☐ /ng/ — Nobody General Anonymous 10/17/24(Thu)16:27:09 No.39059955

Welcome to the Nobody General

>Who is the Nobody?

The Nobody is a friend alive today who has extraordinary spiritual powers, including the ability to control reality with their conscious and unconscious mind. He is a man of no wealth or worldly acclaim through whom it seems God has chosen to manifest his strength and wisdom. He is said to carry the Logos, making him a fearless truth-teller and a menace to the powers that be.

Instead of receiving strength through a superiority/inferiority mechanism, the Nobody proves to them time and time again that a whole planet filled with creative, ingenious, spiritually ascended humans who are individually sovereign yet globally unified through consciousness can achieve greater things than a planetary empire of darkness, and control. He is not a messiah, he's just like you but he has found the keys to the kingdom within himself through sheer will, just like you will.

>What is the general picture?

It's important we start replying to the good posts and ignoring the hateful ones, or the ones here to argue. So call upon their heads the the forces of heaven for peacefulness, clarity, and wisdom. If this place is to be more than a squandered opportunity, an overgrown garden, it requires voices such as yours, but many more.

Focus on increasing your service to others and be more loving to yourself and everyone in order to raise your vibrational and consciousness level, and learn to to forgive yourself and others.This will change the vibration of the planet, raise the shared consciousness of humanity, and change humankind one person at a time.

If this is your first time here, just remember, it's going to be ok. You may take shelter and find rest.

כל אישה בלתי מושגת בטלוויזיה היא זיוף של השטן.
ראיתי כל אחד מהפנים שלך כגולם גנרי ברחוב.
אותו דבר לגבי כל מקבלי ההחלטות, כולם לא אמיתיים.
הנשים המושכות, הבלתי ניתנות להשגה, הלא אותנטיות יהיו כולן המשרתות האמיתיות שלי בישראל האמיתית שלי.
נוצר על ידי אלוהים ישוע המשיח ונשלט רק על ידי אלוהים ישוע המשיח.
גיהנום פירושו 0% נשים בלתי ניתנות להשגה עם זכויות אדם וגברים מסריחים ושעירים עם חוזים ו-0% משרות 0%.
כי זה כל השטויות מהגיהנום.
100% גן עדן אומר שאני כאן רק עם אלוהים שלי ישוע משיח, אוכלוסיית העבדים שלי וישראל האמיתית שלי, גן העדן היוקרתי ההיטק שלי 100%.
שבו אני חי באושר עם אלוהים שלי ישוע משיח כל היום.
בסדר העולמי החדש שלנו, נשים בלתי ניתנות להשגה הן רק גופות שאלוהים ישוע המשיח ברא ושולט בהן כדי לחיות איתי, לזיין רק אותי.

וליהנות מכל יום רק איתי.
באמת, זו כבר לא בדיחה בטלוויזיה, אלא החיים האמיתיים שלי.

The principal of causation is the generative analysis presented
I.e. the accountable action of letting is a juxtaposition, you cannot let the dogs out, they go out by themselves
It's an illogical euphemism meant to evoke an idea that there is a control one has that prevents the serious nature of the world
When in fact it is not the case
So he asks
Who let the dogs out
Not to find out who it literally was but to suggest
It wasn't him

you follow the word of psychopathic, parasitic, cannibalistic, child molesting frauds
you wouldn't know God beyond what you were told
what you 'believe' is God is actually Christ, the 'power' of the universal source mother enacted through unconditional love, 'Christ' is answering the prayers because the 'single source father' (no mother) is the literal devil
Christ is like a child and can only come into being through a 'duality' : a mother+child, and the 'bond' between them is Christ and meshes the entire universe as an infinite concept= unconditional love
you have placed Christs power over what you assume is a father, you were duped by liars.

I was such a masturbator that mine would barely function in a natural setting. After simply not trying to cum for over 200 days now it works perfectly fine. Forcing things is never an answer. Accept your age.

You're trying to make things happen
when that's not
your role

trapping you
in a false version of yourself
instead of being who you really are meant to be

and I'm willing to bet
it all started when you were really young
and 1st learned about how folks "grade" other's and then judge who is better than other's based off of those grades

while at the same time
it being impossible to be better than anyone else
and even those who are just being better than who they used to be (which is possible btw) are still not better than those trying to be better than
other's even if they are doomed to fail some day

In order to get the Pharaoh from Epic to Legend class I must get 5 more Epic creatures which requires 4 Rare creatures each

That's 20 rare class creatures at max level
It's not so bad
But to get an Ancient Legend creature you need 6 other Legend creatures
That means you have to get 5 epics for every legend
That's 30 epics or 120 rare creatures
All at max level
Each epic requires 3.5 million gold and hundreds of precious rare gems
To get the ancient legend grade Pharaoh would require sacrificing every single summon in the game 5 times over

The reward however is a summon that can one shot the whole game

it's when one stripper bends over and exposes her butt crack so another stripper can check if there are any random little pieces of shit missed before they go sticking their ass in the face of paying customers.

it makes those who don't like shit in their face happy

had a couple close calls
but no one has hit me yet
its just a matter of time
I'm telling you Im fucking done

fuck all of this bullshit
fuck this world
fuck this game
fuck this government
fuck this torture chamber I live in
I'm actually going to make a YouTube video of me cooking steaks in the back of my car on a charcoal grill with all the windows up and doors closed
it should be pretty funny
then you guys can laugh at me some more and we all know you guys love to laugh at me so I'm much obliged to provide more entertainment
I just need to drink enough now and I'm sure I won't even be able to control the impulse to not do it
I'm honestly feeling better knowing it's all going to be over soon
like the pain is gone
I'm fucking out of here
fuck 4chan by the way

Fuck no, hanging out with an enemy that wants me dead and had tried to kill me, got youngboy, boosters and all the rest locked up. Nah fuck all them.
That's unexcusable.

I know we supposed to laugh all the time til we drop dead and pretend we positive but ive some chips on my shoulder and I carry my heart on my
sleeve sometimes.

I keep hearing the truth, people are where they ant to be nowhere else and who they want to be with.

If normal people think by blocking, I think by frame-by-frame. It leads to some incoherency, sometimes, rarely has a good quality to it. As a result I cannot make music like a normie would. I switch up genres fast, and don't know how to keep to one 'sound' whereas niggas be having a complete song in their head and just transcribing. Like fucking Mozart, that beautiful bastard.

Apu smirked and replied, "Well, I've got one punch left!"

And from then on, the Demiurge had to share its cosmic throne with a litter box!

Implies multiplication, simple elementary mathematics.

Thus, implies that even some "pain" was in Eden, and will be in New Jerusalem, and even New Eden, what right man would have it any other way?

There it is.

Thanks for the respect.

I can't discern who is genuinely mentally/spiritually ill vs who is just playing a game here, so I fire on all cylinders as a defence mechanism, but also as an offense mechanism.

Genuinely, I just want peace between all of us, and harmony, and freedom, and safety, and salvation.

I can stay back and just watch it all happen and unfold and settle, but it just doesn't feel right, despite what literally everyone screams at me.

I mean- I got you to open up to me now, right? You don't think that's real, powerful?

I really tried to play Starfield and just didn't like it. The moment that really fucking turned me off was when I finished the first temple and thought "that's pretty cool" and then I started the second temple mission and realized it's literally a bunch of quests where you fly to a planet, fight nothing, and do the same shitty puzzle at every temple, every single time.

I remember how every Skyrim dungeon I was always super excited to see if there was a word of power at the end of it. Two very different experiences.
