SAINT PAUL POLICE DEPARTMENT

On 1/18/23 at approximately 1615 hours, we, Officers Kreimer and Peterson (Squad 179T) arrived at 270 Lexington Parkway N., The Jimmy Lee Recreation Center for an assault call.

Upon arrival, we found officers already giving first aid to a juvenile male with a single gunshot wound to the forehead, later identified as [REDACTED] (DOB: [REDACTED] 2006) in the parking lot of the rec center. Other officers on scene applied pressure to the wound until EMS arrived and took over his care. [REDACTED] was loaded into an ambulance and transported to Regions Hospital, 640 Jackson St. with squads 138T and 179T following. (Medic 5 Run 2919)

At the hospital, [REDACTED] was treated in the emergency room, given a CT scan to determine the severity of his injuries, and then sent into emergency neurosurgery.

The clothing worn by [REDACTED] during the incident, much of which had been cut off his body by medics in the ambulance, was collected as evidence by hospital staff member Joshua Nathan Mikos (DOB: 12/18/98) and turned over to Officers Kreimer and Peterson by Regions staff member HANG, Caitlyn. Copies of the chain of custody paperwork were uploaded to the media vault.

While at the hospital, we met the mother of the victim, [REDACTED] (DOB: [REDACTED] [REDACTED], C/P: [REDACTED]) who was able to give us the correct spelling of [REDACTED] first name and verify his date of birth as [REDACTED] /2006.

After approximately an hour and half, [REDACTED] was out of surgery and placed into the intensive care unit. Hospital staff gave his conditional as critical and life threatening injuries.

We, Officers Kreimer and Peterson contacted Sgt. Diaz and provided an update on [REDACTED] condition. Sgt. Diaz advised us to contact Watch Commander Mack. Watch Commander Mack was also given an update on [REDACTED] condition and advised us that we could clear the hospital.

We then transported the victim's clothing provided by Regions to Police Headquarters, 367 Grove. St. and processed it and turned it into evidence in the property room. I, Officer Bragg (Squad 828) assisted western district officers on a shots fired complaint located at 270 Lexington Parkway North (Jimmy Lee Rec Center) at 1612 hours. While heading to Jimmy Lee Rec Center, the call was updated to one person shot in the head. Additional information came out that the shooter was possibly inside Central High School. Synopsis :

Booked: Exavir Dwayne Binford (26 Y/O male).
Charge: Assault-1st Degree-Great Bodily Harm (Felony).

Narrative :

On 01/18/2023 at approximately 1636 hours, We, Squad 384 (OFC.E.HIGGINS/OFC.C.XIONG) responded to the area of 1663 Stillwater Ave E to canvas the area for the suspect from the incident that occurred at 270 Lexington Parkway.

Upon arrival, we parked our squad car (2179) at Germain St and Stillwater Ave to watch for the suspect, Exavir Dwayne Binford (DOB/1996-04-11), and any vehicles he was registered to.

At approximately 1705 hours, we noticed Ramsey County Sherriff Office (RCSO) Deputy squads activate their emergency lights near 1663 Stillwater Ave E. One of the Deputies aired out over the radio that they had the suspect in custody and recovered a firearm.

We drove to where the Deputies were, I got out of the squad and as I was walking, I saw a Deputy holding a firearm and he handed it to a St. Paul Police Gang Officer. I continued walking and saw Exavir in custody with RCSO Deputies. We decided to put Exavir in the rear of our squad car (2179), I escorted Exavir to the front of our squad and searched him incident to arrest. A female RSCO Deputy took out Exavir's cell phone and other belongings when she was standing on his right side. I re-searched Exavir after the RSCO Deputy searched him. While I was searching Exavir, I noticed his jacket was ripped and I pointed it out to him. Exavir stated something along the lines of "yeah because I was attacked". I handcuffed Exavir, checked tightness and double locked, and took off the Deputy's handcuffs. I placed Exavir in the rear of our squad car.

Without asking Exavir any questions, he mentioned that he couldn't wait to get this all off his chest and that he couldn't believe this happened. After Exavir was in the rear of our squad and the door was shut, his mother walked close to the squad and yelled out that she loved him, and he did nothing wrong.

We transported Exavir to the St. Paul Police Headquarters (367 Grove St) without incident. Exavir was escorted to the second floor and was placed in a secure interview room. I removed the handcuffs off of Exavir and closed the door to the room. I monitored Exavir through video surveillance.

At approximately 2121 hours, I placed handcuffs on Exavir, I checked the tightness and double locked. We transported Exavir from the second floor of St. Paul Police Headquarters to the Ramsey County Law Enforcement Center without incident.

Exavir was booked for assault- great bodily harm, first degree, felony.

Narrative :

On 01/18/2023, at approximately 1612 hours, I, OFF. K. BESAW (366) heard radio traffic of a shooting that occurred in the area of 270 Lexington Parkway N. Eventually suspect information was aired of a possible suspect of EXAVIR DWAYNE BINFORD (DOB: 04/11/1996, 1663 Stillwater Ave.,) which is an east district address. Using MyBCA I noticed that BINFORD had several vehicles currently registered to him. I waited in the area of White Bear Ave. N., and Stillwater Ave., to see if any of his vehicles turned onto Stillwater Ave.

Eventually squads took BINFORD into custody. While on scene I was asked to standby with a vehicle, MN LIC KAF 634, a gray 2007 Chevrolet Equinox. I was later asked to photograph the exterior of the vehicle and not the interior as it would be towed and held. I photographed the exterior of the vehicle and uploaded the photographs to MediaVault.

I also assisted by having the vehicle towed to the impound lot and informed the tow truck driver that I would be following the vehicle to the garage at the impound lot and to not touch the interior of the vehicle as it was going to be processed. I observed the vehicle being towed and confirmed that no person (s) entered or touched the interior of the vehicle.

Also present in the interview was her mother who was identified as:

██████████ (Cell ██████████)

The interview took place in the Museum Interview Room at SPPD HQ. The interview was video recorded and uploaded to AXON. The following is only a summary of the conversation:

- She stated everyone at Jimmy Lee goes to Central High School. After school a big group went from school to Jimmy Lee. She stated there was a big girl fight.
- The manager of Jimmy Lee Rec came out of the Rec Center. She stated his name is Xavier.
- He came out to tell the kids to leave. She stated the police arrived and were only there for a couple of minutes and then left. Everything had calmed down, so the police left. Because of the fight no one was allowed to go into the building so many of the kids were in the parking lot talking.
- Five minutes later Javon got into a car and left. Five minutes later she realized Javon had returned and had only gone to the store. She said everything was still good.
- She stated a girl named ██████████ and Xavier were arguing because ██████████ was trying to get her brother inside of the building.
- Xavier came outside. Xavier told ██████████ "Shut up bitch". He said this two times to her.
- She stated ██████████ and his friend (██████████) were over by the side of the building. ██████████ said something to Xavier and that's when everything started.
- Xavier pulled down his coat and showed ██████████ and ██████████ his gun. While showing the gun to ██████████ he told him to come around the corner.
- All the girls outside started banging on the door to alert other staff to come let them in because Xavier had a gun. They were let in. The other staff were questioning the girls about what was going on.
- She was looking out the window and could see ██████████ and Xavier outside arguing and moving into the parking lot.
- She dropped her bag and ran from inside out into the lot.
- She said Xavier and ██████████ and ██████████ were all fighting. She said, "I'm not gonna lie – I was fighting too".
- She said as soon as they were done fighting "Xavier backed up and pulled out his gun and shot him right in the head". He said ██████████ dropped right to the ground. He said Xavier ran. She didn't know where he ran, but he ran.
- She confirmed she was in the lot right by all three (Xavier, ██████████ and ██████████) when Xavier pulled the gun. She motioned like he pulled the lapel on the left side of his jacket down with his left hand and pulled the gun out with his right hand. She motioned the gun would have been high, not from the waist, like it was in a pocket or shoulder holster. She stated Xavier was wearing black pants, black hooded sweatshirt, and a black jacket.
- I asked how far Xavier was from ██████████ when he pulled the gun out and shot him. She initially estimated 5-10 feet away. I stood up and stepped away from her. She told me to back up a little bit more. I was about 15 feet away from her when she said that was the distance Xavier was from ██████████.
- She confirmed she was standing about 5 feet away from Javon when he was shot. She thought ██████████ had run behind a car. She said she thought the Jimmy Lee worker (white male) was also out there when the shot was fired.
- She confirmed Xavier fired one shot.
- She said he only had the gun out for 2-3 seconds and didn't say anything before he shot. She said he pointed it at him and shot at him.

SAINT PAUL POLICE DEPARTMENT

I signed into the crime scene log and then entered the Jimmy Lee Recreational Center. I spoke with Randy Graff (DOB [REDACTED] 1983, [REDACTED]) via phone who stated he would respond to the Rec Center to assist in reviewing security video.

When GRAFF arrived on scene, I began review security video with him. The video time appears to be 13 minutes slow. GRAFF also stated the video is motion sensor activated. The exterior camera which covers the parking lot where the incident occurred stops recording at 1554:57 hours (Video time) and starts recording at 1600:53 hours. It appears the shooting had already occurred. The video was not clear enough to see who was near the victim after the shooting.

