PIZZAGATE PART 6 - SEAMAN, CODES, GOLDWATER, 8CHAN, 4CHAN, 2CHAN

The Jewish journalist David Seaman is "the leading #pizzagate researcher".

David Seaman, like [ROGER STONE](#), is very Jewish.

David Seaman is pro-Israel and pro-Trump.

"Jewish journalist David Seaman is very wealthy ...

"He names Cronkite and Woodward and Bernstein as heroes of free speech from a glorious past.

"Cronkite? That Bohemian Grove pervert who was always in service to the banksters.

"Woodward and Bernstein? Those Jews who went after Nixon for his hatred of Jews and secret society elitists?"

David Seaman has promoted the above photo which pretends to show Obama at Comet Pizza.

In fact the photo shows Obama in the White House.

What about the emails leaked by Wikileaks and possibly altered by Wikileaks?

September 2, 2014: Susan Sandler to her friend John Podesta:

"The realtor found a handkerchief (I think it has a map that seems pizza-related.

"Is it yours [sic]? They can send it if you want."

The Sandlers and possibly the Podestas were looking for a house at Martha's Vineyard.

They visited several homes with a realtor agent.

Afterwards the realtor sent an email to Susan and Herbert Sandler that she had found a "square cloth handkerchief that was left on the kitchen island" in one of the houses and inquired if anyone in the group wanted it back.

She offered to send a batch of pillows as well, which may also have been left behind.

Surely this is innocent.

Pizzagate is a Jewish con-trick, designed to help Trump?

1. The PizzaGate people circulated a photo allegedly showing President Barack

Obama playing ping pong with a child inside Comet Ping Pong.

The photo was actually taken in the White House.[2]

Obama at the White House. "Dissecting the #PizzaGate Conspiracy Theories".

2. Theorists claimed that there was an underground network beneath Comet Ping Pong.

However, the restaurant actually has no basement, and the picture used to support this claim was taken at another facility.[2]

3. Theorists claimed to have a picture of restaurant owner Alefantis wearing a T-shirt endorsing pedophilia.

However, the image was of another person entirely, and the shirt, which read "J' ♥ L'Enfant," was actually a reference to the L'Enfant Cafe-Bar in DC, whose owner was pictured in the image, and which itself was named after [Pierre Charles L'Enfant](#), designer of much of the layout of Washington, DC.[2]

4. Theorists claimed John and Tony Podesta kidnapped Madeleine McCann using police sketches which were, in fact, two sketches of the same suspect taken from the descriptions of two eye witnesses.

Furthermore, the claim that the brothers were in Portugal at the time of the kidnapping was sourced only to the conspiracy website Victurus Libertas, notable for, among other things, suggesting that the Queen of England is a [reptilian alien](#). [2]

5. Additionally, no alleged victims have come forward, nor has any physical evidence been found.[62]

The above napkin shows how to get to the Pizza restaurant.

The people promoting Pizzagate suggest that the colours on the map relate to a handkerchief code used by certain gay people.

But, the wikipedia handkerchief code, used by the Pizzagate promoters, has been photoshopped so as to add the 'white' = 'pedo' category.

Pizzagate movement photoshopped in White

Color	Meaning
Black	S&M
Blue (Dark)	Anal sex
Blue (Light)	Oral sex
Brown	Scat
Green	Hustler/prostitution
Grey	Bondage
Orange	Anything goes
Purple	Piercing
Red	Fisting
Yellow	Watersports
White	Virginity / Pedo

"The photoshopper (Roger Stone or Seaman?) added a 'white' category to the homosexual underground handkerchief code (did Stone select this handkerchief code based on his own knowledge of this code, himself being involved in the homosexual underworld?)."

"The photoshopped graphic describes the category as 'pedo/virgin'."

"A simple online search of a more exhaustive homosexual handkerchief [xviii] code does indeed reveal a white category; however, it does not mean pedo or virgin."

Roger Stone concocted Pizzagate for Trump?

"4chan uses 'cheese pizza' as a sort of adaptive acronym for 'child porn'."

"Ironically, 4chan, a known pedophile hangout, was instrumental in spreading the Pizzagate theory."

"Another photographic piece of 'evidence' used by the theorists is a police sketching of the supposed Madeline McCann kidnapper."

"Even though the police sketching is two different renderings of one man, the Pizzagaters use it to prop up their theory that it's ... John and Tony Podesta."

Roger Stone concocted Pizzagate for Trump?

...

Jim Watkins runs 'The Goldwater', a pro-Trump site that supports the Pizzagate story.

Jim Watkins is a 52-year old U.S. Army veteran, whom some people suspect is working for the CIA.

...

Jim Cherney is Jim Watkins, who may or may not be Jewish.

Watkins made a lot of money from **"a pioneering Japanese porn website called *Asian Bikini Bar*."**

[Meet The Online Porn Pioneer Who Created A News Site For ...](#)

Kimiaki Yaegashi.

Jim Watkins likes Asian women.

The Goldwater

Jim Watkins owns **8chan** and **2chan**.

Watkins said he doesn't believe the Pizzagate pizzeria was actually a hotbed of child trafficking activity, but, he does believe that Democratic staffers used code words in emails to talk about child trafficking.

In a live chat about Pizzagate, Watkins joked: "It's OK to sleep with your cousin as long as she's over 18."

Watkins, on 8chan, posted photos of his family, but, he stopped posting after he said 8chan trolls took his photos and photoshopped them into things like 'Jim having sex with gay horses.'

...

Watkins says that 8chan had a Trump ad for most of the election.

Watkins says: "Our users are from Tennessee and Kentucky, Kansas, Montana, and places like that - they all voted for Trump.

