PCR tests don't work. The [WHO backs him up](#). In this [CDC document](#), testing guidelines state that false negatives and positives are possible - page 39. The PCR test cannot rule out diseases caused by other bacterial or viral pathogens - page 40.
- But most importantly, on page 42, SARS-CoV-2 was never isolated in the first instance: "Since no quantified virus isolates of the 2019-nCoV were available for CDC use at the time the test was developed and this study conducted, assays designed for detection of the 2019-nCoV RNA were tested with *characterized stocks of in vitro transcribed full length RNA*". Neither the CDC can provide samples of SARS-CoV-2, nor can [Stanford and Cornell labs](#), and in a [CNN interview](#) Fauci said he was not getting tested and there is no need to test asymptomatic people. He [reiterates](#) that asymptomatic people have never been the driving force of a pandemic. Again, the [WHO](#) backs him up
- 12. There are [class action lawsuits](#) in the works, naming Anthony Fauci as defendant, amongst others. Here's a partial list :
 - - a lawsuit against the [CDC](#) was filed for illegally withholding information under FOIA
 - - the [WHO](#) has a lawsuit brought against it by German lawyer, Dr. Reiner Fuellmich, for crimes against humanity. Here is an [update](#)
 - - nurses are [suing](#) a hospital CEO for covering up the Covid fraud
 - - California teachers are [suing](#) for being pressured to get an experimental vaccine, the [press release](#)
 - - the Government of Norway is facing a crimes against humanity [lawsuit](#)
 - - the UK Government will be facing a [lawsuit](#) for crimes against humanity
 - - Israelis are launching a [crimes against humanity](#) lawsuit against their own Government
 - - the Canadian Government is facing a [legal battle](#) from the best Constitutional attorney, [Rocco Galati](#), who wants to see [Bill Gates](#) jailed

- - Florida is suing the [Federal Government and the CDC](#)
- - doctors plead guilty to [biotest fraud](#)
- - Human Rights attorney, [Leigh Dundas](#), is going after California for trying to vaccinate children without parental consent
- - a British [law firm](#) is fighting against 'No Jab, No Pay, No Job'
- And we're just getting warmed up. If Israeli citizens have brought their government to the International Criminal Court for Crimes Against Humanity, saying they are being coerced, against the principles of the Nuremberg Code, into taking an inadequately tested, experimental COVID injection by Pfizer, then the citizens of any state (West Virginia comes to mind where young people are bribed with \$100 for the jab) have that same right and obligation
- 13. Therapeutics and prophylactics for coronaviruses, like Hydroxychloroquine, have been approved in [WHO](#), [CDC](#) and [NIH](#) websites. But, suddenly in 2020 they were banned. Why? Because, according to FDA rules, only when there are no alternative therapeutics can untested vaccines be cleared for [Emergency Use Authorization](#). In 2020, the Canadian company, [Apotex](#), was giving HCQ away. Now, some [doctors are pleading](#) that Ivermectin be used as a sure cure
- 14. [Front Line Doctors](#) who try to explain the benefits of proven therapeutics are being silenced, and some have had their license [suspended](#). A concise summary by Dr. Simone Gold, who is also an attorney and founder of [America's Front Line Doctors](#), is a [must watch](#). As well, the [British Medical Journal](#) has broken rank and is citing corruption and suppression of science. [The World Doctors Alliance](#) joins the resistance. In Australia, the [Covid Medical Network](#) represents senior medical professionals doing battle
- 15. [Fauci](#) and the CDC have flip-flopped on [masks](#), [contaminated surfaces](#), [asymptomatic spread](#), [testing](#), and have only recently acknowledged that [herd immunity](#) is achieved when antibodies are spread by those who beat the disease (the 99.9%), but still recommends social distancing, only now from [6 feet to 3 feet](#), resulting in this lockdown [map](#).
- Speaking of herd immunity, the WHO changed its [June 7, 2020 definition](#) from:
- "Herd immunity is the indirect protection from an infectious disease that happens when a population is immune either through vaccination or immunity developed through previous infection"
- to:
- "Herd immunity, also known as 'population immunity', is a concept used for vaccination, in which a population can be protected from a certain virus if a threshold of vaccination is reached. Herd immunity is achieved by protecting people from a virus, not by exposing them to it" in [Nov. 13, 2020](#).
- But, it again reversed its position in [Dec. 2020](#), with this inane statement:
- "Vaccines train our immune systems to create proteins that fight disease, known as 'antibodies', just as would happen when we are exposed to a disease, but – crucially – vaccines work without making us sick. Vaccinated people are protected from getting the disease in question and passing on the pathogen, breaking any chains of transmission"(4).
- And the goal posts keep shifting

