New York Times Admits It Was ENTIRELY WRONG About Trump-Russia-Collusion Hoax Boundless 10/09/22 (Sun) 23:07:35 [No.18621](#) [\[Last 50 Posts\]](#)

As you already know, it turns out MUH RUSSIA was 100% FALSE.

and now it is well known that the New York Times placed itself in very serious legal and moral jeopardy, just like Adam Schiff and all his hordes of BELIEVERS, and like *"Johnny Neptune"* Did Too. **(And For Which He Should Apologize.)**

kind of fun watching the entire inner circle of the Deep State Globalist Cabal have the walls closing in on them though, **WORLDWIDE!**

I mean, seriously now.... **it was a witch hunt.** Why anyone believes ANYTHING From the Lying, Leaking DOJ, or their Media Lackeys, is beyond me.

you and your kind apparently can't stop making mistakes, huh *"Johnny"* ?

Wokism is a RELIGION.

Here We Go...

Just helping this get seen.

Been recovering from a number of major surgeries over this last year (you can pretty much imagine me in a full-body cast for much of the year, with only one little finger poking out!), and also had some alphabet glowsticks thinking they could pressure me into shutting up and obeying! lol. This is just one of many impending responses to that attempt...

I only started putting the 'Tucker' videos up because they were getting hard to find at the time. They are less so now. Many folks are putting out the word on many topics now. **The cat is out of the bag, so to speak. There is no putting this genie back in the bottle!** Some of the topics I enjoy talking about, however, are less than pleasing to the *powers-that-ought-not-be*, so they try to spread misery all around, and discourage any who speak up; but them trying to stop Truth only lets

us know that **we're having an impact that they do not like**; so, like many, I will merely re-double my efforts, and branch out... **Watch what happens...**

The episode speaks for itself.(and **"Johnny"** Likes It!)

Gain some clues from picrel.

I personally prefer ``Anbox``, as it is not a full Android Emulator, and you can just run apps on it that use your system kernel, etc.; but I don't use Snaps, and it is exceedingly difficult to get it to work building it yourself and fucking with kernel modules, not to mention ``ashmem``, ``binder``, and ``binderfs``. A Virtual Machine running a fully stripped Android image works fine though, and you should be able to handle it.

I've fully inspected the code of every version of the 8kun Authenticator app, and it's not nefarious (although I did make my own version, for reasons...); but don't take my word for it that the app is safe; and ***definitely*** don't believe a ***single word*** that Johnny Neptune says.

FORBES ARTICLE Boundless 10/20/22 (Thu) 00:51:43 [No.18727](#)

Ron Watkins, the man widely suspected of whipping up the QAnon conspiracy theory, informed the Federal Election Commission on Tuesday that he wanted to terminate his congressional campaign.

Watkins has said he is not the man behind QAnon. He ran as a Republican from Arizona and lost in the primary last in August. His committee remained active, although with no cash on hand as of Sept 30.

In addition to announcing its intent to shut down on Tuesday, the campaign also amended its last three financial disclosures. Watkins signed all four of yesterday's submissions as the campaign treasurer, even though his campaign's latest statement of organization lists someone else in that role.

From the start, his campaign has been a sloppy operation.... in its one year of existence, it received inquiries from the FEC about registering incorrectly, failing to originally disclose 40% of its contributions one quarter and providing incomplete information about its donors. The campaign revised its registration 10 times.

He also accumulated a small bitcoin portfolio, valued at only \$1,400. Watkins, who did not respond to a request for comment, bought out his campaign's cryptocurrency holdings on August 1, one day before he finished last of the seven candidates vying for the GOP nomination in Arizona's 2nd District. Watkins also forgave half of an imaginary \$95,000 loan he made to his campaign.

AGAIN: Watkins forgave his campaign half of an imaginary \$95,000 loan he'd made to it.

if you had a hair on your ass, you'd watch that entire Michael Cohen speaking engagement BECAUSE :

he says things I don't want to hear

he also says things YOU don't want to hear

AND ITS ALL TRUE... HE WAS THERE

Michael Cohens straightforward 'fly on the wall' explanations put things in a unique perspective, one that you & I would never see otherwise

I learned from it....