In the video the suspect [REDACTED] can be seen at 1513:26 hours, wearing a black hoodie, black facemask, blue St. Paul Park and Rec shirt, black jeans, and black shoes. [REDACTED] walks out to the vestibule and then appears to exits the building. [REDACTED] is then seen outside the main entrance talking to numerous other people. At 1518:59 hours, [REDACTED] walks south out of view of the cameras. At 1523 hours, [REDACTED] returns to the area outside the front entrance and stands with other staff members looking to the south. [REDACTED] remains outside until 1547:54 hours. [REDACTED] walks in, enters the office behind the front desk. At 1549:24 hours [REDACTED] exits the office wearing a blacks winter jacket. [REDACTED] then exits the main entrance and walks to the south out of view of the cameras. The people standing outside the main entrance appear to be watching to the south and the staff inside then react and run to the front door. At 1554:38 hours, a male wearing similar clothes and similar jacket to [REDACTED] returns to the area outside the main entrance. This male then walks towards the parking lot at 1556:45 hours. A male in a red jacket and light colored pants appears to engage him in conversation. The males then walk out towards the parking lot.

At 1558:02 hours a staff member and a few other people can be seen running towards the parking lot where the victim was later found. The staff member returns and appears to be directing other children back into the building. At 1600:53 hours the exterior parking lot camera shows people standing around the area the victim was located.

At 1602:33 hours the police arrive on scene.

I later recovered the video from GRAFF on a USB drive, which was turned into the property room.

I informed Sgt. Peng Lee of what the video captures.

Synopsis :

Supplemental Report

Narrative :

On 01/18/2023 at 1716 hours, Squad #377 (DEAN) responded to 1663 Stillwater Ave to assist squads that were holding the residence pending a search warrant. Squads on scene asked for two additional marked squads to assist and I responded.

When I arrived, Gang Unit squads asked me to take the homeowner and her juvenile daughter to headquarters to be voluntarily interviewed by the Homicide Unit. I transported REGINA EVETTE HICKS (DOB/1970 [REDACTED], [REDACTED], C/P: [REDACTED]) and her [REDACTED] [REDACTED] [REDACTED] to headquarters. I brought HICKS and [REDACTED] up to where other witnesses were being held on the second floor and informed the Homicide Unit of my arrival. Due to the large number of witnesses Sgt. A. LARSON instructed me to bring HICKS down to the central community room and take her statement.

I brought HICKS and [REDACTED] to the central community room and took a witness statement from HICKS. [REDACTED] was not a witness to this crime or the events that took place after. [REDACTED] was present during my interview but I did not ask her any questions.

HICKS told me that her son is Exavir Binford (04/11/1996). HICKS said that Exavir lives in a basement bedroom at her house and works at the Jimmy Lee Rec Center. I asked HICKS what Exavir's job was and she said "He runs the whole building." HICKS said that Exavir gets to work via bus. HICKS said that today at approximately 1630 hours, she got a call from Exavir. HICKS said that Exavir told her, "I did something bad. I think I killed someone." HICKS said that Exavir told her that he was about to get on the light rail train. HICKS said that she at least wanted to see Exavir before he was arrested and agreed to pick Exavir up. HICKS said that she drove her Chevrolet Equinox (MN/KAF634) to the area 5th St E / Minnesota St to pick Exavir up from the light rail station. HICKS clarified that she was alone when in the car when she went to pick up Exavir. HICKS said that in the car, Exavir told her what happened.

HICKS said that Exavir told her that the same kids that he always has problems with at the rec center walked over from Central High School to Jimmy Lee Rec. HICKS said that Exavir told her that one of the kids "jumped on him." HICKS said that she thought that the kid "got the better" of Exavir because Exavir was bleeding from the lip when she picked him up. HICKS said that Exavir told her that he got up and walked away from the boy to "separate himself from the situation." HICKS said that Exavir told her that he then fired one shot at the boy. HICKS said that Exavir made statements to her about how he "felt bad" about the altercation. HICKS said that Exavir told her "I knew I shouldn't have done it," "I'm disappointed in myself" and "Mom, I'm sorry I disappointed

you." HICKS said that she knew that the police would be waiting for Exavir at their house, but she wanted to see him before he was taken. HICKS said that she drove Exavir directly home. HICKS said at her house, police surrounded her vehicle and took Exavir into custody as he was getting out of the car. HICKS said that she does not believe that Exavir left anything inside of her vehicle. I informed HICKS that her vehicle had been towed and was being held for investigators to process for potential evidence. HICKS signed a Waiver and Consent to Search form to allow investigators to search her vehicle.

I asked HICKS what Exavir was wearing when she picked him up downtown. HICKS said that Exavir had on a dark grey or black hooded jacket, blue jeans, Air Force One shoes and a red backpack. I asked HICKS how many firearms Exavir owns and HICKS said "just the one he used." HICKS said that she did not see a gun on Exavir when he was in her car.

At the conclusion of my interview with HICKS, I informed her that squads were still holding her house for a potential search warrant and the Homicide was still determining if they needed to search the house. I told HICKS that I could take her back to the address but she would not be able to enter the house until the scene had been released. I told HICKS that I could also take her anywhere else she wanted to go to wait for her house to be released. HICKS told me that she just wanted to go home. HICKS said that she preferred to wait at headquarters instead of sitting in my squad car. As soon as I received notification that the address had been released, I drove HICKS and Ross back to the address. I provided HICKS with my business card with the case number and a business card from the homicide investigator who would be in contact with her about her vehicle at the impound lot.

Supp report.

Narrative :

On 1/18/22, at approx. 1612 hrs, I, Ofc. Yager (SQD 167) was dispatched to 270 Lexington Av. N (Jimmy Lee Rec), on a report of a person shot.

CAD comments indicated that a male had been shot in the head, with multiple callers.

Upon arrival, I drove into the parking lot of the address listed above. As I entered, I could see several people gathered around a person on the ground. As I approached the group, I observed a black male laying on his back on the ground with a large amount of blood coming from his head area. I assisted other officers on scene with crowd control until other responding SQDs arrived.

Once, more assistance arrived, I spoke with a [REDACTED] later identified as [REDACTED] (DOB, [REDACTED]), who wished to remain anonymous. [REDACTED] explained that [REDACTED] had previously spoke to another officer and gave a statement (Transit PD). [REDACTED] informed that [REDACTED] works at the Rec center and was the Rec. center's director. I asked [REDACTED] if [REDACTED] had access to cameras as I wanted to review them. [REDACTED] stated that [REDACTED] did have access.

I asked [REDACTED] to show me where I can review them. [REDACTED] brought me to [REDACTED] office inside and pulled up cameras. I was able to view a camera listed "Front entrance", where you could see the suspect walking and pacing back and forth in front of the main doors. It appeared the suspect was having a dispute with someone off camera. At some point, you can see the victim's red jacket sleeve appear in the lower right corner of the video. It appeared that the victim was engaging in a conversation with the suspect.

After a few moments of the dispute, you can see the suspect walk away from the front doors, and then later stopping at the sidewalk to the front doors and parking lot. The victim is then seen walking into camera view and began walking towards the suspect. At that time, it seems that the suspect and victim were talking face to face where they eventually walked further into the parking lot and out of that camera view.

I then clicked on a camera listed "Parking lot".

It should be noted, both video footages were not very clear and seemed blurry or hazy. As I clicked on the Parking Lot camera, I was able to see vehicles but no people in the parking lot. As the time stamp became close to the time stamp of the camera listed Front Entrance, the "Parking Lot" camera stopped recording. The camera in fact, stopped showing video and was a black screen. I tried refreshing the camera but noted that there was actually a delay in video footage.

I was not able to view any footage of the suspect and victim walking into the parking lot. The video however, does come back on, where you can see people gathered around where the victim was located in the parking lot. The video again stops recording and appears to skip ahead and then shows police and medics on scene.

I asked [REDACTED] if [REDACTED] knew the reason for the skip/delay, [REDACTED] stated [REDACTED] was not sure.

While attempting to review video footage, [REDACTED] became emotional and stated several times that [REDACTED] tried to break the fight up. [REDACTED] stated, "why would he do that" implying the suspect shooting the victim.

Sgt. Shead (SQD 108) was notified.

I signed in and out of the crime scene log.

I then replaced SQD 150 who was stationed at the parking lot's entrance/exit, and continued to secure the lot.

I cleared without further.

I arrived on scene along with numerous other squads. Officers who were already on scene were providing aid to the victim who was laying in the middle of the parking lot of the Rec Center. Squads on scene were requesting crime scene be put up. I assisted with putting crime scene tape up around the entire parking lot of the rec center and advising individuals to remain inside the rec center while the scene was being made secure.

While on scene, Sergeant Diaz (107) handed me the crime scene log and requested I be in charge of it. I remained in control of the crime scene long for the entirety of the incident.

I remained on scene for scene security while the Forensic Services Unit (FSU) responded and investigated the scene along with the Homicide Unit.

After the scene was released by FSU, I requested a scene wash down by St. Paul Fire who responded. After St. Paul Fire cleared the scene, I took down the crime scene tape along with Officer A. Yager.

On 01/18/2023 at 1612 hours, We, Squad 182(S.McManus/D.Benner) responded to 270 Lexington Parkway N (JIMMY LEE RECREATION CENTER) for a male who had been shot in the head. When we arrived on scene I observed a male laying on the ground with a large pool of blood near his head. Police and staff were applying pressure until medics could arrive on scene.