"The largest board on 8channel was aggressively pushing Trump."

I can't quite put my finger on the kind of push back you are giving to this pizzagate issue. Since when does any 'conspiracy', even one disseminated by the compromised wikileaks, get so little credibility and then so emphatically denied and categorically dismissed? Especially when there is so much peripheral evidence that has that subtle implication that you, Aangirfan, are so fond of using. Your stance is perplexing.

Hardly perplexing Akhaldan. While I don't want to presume to be in a position to speak on behalf of Aangirfan, I can logically deduce that the 'girls' are simply calling a spade a spade. When there is so much blatant evidence of high-level child abuse that's repeatedly ignored, why does this contrived 'pizzagate' nonsense get so much attention? It's not like there's not ample proof of child abuse networks already - and clear links connecting Trump and his 'peeps' to it - yet this contrived crap makes it into MSN? Quite simply, if it looks like a psyop, swims like a psyop, and quacks like a psyop, then it's probably a (GOP) elephant!

You must have some background in the various chans mind-set to really grasp this 'online collaborative investigation'. This chan mind-set is aware of Hollywood deceptions and its various ongoing agendas. Moreover many channers got the info about Pedowood for years.

By provoking the many chans with allusions in posted images you can make thousand of channers to focus on specific accounts on various social sites.

I'm referring to some agency behind this operation here, because I can't think about any real group of child molesters that's posting comments on a toddler's image as ME WANT or crap like that.

There are many hundred of comments and many thousand of accounts on many social sites as instagram or tumblr. These are part of an operation by some agency with dedicated software tools that allow a single recruit in a Virginia cubicle to handle hundred of identities at the same time.

It's all a bad joke that incites a reaction, raises the awareness in a provoking way while leaving one astounded about what do to on a personal and on a collective scale.

Attention and WARNING to all readers:

This handle/user AkhaldanSolo is an outed and admitted user of sock puppet accounts on another CT forum (LOP). Sock puppetry is when a user uses different logins to create the appearance of support or multiple voices in a thread, when infact, it is all the same person. Classic Shill tactic.

This account used it and was outed doing so, to which he admitted it to be true upon confrontation. Since then, he has not posted under this handle at that forum again, and had the tread in which the evidence, reveal, and admission were posted, removed. It was an LOP thread:

Trumps Evangelical Adviser Paula White; Whore Of Babylon

He is at the least a dishonest, manipulating shill, and perhaps cointelpro or an 'agent' of some sort.

There is much research that shows that sexually suggestive images some of children along with pizza and other items is being used. This is either sick humour or possibly signalling preferences. There is circumstantial evidence that maybe a group of people and business many being pizza restraints are sharing in this culture. Culture being the word preferred. Evidence like the MOCO Gala's and there serving of cheese pizza slice , pasta and nuts. Indicating this is not new. Possibly a large elite network and there coded signalling has been discovered. I'm with a couple of the aboves: I remain unconvinced that pizzagate is wholly fake. I suspect that some part, or parts of it, may be bullshit but that's the nature of strawmen and poison-the-well isn't it? "See! This bit of it is bullshit, therefore it's all bullshit." That idiot gunman was, post-event, just what the death cult doctor ordered - an act that turned the conversation 180 degrees. So - we strike him off as fake.

But that aside, there's too many comments in amongst the pizzagate tweets etc that make no sense as, a) a normal conversation or, b) a wholly contrived piece of fakery, ie. they were too obscure and otherwise insufficiently obvious. For mine, the comments accorded with what we know of the soulless mindsets of the paedophocracy.

And then there's the latest 'goes around comets around' tweets from Hillary. If pizzagate had been wholly fake it already qualified as 'mission accomplished' with any further comments being perfectly superfluous, counterproductive even. And yet there they were crowing at those they'd despatched in their palace coup. Under the rubric of pizzagate as being true however, these comments make sense. They are exactly the sort of thing you'd expect from black-hearted scum who know they're untouchable.

No?

Hi Aang, I have a hot tip for all the Pizzagatecrashers out there I was hoping you could share - assuming they have any spare time after pursuing all those gay ping pong players.

Apparently, if you can manage to buy some Iraqi dinars from the White Hats you'll become a millionaire any day now, just as soon as Benny Fulford and Wilcox set the currency reset in motion. Although, that mightn't be all that worthwhile, as I've heard (just quietly) that all that looted Nazi and Japanese gold is about to be released via sovereign wealth funds to everyone on earth so we'll all be instantaneous millionaires anyway. Oh, and I heard the leprechauns have buried a pot of gold somewhere over the Rainbow, down a rabbit hole, right underneath the grassy knoll in Dealey Plaza. But that's all worth nought as the Ashtar Stargate command alliance lightworkers are about to release alien high technology that will free mankind and release the earth to a higher frequency so that we can hitch a ride on Hale Bopp comet (Fck me, there's that comet thing again ... there must be a link! Ping Pong anyone, or perhaps a slice of pizza?)

During the last days of the US elections some psychological operations are always engaged. There are clips of broadcasts where Joe Biden is asked by unknown journalists to cheer the National Pizza Day. Pizzagate started from anonymous info about Rachel Chandler and was then linked to the info about Epstein property in Little Saint James, U.S. Virgin Islands.

During the elections, most democrats were called out in this psychological operation, with tailored hints and images, as the one with Obama and Clinton holding a Mr. Potato figure.

There's a constant wave of alleged rings of criminal activities that post alluring images on many social sites.

This is some kind of disclosure: many people is faced with the doubt of some real criminal syndicate, while at the same time a helpless feeling arises.

The perfect mind manipulation through the rising dependency on social presence.
