Isn't it obvious?

Brittney is /ourgirl/

I take back any mean things I said about her in the past

That was all in jealousy and resentment due to the fact that I would never have a chance with her in the first place

COPY:

In a world where it's okay to lock your daughter up and make her work 7 days a week ... 8:00 am to 6:00 pm ... no days off ... 105 people are in and out of a small trailer home weekly ... No private baths ... seen naked when changing ... drugged ... can't even speak or talk ... has to be available to the treatment people and show up every day for 10 hours a day ... if not will have to stay longer ... never given a date on when you can leave ... 9:00 pm bed every night ... like 8 gallons of blood weekly ... this happened to me for 4 months after I worked for my dad and my family for 13 fucking years ... I gave my all when I worked only to be literally thrown away ... I was nothing more than a puppet to my family yet to the public I just performed on stage and did what I was told to do ... but it was worse than that because it was accepted and approved by the people I loved the most ... Looks are deceiving I must have it nice on vacations lol !!!! After 13 years damn straight I should go !!! I was treated less than, demoralized and embarrassed ... nobody should ever be treated the way I was The reason I bring this up is because ending the conservatorship is a huge deal but come on ... THAT'S IT ??? They all got away with it !!! If you've ever been in shock for 4 months ... threatened for your life ... you would be upset too ... I'm not done ... I want justice and won't stop until something is done to those who harmed me ... and YES I was harmed !!!! This is a message to all who have been threatened for their life ... You are NOT ALONE !!!!

"The Jewish Bolsheviks (93% of all soviet commissars were Jewish, including Stalin, Lenin, and Trotsky) murdered 66 million Russians and it was a saying that Russian peasants used to say when complaining about the Jewish commissars calling them 'anti-semites' and 'racists' (the Jews invented this word) while murdering entire villages. This term entered the English vernacular through the stories of refugees from the Bolshevik 'Red terror'.

The origin of the term, however, has it's roots in 16th century Poland. The Jews were notorious as loan-sharks who used usury to enslave the polish peasantry through debt and they would use some of the most vile and cruel methods when collecting these debts, and would always complain that they were in fact the victims, even after employing murder, rape, and robbery to collect what they mistakenly believed they were owed. Hence the saying 'the Jew cries out in pain as he stikes you'."

you guys are retarded. she's not talking about being abused at the hands of music industry executives. She's just whining about being in a conservatorship for the past twenty years or whatever. Sounds like she had a lot of court ordered monitoring for drugs and stability, which means she was probably a fucking nutcase, which is probably why the court granted the conservatorship in the first place. "8 gallons of blood weekly" is just a dumb bitch exaggerating what was probably regular blood drug

tests to make sure she's taking her meds and not abusing substances.

Shut what down? If it were just a star of david, this would be ground breaking, but she posts a tourist photo and two countries. If Britney came out and said she was ZOGGED, it would be an enormous revelation. Why post Australia? The reality is that it's likely she did go batshit, because of abuse by ZOG handlers, and her father attempted to protect her legacy and wealth, which ZOG handlers have now undone.

Voice lessons, vocal chord surgery, it's not as hard as you might think.

Look at that The Voice guy, Jordan, who adapted his voice to every single song and vocal style he was a part of.

No one is protected in the state of nature anon.
 All it takes is one unhinged Neo Nazi serving him his morning coffee.

Imagine ever being able to eat at a restaurant again, you could never be able to trust your food and drinks.
 Or the breaks on your car for that matter lmao.

True. I would say though more like NS than neo nazi. I've watched some older documentaries on the AB and such and was disappointed to find they had jewish leaders in the prisons, but also it opened my eyes to the "hate everybody else that isn't White" misdirection subversion too.

Kek, only in America™

Divide and conquer is a great play to break up the people by race, they can so easily mobilise the people to fight each other instead of the source of their inequality, which is the system.

I have a hunch it's to keep the real Aussies placated by distracting them with such low quality drivel from Aussie flags that they have to call them Ching's or yanks , I haven't been able to make a thread since Christchurch I have tried 3 isp's and 2 mobile network so I think all the Australian made posts are VPN feds,Aus/Pol is 5 retards making 50 posts about nothing all while using yank spelling of common words. Australians are the most powerful people on earth and we are being suppressed

What are the borders situation in US?

I can't leave AUS unless I get three shots of the vaxx.

I've even caught the coof coof and it was nothing but a sore throat, but again, I am unable to leave AUS, even though I am now more immune that I would have been if I was triple vaxxed.

The optics need a patch, at least make the narrative slightly believable if you are going to keep us in chains at least make it semi believable holy shit, the craftsmanship is so sloppy.

Is it those affirmative action hires?

> Dude this country is fucked

I got arrested in front of my kids for refusing to put on a mask, it took four of the cunts though and we had a nice little wrestle.

When they were leaning on my chest I was going to shout I can't Sneed, but the pain compliance was pretty heavy so I decided against it, kek.

They then put me in a van in the heat until I almost passed out, then placed me into into a holding cell with some annoying as fuck music.

There was a painted metal plate on the wall with volume control, but it was just painted metal, kek, totally sadistic fuckers.

They ruined my new years eve party, all of which would have been less intense but I had just eaten a brownie so it was way too trippy.

All in all I rate the experience 2.5 out of 5.