I attempted to speak with a witness who stated he saw the victim laying on the ground but did not see the shooting. The male stated the suspect ran towards Marshall Avenue and unknown from there but refused to give his name. I along with multiple other officers gathered all possible witness and escorted them inside the rec center to get their statement. I signed into the crime scene log and began to hang crime scene tape.

After hanging up crime scene tape I searched the parking lot for the suspect vehicle with negative results. While searching the parking lot I located a single spent casing a few feet east of where the victim was laying on the ground. I placed a business card near the casing and stood by until someone relieved me and took custody of the casing.

I, Data Release Specialist BERTHOLF, am currently assigned to the Video Management Unit, a division of the Technology Unit. I am also a LEVA Certified Forensic Video Technician.

Part of my duties include being asked by investigators to assist in locating and exporting DVR surveillance video, SPPD CCTV footage, SPPD squad In Car Camera (ICC) footage, and SPPD Officer Body Worn Camera (BWC) footage.

Regarding this case, I received a Forensic Video Collection request from Sgt. P. LEE/M. ONNEN for DVR footage from 275 N. Lexington Pkwy, CENTRAL HIGH SCHOOL.

On 2023/01/18, I went to the St. Paul Public Schools' Office of Security and Emergency Management located at 360 S. Colborne St. and spoke to Roosevelt FRY ([REDACTED]).

Mr. Fry exported footage from one (1) exterior camera with a partial view of the area of the Oxford Community Center. The DVR footage is from 15:39 to 16:35 for 2022/01/18 onto a USB Flash Drive I provided. The time noted is based on the DVR timestamp.

The footage was exported using the exacqVision system which generates files in .exe format to include the exacqVision Media Player, version 20.09.10.0.

At SPPD HQ, I used the computer program MD5summer to generate a HASH report for all the data collected.

I burned the DVR data to a CD and turned it in to Property. I also made a copy for the Investigator.

I witnessed multiple potential witnesses standing with officers, and assisted in assigning Officers to each individual who did witness the event, and to transport them down to St. Paul Police Headquarters.

While on scene, Ramsey County Deputies advised Officers that they had the suspect, EXAVIR BINFORD, 04/11/1996, in custody at his registered address, 1663 Stillwater Ave.

[REDACTED]

On 01/18/2023 at 1809 hours, I, Sergeant Amber Larson interviewed witness, [REDACTED] at the St. Paul Police Department (367 Grove St) on the 2nd Floor in the Homicide Conference Room.

The interview was audio and video recorded and later uploaded into Axon (Evidence).

**It should be noted during the interview, [REDACTED] couldn't recall the female rec center employee's name and reference her as "Flower" in the interview. In a later interview with another Rec Employee, I was advised the correct name was "Furo Ejero".

Here is a summary of the interview:

- She was at Jimmy Lee Recreation Center (270 Lexington Pkwy N), and she stated there was a physical altercation between a group of teenage girls (approximately 5) outside the recreation center.
- The rec staff was trying to diffuse the situation and telling people to "move around" because they don't want stuff like that up there.
- She specifically named an employee (Exavier) and stated he was telling people to leave and to not come back. The fight was over and [REDACTED] and her friends walked towards the entrance of the building to sit on the benches because they were waiting for their ride so they could leave. Exavier was okay with them staying outside, however advised them that they could not come into the building because staff locked the doors.
- She stated people kept approaching the doors because others were trying to enter the rec center, however Exavier was telling people they couldn't come in the building. She stated there was one girl that was inside the building before it was locked, who wanted her brother to come inside. Exavier advised him that he couldn't come into the building. Some how the brother was able to get into the building without Exavier knowing.
- Exavier found out and she stated, "he wasn't mad, but he was mad". She said the girl told Exavier to let her brother in and he can come in. Exavier told the girl, "No, get the fuck back bitch, he not coming in. Y'all can move around and y'all don't need to be here". The girl said, "Fuck, I can move around, and I can call my peoples". Exavier said, "Good, call your peoples".
- She stated that the girl and her brother were leaving the building and walking out. As the girl was walking out, she told Exavier, that the other female employee (Furo Ejero) was the one who said they could be in there. This irritated Exavier and he told the girl, "Fuck Furo, I don't know why that bitch try to go over my authority". [REDACTED] said, "I guess he is the boss, because he said he is the boss".
- Exavier went back inside building of Jimmy Lee for approximately five minutes, and she stated, "I guess he clocked out, and I guess he went to get his gun. I don't know if he (Exavier) had it on him already or not. He walked out with a ski mask; he had to walk past the girl and was getting disrespectful with her, so that is why she was arguing with him because he was saying rude things to her". The girl told Exavier, "I can call my brother". Exavier then showed his gun.

- She was specific and stated he walked out the building with both his hands in his front pocket of his jacket originally. He turned around and said, "Y'all some bitches, talking to all the people that were right there, the girl that was defending her brother said, what the fuck he say?" She stated at this point, Xavier reached into the chest area of the interior of the left side of his jacket and pulled out the gun and pointed it at them.
- [REDACTED] stated her and her friends got scared so they ran to the front doors of Jimmy Lee. She estimated there may have been 7 girls and 2 boys and then stated there was less than 20 people. She began banging on the doors because they were locked, and they were afraid. Furo came to the door and asked them what happened, they were yelling telling her that Xavier had a gun multiple time. Furo said, "No he doesn't, stop playing like that. Are you guys serious?" Furo let them in the building and told them she was going to call 911 before the shooting.
- The two boys ([REDACTED] and [REDACTED]) were still outside with Exavier. They were all walking SB towards Marshall, however still on Jimmy Lee property. She stated Exavier was "getting rough with them, not touching them, but talking out his neck to the boys. We didn't know what he was saying because we were all screaming trying to get into the gym".
- [REDACTED] stated that Furo was scared and didn't know what to do. Furo was trying to calm everybody down and made sure the doors were locked and told the juveniles that were inside to stay inside the building.
- She stated the [REDACTED] in the building (later identified as [REDACTED]-employee) came out asking what happened. Furo told Ari that the kids were telling her that Exavier had a gun.
- While this was going on, Exavier, [REDACTED] and [REDACTED] were still outside in front of Jimmy Lee. [REDACTED] was sitting down, [REDACTED] was standing by the door, and Exavier was near the door. Exavier was talking to them "reckless" and pacing back and forth with his hands in his pockets. Exavier was telling them to open the door several times, however they all refused to let him into the building.
- [REDACTED] stated that she and a group of juveniles were standing by the large window where you can see outside watching Exavier pacing back and forth "talking out his neck", talking about "opps" and stuff like that. [REDACTED] was getting loud with Exavier as well saying, "I don't know why you are calling these girls bitches". She stated she couldn't hear the conversation verbatim because the doors were closed and unless you put your ear to the window.
- [REDACTED] and [REDACTED] started to walk off, and Exavier followed them to the parking ring (parking lot) and they continue to argue. She stated, "Next thing you know all started fighting physically, and that is when Exavier pulled out his gun and shot [REDACTED]".
- She stated she heard one gun shot and observed Exavier shoot [REDACTED]. She stated it occurred in the parking lot. She stated there were cars, but she could see the physical altercation where Exavier was on the ground, Exavier got back up and was walking backwards pointing his gun and there were several other people out there walking up to the rec center who witnessed it.
- [REDACTED] stated she used Furo's phone to call 911. She stated that 911 didn't answer the phone. She stated when they did answer, she was placed on hold. [REDACTED] stated everyone heard the gun shot, the lifeguards, the female who was taking care of the kids, and several others. Everyone was asking what happened and she told them Exavier had just shot someone.
- Exavier left on foot and was wearing all black (black ski mask, his hood was on, shoes). She stated she saw Exavier pointing the firearm and shoot the gun and thought he had it in his right hand. She stated she couldn't hear if Exavier said anything because everyone started screaming and running towards [REDACTED].
- [REDACTED] stated that [REDACTED] was her acquaintance and she had known him since they went to Ramsey Middle School together. She stated he currently attended Central High School.
- [REDACTED] described Exavier as always being rude, disrespectful, with a bad attitude. She stated he talks to youth "Crazy", and he is not one to talk to if you are mad. She stated she understands because sometimes kids are doing too much, however he kicks people out and is still rude. She said sometimes he is nice, but then sometimes he says stuff in a "rude manner".

The interview concluded.

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

On 01/18/2023 at about 1710 hours, I (Sgt P. Lee) was notified by Cmdr S. Lohse Johnson to respond to an aggravated assault call at 270 Lexington Pkwy N (JIMMY LEE REC CENTER). The information provided was the suspect (later identified as EXAVIR DWAYNE BINFORD DOB 04/11/96) is an employee of the Rec Center who shot a juvenile victim (REDACTED) DOB (REDACTED) 06).

Additional details I knew up to that point was a fight occurred at the Rec Center. There was a dispute between the suspect and victim. The suspect shot the victim and fled the scene. The victim was transported to the hospital. The suspect was located by assisting squads and taken into custody outside of 1663 Stillwater Ave E. The suspect was currently at SPPD HQ.