I learned A LOT from cohen

and much of it is in YOUR FAVOR

even his words about the Steele Dossier.... much of what he says supports your team

and conversely, much of what he says supports people who AREN'T brainwashed cult members... like me..

btw, your eastern Indian fixation effectively explains your propensity towards cult mindset but you must first look within to realize it.. not an insult, but an insight.... look into it

see..... I LIKE you..... YOU

I simply hate gullible conspiritard orangecultists...

I hate religion

you say wokism is a religion

and I agree

I'm not woke at all

do I believe in LETTING PEOPLE BE PEOPLE? yes, of course.... as long as it's not hurting innocent people...

I say let gay people be gay

let hippies be hippies

let people be themselves

as long as it's not hurting others

But the cult of trump is a religion, on a level that I find so disturbingly monumental, that anyone who pretends they don't see it is lying...

in fact, many of your fellow cult members are now referring to your cult leader as orange Jesus.. how much more obvious does it need to be before you finally admit you have become a cult member?

If you watch the Michael Cohen speaking engagement video, it will reaffirm many of your beliefs, and open your eyes to the reality of the other side as well.

That's what it did for me. It reaffirmed many of my beliefs.. and it also opened my eyes to your side of things....

Is there a middle ground somewhere?

Of course there is. They're always has been

Until your team decided there was no more middle ground and started making weird threats.

And at that point, you have breached the American agreement of living your life with the promise of it not harming other people...

When uneducated close-minded cult members begin threatening violence, they are in violation of the terms and conditions, and no longer represent freedom or Liberty whatsoever.

This has very little to do with politics, and much more to do with your lack of confidence about the control you hold over other people.

This has to do with you lashing out at your lack of control acquired through all those years of living. Your lack of authority and your lack of ability to push your ideas into other people's lives.

Everything I disagree with regarding freedom and personal rights, and as you know I am not a Democrat and I'm not a liberal I'm just an American

Your team is insane, but most people who are insane have to be genius first.. it's dangerous when you find stupid insane people

And by the way, before you incorrectly assume I'm trying to tell you I just now stumbled upon Michael Cohen and this is the first Michael Cohen interview that opened my eyes... that would be wrong

You know how I feel about Jews. They are geniuses.. they are amazing communicators, and they are also some of the most straightforward honest people you could ever meet and, no matter what some white trash trailer park Sissy want to be neo-Nazi might say online....

My perspective on Jewish people has nothing to do with reading internet memes.. it's all based on 59 years of real life experience, and I've had the luxury of dealing with a lot of very very intelligent Jewish people in my life...

They are simply amazing communicators, a fact that cannot be denied when you watch Michael Cohen explain the inside workings of what was actually going on the entire time.

I've always liked this guy since I first started paying attention to him after he got in trouble.

And having been in legal situations myself, his explanation of how he was arrested and pushed into a plea bargain is all too familiar, I'm sure you will agree.

But in this video he clearly says Trump was not laundering money for the Russians and he explains a lot, in a way you would appreciate, particularly if you have a brain stem

This video is nothing more than the newest one I saw pop up, a recent bookstore engagement, but it's a lot better than the average 7 Minute interview talking head mainstream media version of a Michael Cohen interview.

In this one he gets to elaborate instead of being forced into sound bites

Exactly like I said, you are obviously powerless angry frustrated weak white trash.. you are a cult member, because your parents took your modeling clay and turned it into rebellious feces, rebellious against religion, yet unable to Rebel with anything other than another form of religion....

Hari Krishna Hari Krishna make America great again it doesn't matter what the Mantra is, you will gravitate towards it because that's all you know.

How does it feel to know I am Superior to you in every way?

I realize it really got under your skin several years ago when you first saw me, and I also realized that you've been trying to figure out how to hide your anger ever since.. pretending as if it doesn't bother you anymore....