... and that

- 16. [Injuries](#) and deaths by mRNA jabs keep rising. [VAERS](#) reports 10,152 serious injuries as at 4/16/21. In the first quarter of 2021 there has been a 6000% increase in vaccine deaths from the same period a [year ago](#). Graphically, the jab looks more like a [stiff upper cut](#), to quote attorney [Rocco Galati](#). And that's if, according to a [Harvard Study](#), only 1% of vaccine related deaths are being reported
- 17. The CDC at one time [recommended DDT](#) for in home use, and used the same fear tactics to sell vaccines for [H1N1](#)
- 18. Documents prove that the media was to be the [key player](#) in creating the hype leading up to the promotion of vaccines, that a VACCINATE WITH CONFIDENCE [paper](#) by the [CDC](#) exists, along with its [British equivalent](#), and that lifting lockdowns - on condition of vaccination - is used as a [carrot](#) to get people to accept the jab
- 19. Politicians are caught on camera talking about the [theater](#) of wearing masks, and the NCBI, a division of the NIH, published a [paper](#) on the complete ineffectiveness of masks. Even the [CDC](#) warns of the dangers of masks, as do [these studies](#) on Mask Induced Exhaustion Syndrome [MIES](#)
- 20. The CDC owns the patent for [the coronavirus](#) that is transmitted to humans; also, a [patent](#) for a Covid19 test was filed in 2015, and Covid19 test kits were being shipped [around the world](#) in 2018

... or that

- 21. The Covid19 Vaccine was developed in just a [few hours](#)
- 22. Vaccine companies [cannot be sued](#) for injuries
- 23. Bill Gates, who [invested \\$10 Billion](#) into vaccines, [boasts](#) of how he injects kids with genetically modified organisms, and can't wait for the next pandemic [to hit](#)
- 24. Bill Gates is on record pushing for [vaccine passports](#). Parenthetically, various domain names for ["vaccinepassport"](#) were filed in 2016 by an entity in Milan, Italy, and that there are people who cannot take vaccines because of medical contraindications. A vaccine passport would discriminate against these people as they attempt to go about their lives, in violation of [The Americans with Disabilities Act of 1990 \(42 U.S.C. Section 12101\)](#).
- 25. Bill Gates is on record pushing for the right vaccines to [lower the world population](#) by 10% to 15%, and a call has been made for his arrest and trial at the [International Criminal Court](#) for crimes against humanity, while recently a TV anchor substitutes "immunized" with ["euthanized"](#)

Finally, did you know?

- 26. Covid variant vaccines are to be marketed without [safety trials](#), Fauci [confirmed it](#), and that antibodies/antigens to SARS-CoV-2 are found in [saliva](#), making the use of masks