At about 1839 hours, Sgt M. Onnen and I conducted an in-custody Miranda Rights interview with BINFORD at the SPPD HQ Homicide/Robbery interview room. The interview was audio recorded and later uploaded to the media vault. I read the SPPD Miranda Rights form that included the Miranda Warning to him. He acknowledged he understood his rights by writing his initials and signing his name on the form. He was given his copy of the form. My copy of the form was later uploaded to the media vault.

It should be noted that when I was asking BINFORD for his personal information such as name, date of birth and address, I also asked him for his phone number. He gave his cell phone number as 651-529-6818. I asked for an alternate contact phone number. He responded, 'My my work phone but I probably won't had that job no more.' I told him that I would take his work cell phone number which he gave as 763-354-0823. There was a section to ask about employer information which I did. He responded it was 'the City' and acknowledged it was the City of St Paul. I asked him to confirm that he works at the Rec Center referring to the JIMMY LEE REC CENTER, and he responded, 'I was.'

I advised BINFORD that his rights were read to him, and he acknowledged he understood them. I asked if he wanted talk and he responded 'I mean where do we startin from like the earlier in the day or...when the incident just happened or...' I told to start from what led up to it referring to the shooting.

The following summarized what we talked about.

He said what led up to it was he just started this position at 'Jimmy Lee CRS' and was previously at the Arlington Rec Center for four years. He got moved to the Jimmy Lee Rec Center in August 2022.

For today's incident, he said 'So I think whoever I harm I want to say he goes to...I don't even know how old he is, I just know I always had a problem with him since I started working up there.'

He explained the Rec Center would get calls from 'Central' which he verified is Central High School. The high school would call the Rec Center's front desk to tell them 'Yeah it's one of days.' and 'Lock the doors so that's how it really started.' He added it was always the same thing with that group referring to the victim and the victim's group. He also added it was the victim and the victim's group who were always involved with fights at the high school and at the Rec Center.

Today he acknowledged the Rec Center received a phone call from Central High School, so his front desk staff locked the doors. The high school did not tell them much other than 'today is one of them days.' and he and his staff new what that meant. The call time from the high school would have been around 3 PM because that was around the time the high school let out and the time their gym open.

When they get notified by the high school, what they do at the Rec Center is to lock the doors. They do not allow anyone in and if a guest leaves the Rec Center, then the guest would not be allowed back inside.

He described himself as 'I was fed up that day.' and he clocked out early. He started to mention something about 'some little girl' but stopped himself. He then stated 'I don't know, I got, how should I say this. I'm not. I know right from wrong. I just know my temper where it can go, you know what I'm saying.'

He explained what made him leave the building was 'some young lady' had a problem with him telling them (guests) no one could be in the building because a fight was going on. He stated the police came to the Rec Center and left so he was trying to make sure his building was secured.

I noted he stated, 'We had words with the female some young lady I don't even know her name.' He stated she was trying to be loud. He tried to explain to her this was his building and he wanted to run it smoothly because if something happened then he would be in trouble.

I noted he stated, 'So we had words in the building, me and the young lady.' He went on to say it was more so because she let her brother into the building. He told 'him' referring to the young lady's brother not to come into the building because he was part of the group causing trouble and he should stay with that group.

I asked and he clarified his dispute with the young lady happened after the Rec Center went into lockdown and before the shooting incident. He had already clocked out because he was upset and recalled punching out of work at 'like 4:30.'

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

He talked about not liking to get into argument because his first month on this job was 'bullshit bro, the kids be fighting, they be coming up there to do what they want to do...'

He stated because this young lady did not do what the Rec Center had asked regarding the Rec Center's lockdown rules that she became upset with him. He told her that he was not going to put her out, but she needed to understand the Rec Center's rules. He then clocked out and was leaving the building. There were still 'kids' outside of the Rec Center arguing and fighting under the vestibule area.

He was walking and the same girl referring to the young lady he had gotten into an argument with inside the building ended up leaving as well. He reminded her about all the 'extra stuff' she had done inside and now was leaving as well.

He got into an argument with her, was getting ready to leave and she was talking about him to her friends. He stated he was already upset so he responded with 'Shut the fuck up.' to her. He continued by saying 'the victim' stepped up and told him not to talk to her like that. He noted leading up to that point 'the victim' had been arguing with another girl as well. I noted him to say, 'Now that's when me and him had words.' He stuttered and stated, 'Me and the victim had words.' He recalled this was the same guy that he had problems with on his first week on the job at this Rec Center. He described the victim as someone who always will make everything about himself.

He went on to say again he left and walked pass the young lady had argued with and who was still talking to her friends about him. He said something back to her and said it in front of the 'victim' as he walked away.

At this point, Sgt Onnen asked him to clarify the identity of the 'victim.' He responded by saying 'I don't even know his name for real.' Sgt Onnen asked him to clarify who the 'victim' was, and he responded 'Whoever yall found at Jimmy Lee on the ground. That's the victim who I'm talking about.' He described the victim wearing a red coat, red hooded sweatshirt under the red coat, gray jogging pants and black crocs.

I asked what race the victim was and he responded the victim is Black and could be more White, biracial.

He talked about having an argument with the victim who also had a friend with him. He realized he was 'kinda talking to both these guys, whoever his friend's doing he doing.' He described at that point they were 'talking shit' and he was still going to leave but 'came back.' He thought he forgot something in his office such as his work key or work phone and did not want to lose them. He continued to argue with the victim and the victim's friend. He stated 'I ain't gonna lie, I felt threatened.' even though they were teens.

I asked him to explain how it was that he felt threatened. He stated the victim thought he (suspect) was trying to brandish or reach for his (suspect's) gun when he was reaching into the exterior left front upper jacket pocket. He was digging into that jacket pocket because he was looking for his bus pass. He and the victim were still arguing, and the victim thought he (suspect) was reaching for his (suspect's) gun which caused the victim to assume 'Oh you clutching your gun.' towards the victim. He said the victim would not know he (suspect) had a gun and even if he did, it was legal.

I asked if he had his gun on him. He responded first about having his gun on him and an incident involving his vehicle which did not make sense. I cut him off because he was not answering if he had his gun on him or not. I asked him where his gun was at during his argument with the victim. He gestured by reaching into his left interior jacket pocket with his right and said he only took out his gun 'after they fucked me up.'

I went back to talk about him reaching into his exterior left upper jacket pocket and what the victim assumed he was doing. He said the victim told the victim's friend to 'call what's his name and tell him to bring all the sticks.' I asked what sticks meant and he did not know but though it probably meant to bring all the weapons.

He said up to that point he was still going to walk away to catch the bus. He told the victim and the victim's friend if they wanted to do something to him that he would be at the bus stop.

One of his co-workers came outside and got in the middle of the argument between him, the victim and the victim's friend.

He was walking towards Marshall Ave because his bus stop is at Oxford St/Selby Ave. The victim continued to talk 'shit' to him as [REDACTED] his co-worker got in the middle between them. He continued to walk off and told [REDACTED] that he felt threatened because of the past behaviors of the victim and the victim's friend.

He went on quick rant about not really talking to those kids referring to the victim and his group of friends. He mentioned almost fighting with them on his first week on the job at this Rec Center.

I directed his attention back to talk about him saying he was walking away from the argument with the victim. He explained [REDACTED] stood nearby as well as the victim and the victim's friend as he walked away. He added there as a vehicle parked near them which he could have walked around but he decided not to. He walked pass the victim's friend who got in his way. He responded by extending his arm and pushed the victim's friend to get back which he described as a 'baby shove' to create space. It should be

noted he described the victim's friend as someone who wore a blue coat, and the altercation was still on the Rec Center property (parking lot).

After he shoved the victim's friend, the victim and the victim's friend ran up on him. He admitted to shoving the victim's friend, however he did not ball up his fists. He believed the victim's friend had blocked his path on purpose as well.

The victim and the victim's friend were ready to fight him after the shove. He started to back away and they got up on him. He described wearing his jacket unzipped with the hood up over his head during this time. I noted he said 'I ain't gonna lie. They they jumped me, they jumped me.'

I asked him to describe how the victim and the victim's friend rushed him. I observed him getting up from his chair, walk a couple of feet away from the interview table and stood facing Sgt Onnen and me from about five feet away. He clenched his fists and brought them up near his chest and stated that was how they rushed, grabbed, and hit him.

He ended up on the ground and on his back but was able to 'flip him' referring to the victim. He was able to throw a couple of punches as the victim's friend ran up on him. He was able to throw punches at the victim's friend as well.

He was able to get off the ground and covered up his face/head by using his hands/arms to shield himself as they were beating on him. Immediately after giving those details, I heard and noted him say 'I ain't gonna lie...I pulled out my pistol and shit.' and 'That's really it though...' He added that 'I just felt like if you wouldn't put your hands on me this wouldn't happen you know what I'm saying but.'

He explained when he was getting jumped that everything was getting pulled off of him. He demonstrated by pulling his jacket over his head with his upper torso bending over forward. He pointed out to large tear on the right rear of his jacket which happened when he was getting jumped.

He mentioned before they fought that 'he' possibly referring to the victim was on the phone saying, 'Call what's man, we'll smoke you.'