So let's just start at the beginning because obviously, you are stuck there

I'm better than you. My family were of a higher class than your family, and I was raised in a superior setting, compared to you...

I grew up with a super expensive Steinway grand piano in my goddamn living room...

My parents never mentioned anything about religion to me as a child, not even once.

When they thought maybe I should go to Sunday school with the neighbor's kids, they had no problem whatsoever when the church called them that morning and told them please come get me and don't ever bring me back again...

In the first grade I was chosen for one of the very first experimental gifted student programs in america, and allowed to make movies, supplied with all of the film and editing equipment, as well as the equipment and instruments required to create and record music, and that's how I ended up being chosen to illustrate a symposium for Martin Luther King in Memphis Tennessee when I was only 6 years old.....

My mother and father bought us the most expensive presents for our birthdays and Christmas.. like the ubiquitous \$18,000 guitar I have mentioned many times, because that guitar was a very real.. but we didn't see it as being lavish because we were accustomed to it...

Instead of being Control Freaks and religious cocksuckers who diminished the lives of their children the way your parents did, my parents were a drill instructor and a model, and we were treated like royalty, for lack of a better term... no religion and no abuse, not even psychological abuse... we were given free reign to explore our creativity and self-education, whatever that might have been.. we were encouraged to be different...

The way that you and I were raised is so diametrically opposed, that it's fair to say I am Superior in every way...

And there you sit with your chicken coop and your made in China MAGA cap, hooting and hollering from your double wide trailer about freedom and liberty, while you collect welfare benefits and develop excuses.

How does that make you feel?

It makes me feel pretty damn good.

So be completely honest with me, Bubba

How does that make you feel to know I'm so much better than you?

I'm helping them

By not reminding them of the truth, that they need to demonstrate some form of vague superiority before crowning themselves King, I would be doing them a great Injustice...

Just because they're particular strain of mutated negroid-based DNA appears more pale than other niggers, that doesn't automatically qualify them as Superior....

I'm helping them out with a dose of reality, so they can have a break from their fantasy.

It's strange how you would pick that particular Topic in the mainstream media
Tucker Carlson show garbage you continually worship....

Because if it comes to saying the word "pussy" in front of children, then your
choice of vocabulary in front of your children as they grew up would make you a
criminal

The word pussy is SO innocuous compared to your choice of words in front of
your children as they grew up

you are a very dangerous child abuser who destroyed your daughter's lives with
naughty words

If Tucker Carlson only knew how many extremely vulgar cuss words you expose your young daughters to, he would definitely report you for child abuse....

And since they are female children, that would constitute sexual child abuse by saying the word FUCK or HES A DICK

In fact.. I think children would be better off having a man wearing a dress saying the word "pussy".....

Because a deceptive duplicitous hypocrite in drag as a 'man' talking about DICK and FUCK is much more likely to contain hidden sexual innuendo than a man dressed like a woman.

Like I said you guys are the biggest Hypocrites I've ever seen, your entire team...

butYOU personally take the hypocrisy to never before seen astronomical limits

You post your ridiculous Tucker Carlson videos, but everybody knows you cussed like a sailor in front of your two daughters their entire lives

The words that came out of your mouth would make Tucker Carlson turn beet red !!!

And if you're going to deny it, then not only are you a hypocrite, but once again you are proving yourself to be a coward.

Being a hypocrite is one thing, but being too afraid to admit what everybody knows about you is the surest sign of a coward.

You two seem like *peas* in a pod though.

The reason I bring this up — this word search — is that (You), like many Woke Progressive Leftists, Democrats **and Other Extremists**, seem to be caught up on WORDS a lot. You think it's about the words.

