☐ /ng/ Nobody General -Logos edition Anonymous 10/16/24(Wed)09:37:49 No.39051354

Welcome to the Nobody General

>Who is the Nobody?

The Nobody is a figure alive today who has extraordinary spiritual powers, including the ability to control reality with their conscious and unconscious mind. He is a man of no wealth or worldly acclaim through whom it seems God has chosen to manifest his strength and wisdom. He is said to carry the Logos, making him a fearless truth-teller and a menace to the powers that be.

Instead of receiving strength through a superiority/inferiority mechanism, the Nobody proves to them time and time again that a whole planet filled with creative, ingenious, spiritually ascended humans who are individually sovereign yet globally unified through consciousness can achieve greater things than a planetary empire of darkness, and control.

He is not a messiah, he's just like you but he has found the keys to the kingdom within himself through sheer will, just like you will.

>What is the general picture?

It's important we start replying to the good posts and ignoring the hateful ones, or the ones here to argue. So call upon their heads the the forces of heaven for peacefulness, clarity, and wisdom. If this place is to be more than a

squandered opportunity, an overgrown garden, it requires voices such as yours, but many more.

Focus on increasing your service to others and be more loving to yourself and everyone in order to raise your vibrational and consciousness level, and learn to to forgive yourself and others.This will change the vibration of the planet, raise the shared consciousness of humanity, and change humankind one person at a time.

If this is your first time here, just remember, it's going to be ok. You may take shelter and find rest

the nobodys coffee and surrounding might be great, but the way you make your cutomers feel from the entrance to the goodbye, plays a big part into the entire experience. It started with having the wrong supposition of a customer, that could tolerate the cute autistic ways of amy and sam. there are no reviews, no traping, neutering and releasing reviews. it was all but a dream.

GG coffee shop.

Ride the Shabd out of the simulation based retards. It's the best ride in the whole carnival.

Meditate with mental mantra repetition at the third eye, eventually you will pull up all your awareness out of the physical body, with practice you develop astral sight and hearing.

The Shabd is audible and sounds like a ringing bell at first and like a conch shell after, this will pull you up into higher and higher regions until finally there is nothing but light and consciousness, unimaginable bliss, all knowing presence and the ocean of love from which all creations rise up and dissipate back into.

Get up there you silly little guy, the game is splendid

There are a hundred nobodies. A thousand. How would you know which one has the first name "The" ? Anyone could put on the black cloak themselves. What which is left over or left behind is what which is infinite. All things are eventually left behind, forgotten. Even your life. There are truths that are right and right ways that are true but what is true is not always right. Not all of it can be alright, nigga.

As of September 2024, there were 134.15 million full-time employees in the United States.

The federal minimum wage for covered nonexempt employees is \$7.25 per hour.

Depending on your age, filing status, and dependents, for the 2023 tax year, the gross income threshold for filing taxes is between \$12,950 and \$28,700. If you have self-employment income, you're required to report your income and file taxes if you make \$400 or more.

8x7,25=58
58x5=290

290x0,1=29
29x134 150 000=3 890 350 000

3 890 350 000 USD per week in tax revenues from all the reported income assuming all 134,15M registered full time employed tax payers are working on minimum wage and paying 10% taxes