I asked him when did he pull out his gun. He said he pulled out his gun after they beat him and 'like literally a second after they beat me and they kinda...' He acknowledged he was on his feet and did not chase them. I asked what they (referring to the victim and the victim's friend) were doing. He responded, 'Looking stupid just sittin there.' and stood there without backing away. He also did not back away. I asked how far apart he was from the victim and the victim's friend. He responded with a 'Good question.' He said there was a red car parked near where the victim was at. He described being 'like ten yards piece' regarding the distance between him, the victim and the victim's friend. He followed that statement up by saying 'maybe 10, 15 yards.' I asked if that was distance between him and the victim when he shot the victim and he responded, 'Um hmmm.'

I asked if he felt he had no choice at that time referring to shooting the victim. He responded he was not going to lie and could have done something different. He said now that he has reflected on it that he is not a dumbass, not mentally unstable and very logical that he felt 'if they wouldn't put they hands on me, I wouldn't have shot that boy and he know that.' He followed that up by saying they made his job hard, and he just wanted to come to work every day.

I asked him how big the victim was. He stood up and put one of his hands to about his eyes to demonstrate how tall the victim was compared to him. It should be noted the suspect is listed at 6-03 and 200 lbs on his MN DVS driver's license. He said the victim was six feet tall and about 170 lbs or 180 lbs. He said the victim was not big but talked big. He said the victim's friend was 'not that big though.'

I asked when he was rushed by the victim and the victim's friend and being beaten by them, if he saw them with any weapons and he responded no. He repeated himself by saying he did not see them with any weapons just like they did not see him with a gun until 'the point.'

He said the victim and victim's friend talked like they 'gun toters' which but him on defense. He was not going to let these 'kids' do anything to him although it was not intentional on his part.

He said he did not know the defense law here, but he was rushed and jumped. He suffered a busted lip.

I noted he grabbed and lifted his upper lip to show what looked to be a small fresh cut underneath the top portion of his lip. It should be noted he had visible injuries to his right upper eyebrow area and outer lips area near his mouth which he later said was caused by the victim and the victim's friend.

I asked if there was anything that obstructed him from behind that would have prevent him from running away in referring to why he did not de escalate the situation by retreating during the argument and fight.

He responded his intention at first was to run but the victim and the victim's friend put their hands on him first. He said he does not go around hitting people. He said he knew they did not like him because he is the new guy around town. He started to talk about when he first started the job at this Rec Center that they were asking who the new guy was referring to him and why he was hired.

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

I heard and noted he said this incident was not intentional because he did not plan to come to work with the intent to harm someone.

I asked him why did he have to shoot the victim after the fight because they all just stood there. He said he was not going to lie, it was just in the moment, he did not have an explanation and he was sorry.

I heard and noted him say 'I'm fucked right now but when shit happens bro it happens bro like.'

I asked how many times did he shoot and he responded 'one time.' I asked if he knew that he hit the victim referring to the gunshot.

He took a deep breath and said he initially did not know the victim was shot. After the gunshot the victim fell, and he peaked around the vehicle (parked vehicle) where the victim had been standing by. He said he looked, saw the victim and 'I'm like fuck.'

I asked where the victim's friend was at that point.

He responded the victim's friend was probably screaming and yelling.

I went back to ask him what he did after he saw the victim on the ground and he said 'I ain't gonna lie, I fled bro.'

He said this was the first time he experienced something like this happening to him. He again repeated himself by saying he is a nice guy and did not just wake up today to kill this dude.

He admitted everything happened fast and the victim fell down. He then said he thought the victim was playing dead when the victim fell but as soon as he peaked and saw the victim he knew 'I'm fucked.' He said at the same time he felt what happened was because the victim and the victim's friend jumped him.

I asked him where his co-worker [REDACTED] was at that point.

He responded by saying [REDACTED] was probably still trying to get the victim and victim's friend off him. He said when he shot his gun, he heard [REDACTED] say 'Oh fuck.' and 'Oh my God.' and that [REDACTED] ran away. He said whoever was out there would have seen what he did. He again said he did it, but it was not intentional.

I noted he talked again about getting jumped by these kids and got his jacket pulled over him. He said it was not on his mind, but he got his gun license for a reason.

I wanted to talk to him again about what happened after he shot the victim. I asked why he did not offer help to the victim and or helped himself. He was not able to give an exact answer and said, 'That's a good question.' and 'Nah, you definitely valid for that. That's a good question for sure.' He said the shooting was not intentional. He acknowledged he had his personal cell phone on him at that time and admitted he could have called 911 even if he had moved a safe distance away.

I told him he could have called the police. He said he was scared and 'I know better now.'

I asked him where he ran to after the shooting.

He said he ran to Oxford St/Selby Ave. He called his mother and told her 'That I fucked up. I did some dumb shit.' His mother wanted to see him before 'they' got to him referring to the police. He and his mother agreed to meet downtown St Paul. He took the bus #21 to downtown St Paul at 5th/Minnesota where his mother was waiting for him.

He clarified it was just his mother who came to pick him up. He and his mother left downtown and drove straight home to their address of 1663 Stillwater Ave E. He said when they got home the police were already on them. He said as he and his mother were getting out of her vehicle the police pulled up on them.

I went back to ask him about additional details regarding his argument with the victim and victim's friend. I asked why he did not remove himself from the situation and why he did not just go back into the Rec Center.

He responded he knew he fucked up and did not need to be lectured. He said he knew he could have left 'My thing is don't put your hands on somebody you don't know repercussion don't do that because I don't go around beating up on people and expect them to not do shit.'

He said the injuries on his face were not self-inflicted and caused by the victim and the victim's friend.

He stated one of the coordinator's is out for FMLA, so he has been stepping in to fill those shoes right now.

- He stated today the kids were being directed to go down the gym at "JK Movements-Johnny Allen" to have open gym.
- At 310PM they got a call from Central High School to lock the doors at Jimmy Lee, because "kids were doing a lot". He wasn't positive who called, because India took the call. He stated it was somebody from their front desk and thought it may have been "Cindy".
- He stated he and Exavir went outside and observed a large group of kids at the parking lot entrance near Marshall Ave. He stated they stood near the door, and they try to not get involved. They had locked the doors and approximately five minutes later, it slowed down. They unlocked the doors. Exavir went downstairs to check on open gym.

Exavir challenged her "Oh you going to take it there?".
- A couple minutes had passed, and he went in. [REDACTED] tries to follow Exavir's lead and support him even though he is technically above him. [REDACTED] went over to the group who was in the corner and told them they should leave. They were not listening telling [REDACTED] they were told they could stay by other staff. [REDACTED] told them they needed to leave because Exavir was "tripping" out and talking reckless.
- Exavir was agitated and said something similar to, "Its all good, but you can't be here, I make the rules, I run it". The female told Exavir, "India said I could be in here". Exavir said, "What the fuck does that mean, I am the one who runs the building type shit". At this point, Exavir and India get into a small verbal altercation about this incident. Synopsis :

Narrative :

I, Sgt M Onnen, called Central High School and spoke to Principal Cherise Ayers. She confirmed that after the shooting at Jimmy Lee Rec on 01-18-23 that they went into lockdown. She confirmed that several students came to the school trying to get in so they let them back in the school even though they were lockdown. Cherise confirmed that one of the students was [REDACTED]. She said that when she saw him during the lockdown that [REDACTED] seemed very shocked and traumatized by the incident based on his behavior and how he normally acts. Cherise said that 5-6 other Central High School students came during the lockdown and were also let in.

Cherise mentioned that [REDACTED] might have recently been arrested. I later located a [REDACTED], [REDACTED], as being booked into the Ramsey County JDC on 10-29-22. Cherise provided an address of [REDACTED] for [REDACTED] which matches what [REDACTED] described. [REDACTED] listed parents with the school are [REDACTED] ([REDACTED]) and [REDACTED] ([REDACTED]). I called [REDACTED] and it was not in service. The other two numbers I received voicemail where I left a message with my contact information and a request to be contacted back.

Sgt Lee and I went to [REDACTED] to attempt to locate [REDACTED] since we could not make contact via telephone. At [REDACTED] no one answered the door after knocking and ringing the doorbell. We left our business cards attached to the mailbox next to the front door.

We next responded to Central High School to further attempt to make contact with [REDACTED]. We spoke to Cherise who advised that [REDACTED] was currently at school but she contacted his parents and we needed to wait until they arrived to speak to him. Once [REDACTED] and [REDACTED] arrived we moved to the principal's office where [REDACTED] immediately began screaming at us about how we embarrassed his son by coming to his school. He said that we should not have come there but rather called him or went to his home. We tried to explain that we tried all that and got no response so that was why we came to school. He further screamed about how he was upset that we did not come out when they complained about Exavir prior (last year). In [REDACTED] yelling he said that he wasn't going to let [REDACTED] speak with us. We left our business cards with them and advised them to contact us if they wanted to speak with us at Police Headquarters. This conversation was digitally recorded. The digital recording was later uploaded to the Media Vault.

Synopsis :

Narrative :

On 01/20/2023, I (Sgt P. Lee) received a voice message from phone number [REDACTED]. The caller identified herself as [REDACTED]. She saw a social media video of the aftermath of the shooting and wanted to pass that information along to the police. She asked for a call back after 6 PM. I decided to call her before her requested time due to the nature of the incident and investigation.

I called her back at about 1230 hours and the following summarized the phone call.