Like "*Freedom-of-Speech*", for example — (You) seem to be under the mistaken impression that it's about Freedom to say the words (You) wanna say, where and when (You) wanna; **but that is not so.** *Freedom of Speech* is about the Freedom to Convey Ideas. **(You) would like to stomp on that Freedom.** Only (You)r "*Approved*" Ideas will be tolerated. All other thought processes will be drowned out with (You)r never-ending Hate-Parade and Displays of Insanity, not to mention (You)r sick obsessions like the one (You) have with Trump, and (You)r addiction to hyper-sexualizing all of (You)r interactions with **EVERYBODY**; including children.

I have told (You) many times — I Am a "*Liberal*". **(You) Are Not.** (You) Support Totalitarianism and Global Communism. (You) are so mentally ill that (You) think the problem regular "*normal*" people have with the Tranny Brunches with Kiddos is because they used the word "**Pussy!**" Gawd, (You) are stupid. It is about the interaction, the hyper-sexualizing of children, the pushing of (You)r sicknesses, perversions and insanities off on all the rest of us, **INCLUDING OUR CHILDREN**, thinking that WE should have to be FORCED to say that WE are the "*Insane*" ones! **LOL NO!** Look at (You)r selves, and the "people" (You) support!

All of (You)r Opinions May Be Safely Discarded.

> "**Live & Let Live?**

Maybe violence really **IS** all (You) faggots understand!

(You) **do** seem to want to **Provoke** Some!

I don't know what you're doing here, but, considering all I do is provoke thought, maybe (You)'re looking for some inspiration. If so, maybe (You) can find some in this post: [>>18581](#) (It's updated quite regularly.

WHAT JERRY CONSIDERS TO BE "CLASSY" AND "SOPHISTICATED" LOL :

They show a number of official documents, some of which bear the markings "Top Secret" or "Secret", scattered over a dark floral carpet. A box of other items sits to one side, including a framed Time magazine cover from 2019 showing Trump's Democratic challengers peering through the White House window at him.

Politico White House reporter Max Tani retweeted the photo, adding: "The ugly floral commercial carpet, the gold framed covers of Time magazine. Trump has an interior design aesthetic he's been committed to for like 40 years."

Writer and graphic designer Rob Sheridan also retweeted the image, commenting: "Stolen classified documents laid out on the gaudiest 80s casino ass carpet imaginable is a perfect picture of the Trump story."

Symone D. Sanders-Townsend, a TV host who previously served as chief spokesperson to Vice President Kamala Harris, added: "1) I cannot believe pictures of these documents are on the internet. Truly I would have never imagined this when I worked at the WH. 2) WTF is going on with this carpet?!?"

WHY JERRY THINKS MAR-A-LAGO IS "ELEGANT & CLASSY": because Jerry has no class, no elegance, no taste

Jerry thinks Mar-a-Lago is a RITZY CLASSY MANSION.... when in reality, it's SO gaudy and cheap and TACKY...

it's hideous.... wealthy people go there, and leave disgusted by Trumps lack of class....

Thank You, JN, for providing me such a good opportunity to test out my newly perfected script for automatically banning and deleting posts within a thread on this board. I keep flowering out older scripts to have more functionality. From my logs it looks like I'll have to fix the part where it adds new posts to the ban and delete list, but it worked perfectly for automatically banning and deleting all posts between and including two chosen posts, by IP, starting with the ones that have the most posts in the thread between those chosen posts and moving through, posting ban reasons and ban lengths along with the bans, because I chose those as elements in my script. It is slow because I have it routed through Tor, and the mod system is slow anyway, but it can just sit there and run in a separate terminal and take care of business! Yeah, I gotta fix the part where it went and grabbed new post IPs and slapped 'em to the top of the list. Good thing it looks like only JN got

caught up in it anyway. I'll fix it up some more before I turn Jim on to it so it can get added to the Moderation Tools, but so far so good!

Yeah, it leaves the same Ban Reason and Ban Length for all the bans, but I can probably figure out how to have it leave a random reason from a list or something.

Like I said, I'm here to learn; and to hopefully trick someone into accidentally thinking for themselves sometime.

I would caution any and all to question **anything** they see on da interwebz!