counterproductive in achieving herd immunity

- 27. The CDC, that props itself up with statements like:
- “The Centers for Disease Control and Prevention (CDC) is the agency Americans trust with their lives. As a global leader in public health, CDC is the nation’s premier health promotion, prevention, and preparedness agency. Whether we are protecting the American people from public health threats, researching emerging diseases, or mobilizing public health programs with our domestic and international partners, we rely on our employees to make a real difference in the health and well-being of people here and around the world.”
- [buys and resells](#) vaccines at a markup, about \$4.6 Billion worth every year, and owns over 20 vaccine patents - according to [Robert F. Kennedy Jr.](#) and is listed on [Dun & Bradstreet](#). Fauci personally owns 1000 patents
- 28. The [consent forms](#) in hospitals disguise vaccines as "biogenics", and [blood brokers](#) have paid up to \$1,000 for blood samples of recovered Covid19 people
- 29. It's against the [Nuremberg code](#) to force vaccinations on a person, and [informed consent](#) overrides public policy. Federal law prohibits employers and others from using vaccines under EUA as a [condition](#) of employment. A [Nevada attorney](#) is ready to do battle. Each [state](#) has its own unique provisions for refusing a vaccine on medical, religious or philosophical grounds
- 30. Donald [Trump glories](#) in the fact that he pushed [Warp Speed](#) and [Biden gloats](#) that he ordered 100 million doses. Same dung different odor

... or that

- 31. [Time](#), [again](#) and [again](#) the WHO has discouraged the wearing of masks by healthy individuals, let alone [children](#)
- 32. Several "simulations" of a pandemic were held in:
 - - May 2018 [Clade X](#) by Johns Hopkins University
 - - September 2019. The WHO's Global Preparedness Monitoring Board (in another supposed simulation) included as one of its progress indicators the release of two lethal pathogens by September 2020. [See pg 39](#)
 - - 2018. Bill Gates' INSTITUTE FOR DISEASE MODELING released a video modeling a pandemic starting at [Wuhan, China](#)
 - - October 2019. Bill Gates sponsored a Global Pandemic Exercise [Event 201](#), [video](#), and Fauci sits in the [Leadership Council](#) of the [Bill & Melinda Gates Foundation](#), which has contributed over \$3.5 million to Fauci's [NIH](#)
- 33. The Pfizer, Moderna and J&J jabs were developed using fetal cell lines, that is, cells grown in labs originally obtained from aborted fetuses [decades ago](#). The argument used by pro-vaxers is that these are not the original cells, but descendants or duplicates of the originals. The medical term varies depending on the aborted fetus' [number and organ](#). You have a right to [decline any vaccine](#) that was developed with or contains fetal cell lines, based on your religious or philosophical beliefs.

- 34. Lockdowns have had no effect on the [death rate](#). Here's another [report](#). And here we can [see](#) how Covid won't breach Michigan's southern border
- 35. On March 2020, the British Government discussed tactics it would use to ensure citizens complied with the loss of their rights and freedoms and these have included –
- Using media to increase the sense of personal threat
- Using media to increase the sense of responsibility to others
- Using and promoting social approval for desired behaviors
- Using social disapproval for those who do not comply
- Here is the [document](#). Not to be outdone, Trudeau boasts how much he [pays](#) the media for his propaganda

On the Bright Side

1. Vaccine sites [are closing](#)
 2. More states are [reopening](#)
 3. Packed [stadium](#) in Jacksonville
 4. Even left-leaning movers & shakers like [Naomi Wolf](#) and [Bill Maher](#) are sounding the alarm
 5. Enough signatures are in to recall [Newsom](#)
 6. Elon Musk says he won't get the [jab](#) because neither he nor his kids are at risk
 7. Epidemiologists from around the world distilled their concerns in [The Great Barrington Declaration](#)
 8. Their plans for a [totalitarian state](#) are imploding, according to some sources
 9. Italians are taking to the [streets again](#)

Here's what people say

As a legal professional, currently working on a lawsuit involving 2 Covid vaccine component manufacturers, I can tell you that your research and findings are very accurate. After reviewing the document production we have received the ingredients in the vaccines and subsequent animal studies are absolutely horrific. And I am not a doctor or an expert, but I can read and have common sense. The animal death rate in some of these studies was upwards of 90%. I hope these people are stopped soon. I am afraid by the time it's all over it will be too late and nobody will be able to be held accountable... I

agree with your research 100% and will spread awareness within jeopardizing our client's privilege. ~ J. K.