Her sister lives at [REDACTED] which is an apartment building to east of the Rec Center parking lot. She did not identify her sister or give her sister's exact address due to not wanting to disturb her sister's mental health.

She received a phone call from her sister on 01/18/2023. Her sister told her about hearing a gunshot, a female screaming and eventually police activities in the Rec Center parking lot.

She google search the Jimmy Lee Rec Center.

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

She came upon a Facebook profile of "Seven Anderson" who posted a video of the aftermath of the shooting. The video showed a person laying on the ground of the parking lot with several people people standing around. There was a person talking on his or her cell phone among the people standing around the person on the ground. It appeared to her the video was recorded on the balcony of the same apartment building where her sister lives.

She saw that there were some disrespectful comments on the Facebook profile Seven Anderson about the video being posted. The video was eventually taken down.

She later searched Facebook and saw under profile "Quanny Quanny" the same video had been posted there as well. She noted the profile "Quanny Quanny" had been vocal towards the profile "Seven Anderson" about the video being posted on Seven Anderson's page.

She wanted to bring the video to the police's attention. She was concern the video may set off threats.

She later added there was a second video that showed the police in the parking lot.

I advised her that I would look into both Facebook profiles and look for the video. I also advised her that she could contact Facebook to report the videos.

Sgt Onnen assisted with locating the Facebook profile "Seven Anderson" which had the video posted of the aftermath of the shooting. The video was originally posted by Facebook profile "King Lamond." The video was about 35 seconds long. The video played in two parts. The first part captured a person laying on ground in the parking next to a parked vehicle. There were several people pacing around near the person on the ground. The video looked to be recorded from an apartment balcony that faced the Rec Center parking lot. The second part captured squads with their emergency lights flashing in the same parking lot.

A Snag It video copy was made of the aftermath of the shooting video and later uploaded to the media vault.

The Facebook profile "Quanny Quanny" was located and no videos related to the shooting was found. The other Facebook profile "King Lamond" was located and no videos related to the shooting was found.

A Facebook preservation was done on Facebook profile "Seven Anderson." Reference Facebook case number 7504703.

I, Sgt M Onnen, along with Sgt P Lee, met with █ at SPPD Headquarters to ask follow up questions. The interview was recorded audio and visual from the Homicide Conference Room. The interview was uploaded to Evidence.com.

█ provided much of the same details but added the following new or further detailed information (See █ original interview report for further details):

- Exavir is sometimes referred to as "X".
- Exavir is one of the onsite supervisors of Jimmy Lee with one other person.
- █ had not seen any of the allegations made against Exavir (treated kids poorly) but said he knew Exavir would swear. The swearing was not in a derogatory manner.
- Exavir had a good rapport with kids and youth work was something that he was decent at but had a few kids he did not know how to handle. Since Exavir was there they saw a decline in problems with the kids.
- Jimmy Lee Rec was short staffed so "JK Movements" was running the open gym to assist.
- Exavir usually "takes the lead" on telling problem kids that they can't enter the building because he has the rapport with the kids.
- Exavir might have swore at the female that got inside but █ did not know what was said.
- Kids being a problem at the building happens "a lot".
- India is front desk staff for Jimmy Lee Rec. █ did not think India "overstepped" her role by saying the female could be inside.
- █ knew Exavir clocked out because he could hear the TASS machine.
- Exavir did not say anything after he clocked out and before he walked out of the building.
- India and Exavir are both hardheaded and strong willed.

- [REDACTED] did not think Eric Thompson made it there before the shooting but thought he got there about, or after, the time the police arrived.
- When Exavir came back to the locked building trying to get in, [REDACTED] described Exavir as "being in the red" (meaning agitated or similar).
- Exavir should have had a physical key to open the front door.
- [REDACTED] did not know if anyone was near Exavir when he was banging on the locked front door.
- [REDACTED] got in between Exavir and the kids when he was telling them all to leave.
- Exavir was walking southeast from the building towards the intersection of Marshall and Oxford through the parking lot.
- Exavir changed direction and circled back around [REDACTED] and walked towards the two kids (Juvaughn and Rhashad). He was now walking northeast in the lot towards the two kids and they "stood their ground". Exavir walked at them and pushed one but not hard (straight push). Exavir could have gone around the two kids without touching or making other contact.
- [REDACTED] did not remember anything being said by Exavir or the kids after the fight, before the gun was pulled out, after the gun was pulled out, after the shot.
- [REDACTED] did not remember trying to separate people during the physical fight and did not remember how it got broken up.
- [REDACTED] did not remember how the large distance occurred after the fight.
- Exavir shot quickly after pulling the gun out from his coat near the left chest area ([REDACTED] physically described it).
- [REDACTED] and Exavir have a "decent" working relationship but are not friends outside of work.
- [REDACTED] feels he ([REDACTED]) tried his best to prevent the situation and get people to leave.

On 01/23/2023 at about 0900 hours, I (Sgt P. Lee) received a phone call from ([REDACTED], ph [REDACTED]) who sounded angry and wanted to know why the suspect was not charged for assaulting his son ([REDACTED]).

I explain to him that my partner (Sgt Onnen) and I came to Central HS the other day as part of our investigation. I told him that he yelled at us and would not let us give any explanation.

I asked him if his son wanted to give a statement as to what his son did, heard and saw. He responded in an angry tone that his son was there. I asked again if his son would be willing to give a statement or not. He responded that he wanted the suspect charged for assaulting his son. He added if his son needed to talk to the police that "that's what it's gonna be."

He asked where we could meet so his son could talk to us. I told him the interview would have to take place at the SPPD HQ. He responded by asking why the interview process could not have taken place at the SPPD HQ in the first place. I told him that "we" were trying to track his his son down and time was of the essence in this case.

His voice started to go higher in yelling at me. I advised him that I did not want to get into an argument with him because he already yelled at me and my partner. He responded "Yeah you know why?" and I cut him off. We started to talk over each other. He accused me of talking over him and I told him it was he was talking over me.

I told him to set up a time so we could do the interview with his son at the SPPD HQ. He responded it would not be today because they have something going on.

I told him to tell me what day/time of this week his son will be available to speak with us. He wanted to see how long the conference at school last and would call me in the morning. I gave him my work cell phone number to call me. I also gave him Sgt Onnen's direct office phone number to call as well. I asked if his son mothers (and who he identified as his wife) would be coming as well and he responded "more than likely."

- They were walking from their school (Central Highschool) towards Jimmy Lee Rec Center and people were fighting along the street.
- She and her friend, [REDACTED] walked up towards Jimmy Lee, however, could not get into the building because it was locked due to the fight. She and her friend sat on the bench and was waiting for a ride.
- She said, "The dude that shot little boy, was telling us that we couldn't go inside". She also stated that he stood near the entrance doors of Jimmy Lee to make sure the kids who were fighting didn't come towards the building.
- A few people from the fight began to walk towards the entrance. The "dude" (Exavir) wouldn't let them in, however allowed them out in front of the building. A female that was inside Jimmy Lee let her brother inside the building.
- She stated that (Exavir) didn't allow that and told them, "Y'all goofy ass can get out here, and her goofy ass can get out of here too". The female and her brother both agreed to leave. Exavir continued to call them "bitches".
- When I asked her who Exavir was, she stated, "He works there, and he was the one who shot the little boy".
- [REDACTED] and [REDACTED] (the little boy that got shot) approached Exavir and told him, "You don't call them no bitches". She thought that Exavir must have had an inner pocket in his jacket near the chest. [REDACTED] stated she witnessed Exavir pull the gun and she saw it. She stated she could see he had a gun but couldn't see what color it was.

- The employee let them inside and they began to tell the female employee what happened. The female employee stated, "Are you serious, I would have never thought he would do that". [REDACTED] stated that Exavir is reckless, and they were not surprised by his behavior. She stated a few minutes later, she didn't know where Exavir went because he walked off, but he returned and was trying to get into the recreation center by pulling on the door. During this time, her and her friends ride arrived, but they couldn't leave because he was standing at the doors, and they were locked and not trying to let Exavir inside.
- [REDACTED] and [REDACTED] were walking back up towards the building. [REDACTED] said that Exavir started "pressing them again, telling them I told you to come around the corner and saying reckless stuff". Synopsis :

Narrative :

I (Sgt P. Lee) listened to the what I noted to be the first 911 call and summarized it as followed:

A hysterical female caller requested help to include an ambulance to the Jimmy Lee Rec Center/Oxford Community Center because "somebody got shot." The female caller was cry and screaming as she gave information to the 911 dispatcher. The 911 dispatcher tried to calm the female caller down and ask pertinent questions as to what happened. The female caller responded with calling the 911 caller a bitch, used the fuck or fucken profanity word as she screamed and stated "somebody got shot bitch."

The 911 dispatcher got the fire/medic dispatcher on the line with them and requested medics to respond to 270 Lexington Pkwy. In the background the female caller who was still crying and screaming was heard saying the victim's name as Juvaughn.

The fire dispatcher asked the female caller about the rec center address which she confirmed. The female caller also confirmed her phone number as [REDACTED] and who also confirm she was with the patient referring toe victim. The female caller continued to scream at the fire dispatcher and only answered some questions that were being asked. The fire dispatcher advised the female caller that help was on the way.

