

Q-870

Q-870² — October 13, 2022 — Mr. Kitchen (Souris—Moose Mountain) — With regard to reports that some files related to requests made under the Access to Information and Privacy Act (ATIP), which have received lengthy extensions and are not being worked on, broken down by government entity subject to the ATIP: (a) how many outstanding ATIP requests have received an extension in excess of five years; (b) for each request in (a), what are the details, including the (i) date received, (ii) length of extension, (iii) anticipated completion date, (iv) subject matter; and (c) for each request in (a), what specific work was conducted on the file, broken down by year since the request was received?

NAME OF THE ORGANIZATION: Privy Council Office

(a) how many outstanding ATIP requests have received an extension in excess of five years: 2

(b) for each request in (a), what are the details, including the				(c) for each request in (a), what specific work was conducted on the file, broken down by year since the request was received	
(i) date received	(ii) length of extension	(iii) anticipated completion date	(iv) subject matter	year	work conducted on the file
07-Feb-17	1825 days	2022	Wiretapping programs for national security purposes	2017	Searched through 1.6 million physical pages of information to identify relevant records. Records have been imported and indexed in our Case Management Software. Worked with the requester to clarify the specific information they are seeking. Responded to representations on a complaint, which has since been discontinued.
21-Apr-22	1826 days	2027	Huawei	2022	Approximately 60K pages of relevant records have been located, all of which have been imported and indexed in our Case Management Software. We have also provided the requester with an interim response.