My father died 31 days after receiving his second Moderna jab. While I have no evidence that is what killed him, 90 days prior to his getting the second jab, he had bloodwork which showed not even any kidney impairment, yet alone signs of failure. 28 days after getting the second jab, his kidneys failed 100% and doctors were unable to do anything to help him over the 4 days he was in the hospital. They were completely puzzled as to what caused his kidneys to just shut down. My mother chose not to have an autopsy though I'm doubtful that they would have blamed the vaccine anyway. Thank you for putting this site, with all of the research, together. I will share it with everyone I can. ~ C. B.

Thanks for the site, I very much support your cause. ~ W.

I am so glad these points in the article have been brought to light in one cohesive article. These are things I have investigated myself. I will not have this put in me! As I have said time and time again when this subject comes up, "The medications and shots that I give to my dog, have had more thorough testing , than this covid 19 shot!" Thank you! ~ M. N.

Don't know who you are but this is comprehensive and relevant. How many have to die before people wake up? ~ V. K.

Thank you!! This is well put together all in one place. No one should have any doubt that this was all planned after doing due diligence and researching for themselves, EVERYTHING you have layed out here. If they want to go further people should research what a virus really is and that you can't spread a virus, or cold. We've been lied to about almost EVERYTHING. The ones who run this show want to keep us dumb, deaf, blind and SICK. The world NEEDS TO WAKE UP!!! ~ J. P.

My gratitude goes beyond what is happening with your website. THANK YOU beyond the BEYOND.
~ A. M. R.

Thank you TRUTH ~ S. H.

Great compilation. This is the biggest scandal the world has ever seen. The "pandemic" which never was, and the claims made thereof, grossly manipulated, makes one cringe at the thought of following CDC or WHO or any other institution in cahoots with these groups forcing the vaccine on those less informed. Criminal behavior I hope will be justly and effectively prosecuted. ~ C. C.

Thank you for compiling this information in such clear and concise language ~ A.

I am so happy for this information it really let me own the libs with this good information. In fact, I went to the local "FEMA" "vaccination" center and started handing out fliers with this website on it and making extra sure to stand extra close to people. They called the cops on me and wouldn't let me in the tent, but hey, anything for the cause right? When they booked me I made sure to breathe extra hard (no mask lol) just to rub it in the face of those commie cops. I appreciate you taking the time to read the full sources and definitely not cherry picking information as that would be disingenuous, just like those libtard news stations (lol!) ~ A. J.

Great information, thanks for putting this together ~ J.

I believe everyone should join in a class - action lawsuit with Reiner Fuellmich and take every penny away from the WHO, CDC, NIH and everyone involved in this fraud on the world including Bill Gates, Fauci, Rothschilds, Rockefellers And the Media for pushing this on people, and also the Governors, especially Gov. Newsom in CA who is wanting to vax the children in the schools without their parent's knowledge or consent. ~ L. E.

WOW!!! I wanted to thank you for such an outstanding and awesome resource that is organize nicely and linked to resources that support your statements!...Thank you thank you thank you again and may God richly bless you for all of the time and effort spent on this website! ~ S. H.

Love your site! ~ F. R. N.

Individuals who are taking the time to put this information together are few and far between - and would just like to take a moment to extend appreciation. I am sure there are many like me, who have family members that are blinded by the main stream propaganda, not taking the time to look into stats, press releases, and detailed medical reports in order to make an informed decision. This collection of information will help with showing people the dangers of mRNA experiments. Thank you. ~ J. T.

I love the content you have gathered here. What a tremendous resource. ~ C. N.

I don't want to sound like an echo.....but I have to thank you for this web site! You have organized the information in such a manner that I feel appeals to the masses and can make a real difference in sharing critical information. People need to know this information in order to make an Informed Consent. The vaccination efforts have tried to cover up the whole truth and is working over time to administer as many vaccinations as they can before the population starts to question. Thanks Again!! Outstanding presentation of critical information to have an Informed Society. ~ W. J.

Please add GAB to your sharing is caring area. The community there desperately needs this info to share with all of those people they are still trying to wake up. Incredible what you have put together here and needed beyond anything else that has been compiled to date. God bless and stay frosty. ~ S.