The fire dispatcher asked the female caller if the person who shot the patient was still there. She responded the shooter ran away and "he fucken ran."

The female caller did not know what part of the body the patient got shot but there was a lot of bleeding. She was asked and responded the patient was alert, his head was injured, and it was just one wound.

The fire dispatcher advised help was on the way.

The fire dispatcher gave first aid instructions to the female caller who did not verbally respond and sobbed loudly back.

The 911 dispatcher got back on the line and asked questions about the shooting to the female caller who did not answer and continued to sob. The female caller eventually answered and stated she saw the shooter.

The female caller identified the shooter by name as "Exavier" and who wore all black clothing. The female caller stopped answering questions again and yelled out some inaudible words to include profanity at apparently someone around her.

Towards the end of the call and at about the four-minute mark, the female caller acknowledged she was with the police and the 911 dispatcher advised the dispatcher would be disconnecting the call.

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

The audio for this 911 call is about 06:21 in duration. The first four minutes of the audio is related to this case. At about the 04:41, the 911 dispatcher spoke to a male caller who called in about wanting to report a criminal damage to property incident that was not related to this shooting incident. At about 06:11, the female caller from earlier called back and stated there were multiple people there and she was trying to get them evacuated. It appeared she did not need further assistance at the rec center and the call was disconnected.

This 911 audio was uploaded to the SPPD media vault and I titled it as the first 911 audio call with phone number [REDACTED].

After listening this 911 call, I reviewed the names of the identified witnesses and noted the phone number [REDACTED] to be associated with witness ([REDACTED] DOB [REDACTED]). She was interviewed by Sgt J. Schwab and please see his supplemental report.

The second 911 call will be summarized as followed:

The male caller stated to the 911 dispatcher 'we' were at the Jimmy Lee Rec Center and 'This dude just shot a kid.' and 'He just killed a kid.' The caller said 'he' referring to the shooter was fighting them and then shot them.

The 911 dispatcher advised that help was on the way. The dispatcher asked for the caller's phone number and the caller responded that 'he' ran off referring to the shooter.

Louds screaming was heard in the background.

The 911 dispatcher appeared to try to connect the call with a fire/medic dispatcher however the caller could be heard saying 'He's dead.' a couple of times.

The 911 dispatcher asked what was going on and the caller responded a worker was involved who was picking fights with the kids. The caller added the worker argued with the kids and then shot him. The caller gave additional details by saying there were two kids the worker was arguing with.

The 911 dispatcher asked the caller if he was with the person who got shot. The caller responded he was not and he was inside the building. The caller added he was inside and watched the shooting happen outside. The caller was asked and responded there were four or five people with the person who was shot.

The 911 dispatcher asked how old the person was that got shot. The caller responded someone stated the person shot is breathing. The caller was asked for the age and gender of the person shot. The caller responded 'it was a boy, a sophomore in school and about 15 years old. The caller continued to answer questions by saying the shooting just happened, they were in the streets with the person shot and who was not moving.

The 911 dispatcher asked where the shooter was at the caller stated the shooter shot 'him' referring to the victim and ran away. The caller added he knew what kind of vehicle the shooter drove and was asked for details regarding it. The caller then stated he was handing the phone on his end to one of the workers.

A hysterical female got on the phone and stated she was inside the building. She was asked for details by the dispatcher and had difficulty giving full answers as she remained hysterical. She screamed out something to the effect of 'He ran off.' She was reminded help was on the way and responded with a couple of 'Oh my God.' She was asked additional questions and responded the shooter was a 'CRS' and a director at this rec center. She went on to say an altercation happened, he got upset, they 'got off with each other' and pulled out a gun. She added she was with the person who was shot (police sirens could be heard in the background).

The dispatcher asked if anyone was putting pressure on the wound and the female screamed it out to ask on her end of the phone. The female started sobbing, stated she was with the police and the call disconnected.

I, Sergeant T. Diaz am currently assigned to the western district as a patrol supervisor. On 01.18.23 at approximately 1612hrs, multiple officers from the western district responded to the address of 270 Lexington Parkway N (Jimmy Lee Recreation Center) in response to an aggravated assault complaint. Officers quickly arrived on-scene and located a male subject in the parking lot who sustained a gunshot wound to the head.

Upon my arrival on-scene, I assisted Sgt. Shead with securing the scene and assigning on-duty personnel to witnesses and designating officers to assist with the K9 track. The victim was quickly transported to Regions Hospital and was followed by officers Tschida and Peterson, along with probationary officers Kreimer & Larkin.

As officers held the scene and located witnesses, other officers by working with Recreational Center staff were able to identify the suspect and obtain home address and cellular phone information. That information was later used to locate the suspect as he arrived back at his address in the eastern district. I later responded to Regions Hospital and it was determined the victim was in critical condition and had been admitted for surgery.

Call comments stated it occurred at the Jimmy Lee Rec Center and the shooter possibly ran back inside or towards the central high school.

I along with Officers Lokhorst and Cappechi responded from HQ. We arrived on scene and were tasked with assisting in keeping scene security and making sure witnesses were identified.

I responded to the main entrance to find a group of people who stated they had been interviewed already. I went back outside where I was waved down by a trooper from the MSP whom was on scene to assist. On 01/18/2023, I Officer Lokhorst, responded to the Jimmy Lee Rec Center (270 Lexington Parkway North) to assist with a shooting. I arrived at the scene along with Officers Capecchi and Rhiel. At this time, it was believed the suspect had fled on foot from the area and Canine Officer Conrad was requesting a contingent of on-duty SWAT officers to act as a cover team while he searched the area with his canine partner. We met with Officer Conrad and other on-duty SWAT officers and assigned several other SWAT officers to act as a cover team.

I then responded to the crime scene and made contact with Sergeants Diaz and Shead. I determined our assistance was needed inside the Rec Center, where a large number of youth were still inside, some of them whom were witnesses to the shooting. Inside, the youth who were witnesses were separated from the rest of the group and monitored by officers. The scene was very chaotic and the parents of many of the youth inside the rec center were beginning to arrive to pick up their children. I coordinated with staff and other officers to have the parents pick up children at Iglehart and Oxford, directly east of the parking lot.

At some point, I heard Ramsey County deputies air they had taken the suspect into custody at his home address of 1663 Stillwater Avenue. Gang Unit Officers Sand and Wanschura responded to this location. Myself, Officers Capecchi and Rhiel, and Sergeant Rooney responded to this location to assist. Two family members of the suspect were transported to SPPD Headquarters to be interviewed. We remained at 1663 Stillwater to secure the residence in case a follow-up search warrant was needed until we were later told we could release the residence.

I (Sgt P. Lee) received the audio to the third 911 call which was about 03:08 in duration. I listened to it and noted some details as followed:

-As soon as the 911 call was answered, the male caller was screaming out loud such as 'help me' and 'Jimmy Lee Rec Center.' It was hard for me to make out all of what the male caller was screaming out other then the mentioned phrases as well as 'What the fuck.' and the rec center address. The male caller mentioned something about 'he fucking shot a kid.' a couple of times. The male caller continued screaming and using profanity.

-The 911 dispatcher asked a couple of times who the shooter was, but the male caller continued screaming out loud with sentences/words that I could not make out.

-The 911 dispatcher advised the male caller the police have been notified.

-The 911 dispatcher asked for the name of the person who was involved likely referring to the shooter. The male caller responded [REDACTED], 'he was bleeding out referring to the victim. It appeared to me because the male caller was in distressed that he likely mistaken the questions from the 911 dispatcher about the shooter descriptions to that of of the victim.

-The 911 dispatcher asked for the race of the person (shooter) and the male caller responded he is Black male and 18 years old, wearing a 'red gray black top sweater' and he was bleeding out.

-The 911 dispatcher asked the male caller for clarification if the person bleeding out was the shooter or the victim. The hysterical male caller continued to scream and yelled out the name of [REDACTED]. The male caller clarified while still screaming that [REDACTED] is the victim who he was with, and the shooter ran away.

-The 911 dispatcher asked the male caller to stay on the line as she summoned the fire/medical dispatcher who got on the line.

-The fire dispatcher asked the male caller to verify his phone number as [REDACTED] however he did not respond and inaudible screaming in the background was heard. It should be noted I recognized the voice of this male caller to be witness [REDACTED] and who earlier stated he used his work cell phone [REDACTED] to call 911. It was likely the dispatcher errored when she repeated the male caller's phone number back to him.

-The fire dispatcher asked the male caller if he was with the person who got shot and he responded he was, and the person was bleeding out.

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

-The fire dispatcher asked the male caller to tell her what happened. The male caller responded he was 'out here.' There were a bunch of fights and 'we' tried to break it up. The topic changed to the victim being rendered aid by other people at the scene. There was another person at the scene who was also speaking with another 911 dispatcher. The male caller was advised this call would be disconnected which he acknowledged as police sirens could be heard in the background.

I uploaded the audio 911 call to the media vault and title it as the third 911 call audio.

I (Sgt P. Lee) watched the surveillance video recovered from Central High School (275 Lexington Pkwy N) by VMU tech R. Bertholf. The date on the video was 01/18/2023 with a run time of 1539 hours, to 1635 hours. The camera was labeled the exterior front sidewalk which has coverages of the northeast and northwest portions of the intersection of Lexington/Marshall Ave. The Jimmy Lee Rec Center is located at 270 Lexington Pkwy N and across the street to the east of the high school.

In watching the video from the start to the end of the mentioned run time, I observed the following.

-The video started at 1539 hours.

-At about 1615 hours, squads with emergency lights arrived and entered the rec center parking lot.

-At about 1626 hours, the SPFD medic rig was left the rec center.

-At about 1630 hours, a person was seen walking westbound on Marshall Ave from the rec center and out of view. The quality of the video was not clear enough to get a description of this person.

-At about 1632 hours, three people were seen walking westbound on Marshall Ave from the rec center and out of view. The quality of the video was not clear enough to get description from these three people.

-The video ended at 1635 hours.

-Something of note was from about 1612 hours to 1635 hours, there were multiple people who walked from the west and possibly the high school who went towards or to the rec center parking lot before moving out of view. The quality of the video was not clear enough to get description from these people.

I, Sgt M Onnen, received a copy from the SPPD Video Management Unit of the requested bus video from Metro Transit. All times listed are from bus 1339 on 01-18-23 and are video time stamps.

At 1627 hours the bus is traveling east on Selby approaching Dunlap where it stops to pick Exavir up on the south side of Selby on the west side of Dunlap. Exavir gets on the bus and sits on the left side of the bus near the rear. At one point a cell phone is seen in Exavir's right hand.

The bus continues east on Selby to Summit where it turns left to go north on Summit. The bus continues north on Summit to Kellogg where it turns right to go east on Kellogg. The bus continues east on Kellogg where it turns left to go northeast on Smith. The bus continues northeast on Smith where it turns right to go east on 5th St. The bus continues east on 5th St until it stops on 5th St between Wabasha and Cedar. At 1650 hours at this location the bus stops on the south curb and Exavir exits the front door of the bus. Exavir then walks/runs east on 5th St and crosses over Cedar still on the south side of 5th St. Once Exavir crosses over Cedar he turns on the path to go southeast from 5th and Cedar. Exavir is no longer seen from this location on the bus video.

It should be noted that the bus stopped at numerous locations to drop people off and pick people up along the above route but Exavir remained in his seat. Exavir did not appear to interact with anyone on the bus. Exavir was wearing the same clothing that he was arrested in and the rip on the right side of his coat was visible along with the red shirt underneath.

I next reviewed St Paul Police Department CCTV. All times listed are from 01-18-23 and are video time stamps.

VMU collection report; Metro Transit

Narrative :

I, Data Release Specialist BERTHOLF, am currently assigned to the Video Management Unit, a division of the Technology Unit. I am also a LEVA Certified Forensic Video Technician.

Part of my duties include being asked by investigators to assist in locating and exporting DVR surveillance video, SPPD CCTV footage, SPPD squad In Car Camera (ICC) footage, and SPPD Officer Body Worn Camera (BWC) footage.

Regarding this case, I received a request from Sgt. M. ONNEN to assist with downloading and preserving video footage from Metro Transit PD.

On 2023/01/20, I received an email from Axon alerting me that MTPD had shared Case MC23000575 containing video data. I downloaded the data to my department issued desktop computer. I then transferred the two (2) .exe files & extracted the .zip file data to a USB Flash Drive.

I reviewed the provided footage and saved still images to a new folder on the USB Flash Drive. The still images were created using the proprietary player included with the footage.

I used the computer program MD5summer to generate a HASH report for all the data on the USB Flash Drive.

I burned the data to a DVD and turned it in to Property. I also made a copy for the Investigator.

Please note the responding officers recovered twenty three 9 mm casings near the railroad tracks.

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

Narrative :

On 04/21/2023, I (Sgt P. Lee) wrote a search warrant in E-charging for the suspect's employment file from the City of St Paul and submitted it to the Honorable Ramsey County Judge Kraus. The search warrant was reviewed and electronically signed by the AM signing judge, the Honorable Judge T. Carey at about 1148 hours.

At about 1300 hours, Sgt M. Onnen and I went to the office of the St Paul Parks and Rec (15 Kellogg Blvd W) and turned over a copy of the search warrant to the Public Service Manager (Clare Cloyd). We then went to the City of St Paul Human Resource office and turned over a copy of the search warrant to Office Assistant (Emily Horvath) who advised she will forward the search warrant to (Kristen Bubel).

On 06/13/2023, I (Sgt P. Lee) received an email from Sue Wegwert from the City of St Paul HR that contained an attachment to three videos which I uploaded to the media vault. The videos are part of the search warrant signed by the Honorable Ramsey County Judge T. Carey on 04/21/2023 and executed on the same date at the City of St Paul HR and St Paul Parks and Rec HR in relation to the suspect Exavier Bindford's work file. I previously received some documents via email from the City of St Paul HR and these videos were not provided at that time. See other supplemental reports.

I will describe and note the three videos received as follow.

Video #1, Arlington Hills 12.3.19-Front Lobby Doors:

- The video is about 5:23 in duration.
- No date and times on the video.
- The visitor (male wearing a light color hooded sweatshirt and black pants) exited the first set of doors with Exavier Binford (all dark clothing) following a few steps behind. Both exited out the second set of doors and goes outside.
- Moments later, Binford came back inside, and the visitor eventually comes back inside as well. Both walked out of view of this camera.
- At about 1:07, BINFORD was seen in view of the camera being physically restrained by an unidentified rec center employee. Both moved out of view.
- At about 1:14, BINFORD and the visitor were seen coming back into view grabbing each other with BINFORD seen swinging what looked to be a punch. Both are struggle with each other as the unidentified employee paced around and who tried to intervene. All three moved out of view of the camera.
- At about 1:23, two unidentified males were able to separate BINFORD and the visitor as they came back into view of the camera.
- At about 1:58, the unidentified employee and the two unidentified males escorted the visitor out of the building.
- At about 4:26, the visitor came back into the building.

Video #2, Arlington Hills 12.3.19-Front Parking Lot:

- The video is about 7:03 in duration.
- No date and times on the video.
- The camera covers the exterior front doors and overview of the front parking lot.
- At about 42 seconds into the video, the visitor was seen walking out of the rec center building with BINFORD following on foot a few steps behind him.
- BINFORD turned back around and walked back into the building. The visitor turned around and started walking back to the building.

Video #3, Arlington Hills 12.3.19-Main Desk Entrance:

INCIDENT REPORT

SAINT PAUL POLICE DEPARTMENT

- The video is about 6:42 in duration.
- No date and times on the video.
- The camera covers the interior entrance of the front doors.
- The visitor was seen walking by the front desk about 16 seconds into the video.
- The visitor paced around and heads for the front doors and he was followed by BINFORD. Both walked outside and out of view of this camera.
- At about 1:00, BINFORD came back into the rec center building.
- At about 1:13, the visitor came back into the building as well and his attention appeared to be directed to the unidentified employees at the front desk.
- At about 1:20, BINFORD approached the visitor with an unidentified employee standing in between them. It should be noted that as BINFORD approached the visitor, he was seen grabbing the waist area of his pants to adjust his pants. From my training and experience, I know this body language and action to be a pre assault/fight indicator.
- At about 1:22, BINFORD started to go after the visitor with the unidentified employee trying to stop him. BINFORD then threw a closed fist punch with his right hand at the visitor which connected. The visitor tried to duck with BINFORD throwing another punch with his left hand that connected on the visitor. The visitor tried to fight back and was pulled back by the unidentified employee who tried to break up the altercation. BINFORD had ended up on the ground, got back up on his feet and threw another punch at the visitor which connected. Two unidentified males and the unidentified employee were able to intervene and stop BINFORD from assaulting the visitor. BINFORD still struggled to break free from their hold to try to go after the visitor before stopping and walking away. The visitor was escorted outside by the unidentified males.
- At about 5:56, the visitor reentered the building.

On 05/25/2023, I (Sgt P. Lee) received what I believed to be some of the requested property or things listed in the signed search warrant from the City of St Paul HR via email. There was a total of 16 separate email attachments I received. In a preliminary review of the attachments related to the suspect and former City of St Paul employee's (Exavier Bindford) work file, I noted some of the following details. It should be noted the received document attachments were uploaded to the media vault. Please see the media vault for additional details.

Attachment one:

-St Paul Parks & Rec letter dated 05/01/2023 and addressed to Exavier Binford's Union Rep about Binford's grievance.

Attachment two:

-St Paul Parks & Rec letter dated 02/18/2020 to BINFORD to advise him that he was suspended five working days. The reason for the suspension stated on 12/03/2019 while working at the Arlington Hill Community Center, he became involved in a physical altercation with a participant in the front lobby, 'you threw punches at the participant and had to be restrained by Recreation staff.' Additionally, it was expected of him when returning from his suspension that he refrains from any physical altercations while on duty.

-Work Place Incident Investigation at Arlington Hills Community Center. Date of incident as 12/03/02019, date of investigation 01/29/2020. The complainant was Office Assistant Zachry Gilman and the respondents were Community Recreation Specialist Thao Vue and Community Rec Director Kate Ross. GILMAN submitted his resignation and one of his reasons included was the incident where BINFORD was involved in a physical altercation with a visitor. It was described as management attempted to 'sweep the incident under the rug.' The physical altercation involving BINFORD was not reported to higher up for more than a week.