Thank you. Putting the evidence together in a way that can be backed up by evidence is amazing. Leaves no room for doubt. I sincerely hope many of the so called 'elite' scumbags, those in government, WHO and the CDC are jailed for life. No parole. Justice is coming. ~ L. A.

Conclusions

- Any [questions](#)?
- I have one.
- In view of the fact that social distancing and masks are being mandated even after vaccinations, because a vaccinated person can be infected and spread a disease that has a 99.99% survival rate, how do masks, social distancing, and certificates of vaccination bring life back to normal? The answer should be obvious. They don't. The notion that herd immunity is achieved with vaccines does not mesh very well with the concept that vaccines do not restrict infection or contamination. In a court of law, fraud would be established beyond any reasonable doubt.
- The vaccine makers and their supply chains don't give a rat's behind(3) about your health. They

care about profits and pampering their shareholders. They need pandemics if they are to see a return on their investment, as does the [CDC](#) that's listed on Dun & Bradstreet. Not to be melodramatic, but this warning by [Del Bigtree](#), who has been following this movie from opening night is worth your time. Lastly, the directive of March 24, 2020 by the CDC to list all deaths as COVID, even on the assumption a patient was infected with COVID, is a crime. Even a twelve year old could argue this case in court. On a lighter note, Bill Maher delivers a [crushing blow](#) to the medical fascists, who relied on the flawed [Imperial College Model designed by Neil Ferguson](#) to roll out lockdowns that unleashed untold misery.

Solutions

- How to share this information to wake people up and also to inform the "public servants" that we know?
- - Share the site with others as "nojabforme dot info" - not as "nojabforme.info"
- Why? Because reports are coming in that the site is being censored and blocked by email service providers.
- Right above, there are two green download buttons. You can download the contents of this site as a pdf file and just email your friends the pdf with workable links, or you can print it. The other download button allows you to print the name of the site on small strips of paper.
- - Share the address of this site with public health officials, mayors, District Attorneys, lawyers,

Governors, chiefs of police, hospital administrators, CEOs and fire chiefs

- - Marching with signs that carry "nojobforme.info" using the green needle as a graphic would work
- - Gather a small group and read the text of this site verbatim. Great for pastors, educators, activists
- - Most importantly, share it with Foundations that rely on vaccines to make the world a better place, like the Bill & Melinda Gates Foundation, the Rockefeller Foundation, and any organization that pushes for a one world government, like the WHO and World Economic Forum. Let them know we are waking up to their plans and are resisting. Because in their world our silence is our consent.

Footnotes

- (1) My website gives just enough information for people to do some investigating of their own.
- I randomly searched "how do viral vector vaccines work" and clicked on [this site](#).
- At first glance, we learn that the pathogen itself is not delivered. Sounds innocuous enough. The genetic sequence that will instruct our cells to create the spike protein, which our immune system will build resistance to, is delivered by a "harmless" virus...ie. The Viral Vector. So far so good. But, then there is a contradiction.
- Here's where the mumbo jumbo gets convoluted:
- "However, the viral vector itself plays an additional role by boosting our immune response. This leads to a more robust reaction than if the pathogen's genetic sequence was delivered on its own."
- So, the harmless viral vector is challenging our immune system + the spike protein is challenging our immune system. Is there an OFF mechanism to stop the production of the spike protein? If not, then the body is constantly suppressing the spike protein.
- And there is no telling with this experimental shot how the body will react when an influenza virus or covid variant overwhelms our immune system, resulting in a cytokine storm or an overloaded immune system that starts ravaging the body.
- Net-net: Irrespective of the delivery system, both mRNA and VV shots seem to leave the immune system wide open for a cytokine storm, with the added stress on the immune system brought on by the "harmless" viral vector. But, then again, why take a jab for a disease with a high survival rate?
- (2) this [link](#) provides step-by-step instructions on the retrieval of VAERS data
- (3) Especially not [Fauci](#)
- (4) According to [Geert Vanden Bossche](#), DMV PhD, vaccinated populations can breed deadly "immune escape" covid variants which easily bypass both the innate and adaptive branches of the immune systems of vaccinated people, resulting in severe disease or death
